Eleven Announce For Election

Glenda Holladay plays Mammy Yokum, Greg Reynolds is Pappy Yokum, and Gary Cox is Marryin' Sam in the CHS musical Lil Abner. The show is on stage tonight and Friday.

Eleven candidates have announced for state and county offices with five days remaining before the filing deadline.

The deadline for filing is 6 p.m. Feb. 7 with the Democratic or Republican county chairman.

Democrat Graham Purcell and Republican Bob Price have announced for the U.S. Representative seat.

State Representative Bryan Poff announced his candidacy for re-election Wednesday and is yet unopposed.

Incumbent Sheriff L.S. (Slim) Johnston has announced for reelection and is also unopposed.

Ronnie Posey, a Democrat and an Amarillo attorney, filed Monday for the office of tax assessor-collector. He will oppose Mrs. Audrey Bruse, a Republican, who has announced for re-election.

Four candidates have announced for the position of county commissioner, Precinct 3, being vacated by the retirement of Commissioner Glenn Dowlen.

The four candidates are Bob Henry, Raymond Batenhorst, Paul Lindsey and Charlie Donnell.

Commissioner Jim Fletcher has announced for re-election as commissioner in Precinct 1 and is so far unopposed.

Twenty-one precinct chairman for each political party will also be elected at the May 6 primary, according to County Clerk LeRoy Hutton.

The deadline for filing for places on the school board and the city commission is March 3 with the election being held the first Tuesday in April.

Mrs. Pauline Hefley and Dr. Dudley Moore have announced for seats on the school board. Dr. Moore is a candidate for re-election.

The term of Walter Graham on the school board expires this year but Graham has not announced for re-election.

Three terms expire on the city commission this year. They are the terms of Mayor J. Manly Bryan, Jim Christopher and H.R. Fulton. None of the incumbant candidates have announced for re-election.

Democrats Ralph Yarborough and Barefoot Sanders will oppose each other in the May 6 primary for U.S. Senator and the winner will run against incumbant senator John Tower, a Republican.

Li'l Abner On Stage

Dogpatch, U.S.A. defends its rights tonight and tomorrow on stage at the Canyon High School auditorium as the characters of "Li'l Abner" rolic through the musical production.

The hillbilly humor depicts the little village of Dogpatch, which has been declared the most unneccesary town in the country, fighting government to prohibit the town being used as a nuclear test site.

And Mammy Yokum is the only one who can find anything useful about Dogpatch, and that is her secret formula of Yokumberry tonic, which makes muscle men of weaklings.

The plot thickens as General Bullmoose, a sly and conniving politician, sets out to discredit Mammy's tonic.

The two-night performance of the show will begin at 8 p.m. and tickets sell at $1.50 for students and $2 for adults, and $2.50 for reserved seats.

A list of tunes to be sung tonight and Friday includes "Namely You", "If I Had my Druthers", "Jubilation T. Cornpone", and "The Country's In the Very Best of Hands."

Tom Jennings will direct the music, Charles Wright is the stage director, and Charlotte

(See Li'L, page 11)

Bryan Poff Announces

State Representative Bryan Poff announced his candidacy for reelection Wednesday pledging to fight higher taxes, welfare costs and to work for insurance and legislative reform.

Poff, 32, has served one term as state legislator and represents the new 65th district consisting of Carson, Randall and Potter Counties.

Poff is presently engaged in private law practice. Prior to entering private practice, Poff served on the staffs of the 47th District Attorney and the Potter County Attorney.

Poff stated Wednesday, "I have enjoyed serving the people of this area in Austin for the past year — We all know there is a lot to be done in Austin and if elected, I ~~will~~ continue to work for the best interest of all the people of our region."

BRYAN POFF

Poff said he would continue to vote against new taxes and to keep searching for ways to break the poverty cycle.

Poff said that even though the Attorney General has declared the Code of Ethics Bill passed by the legislature unconstitutional, that he planned to file a voluntary financial statement.

"I believe the voters have a right to know how I make my money. I feel that when you hold public office you give up certain rights of privacy and you become a public person."

"My pledge to the people of the 65th district is the same as it was two years ago — to give you a full day's work for a full day's pay, to give every side of every issue a full and fair hearing, to vote on each issue, to have the moral courage to stand up for what is right, and to always conduct myself in such a manner as to never embarrass you, my constituents, my family, or myself."

During his first term in the legislature, Poff served on the Governmental Affairs Committee, the Public Education Committee, the Highways and Roads Committee, the Motor Transportation Committee and the Committee on Judicial Districts.

Poff sponsored a successful floor amendment which limited welfare spending and helped to defeat the state Income Tax.

On the local level, Poff

Page One Musts. . .

Closed Session

Randall County commissioners held an executive session at 1 p.m. Monday to discuss county personnel, according to Judge Woody Pond.

The commissioners will hold their regular meeting Feb. 7.

Classifieds Pay

Canyon News does bring results through the classified ads, and one Canyon couple rave about it.

A house for rent was listed in one issue of the paper, and some 30 calls resulted, and the advertiser rented the house on the strength of the ad.

Chamber Drive

Chamber of Commerce collected $605 at the two basketball games last Thursday which was enough to pay off a $1500 loan for Christmas lights.

Members of the Womens Division of the chamber and chamber of commerce men played the Four Flusherettes and the Four Flushers from KGNC, and both Canyon teams won before a capacity crowd at the Canyon High School gym.

Chamber president David West said the money would be used for the lighting fund and any excess will be deposited into a savings account for future lights and replacements.

Heifer Wins

A heifer from the A.M. Warren Ranch in Canyon was named grand champion at the Panhandle Hereford Breeders Association sale held in Amarillo last week.

Miss Anxiety 802X was sold to Claude Fauver of Floydada for $400. The four females in the sale brought an average of $341.

Miss Anxiety 802X was owned and bred by Meredith Warren of Canyon.

The Warren Ranch showed a pen of five grand champion bulls at the Panhandle Hereford Breeders Sale in Amarillo at 1965 and three champions at the Top of Texas Sale in Pampa.

C-C Drive Underway

Chamber of Commerce membership drive gets underway today with a 7 a.m. breakfast in the community center.

Team captains and members will meet to kickoff the drive, which will last through Saturday.

Col. John Childs is drive chairman and captains include Benny Cooper, Joe Gidden, Eddie Knowles, Cary Magness and Ralph Mardis.

Goal for the drive is 80 new individual memberships and 40 new business members.

Childs said cost of individual memberships run $2 per month and business memberships are $5. The chamber presently has 160 members and hopes to add 120 more to the roles.

The chairman listed chamber benefits as industrial development, promotion of Canyon and West Texas State University, tourist development, legislative affairs and community awareness and growth.

"The Chamber of Commerce has played no small part in the fantastic growth of Canyon in the last 10 years," Childs declared. "And we urge everyone in Canyon to become a part of the organization in order to strengthen the city.""

Posey Seeks Tax Office In County

Ronnie Posey, an Amarillo attorney, has announced his candidacy for Randall County Tax Assessor-Collector.

Posey, who is in private practice, has three and one-half years experience in the accounting department of Santa Fe Railway.

A Randall County resident much of his life, Posey said he has had a chance to examine several years of facts and figures of the tax-assessor's office and he felt, "these figures clearly indicated a change is necessary."

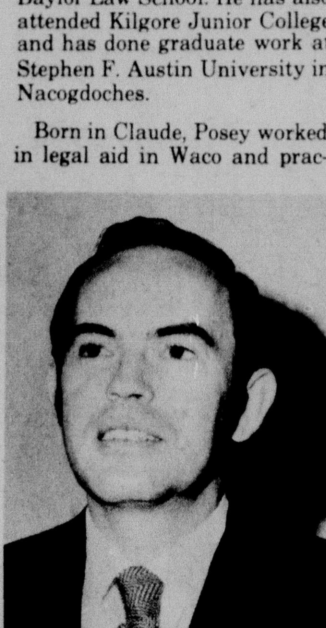
He attended Amarillo College and holds a Bachelor of Science degree from West Texas State and a Juris Doctor's degree from Baylor Law School. He has also attended Kilgore Junior College and has done graduate work at Stephen F. Austin University in Nacogdoches.

Born in Claude, Posey worked in legal aid in Waco and practiced law in Longview before returning to Randall County in July.

"I feel Randall County is not securing maximum benefits from increased tax revenues due to the present inefficiencies in that office. I feel that I can correct those inefficiencies because I have the necessary training and experience," stated Posey.

He is a life member of Alpha Kappa Psi business fraternity and Alpha Chi, national honor society. He was a scholarship recipient while attending Baylor Law School.

Posey and his wife, Tommie, who reside at 8530 Southwestern, are expecting a child in March. Until this semester she was a junior Biology major at West Texas State and was on the dean's honor list.



RONNIE POSEY

WT-ACLU Will Host Officers Of El Chicano

The West Texas State Chapter of the American Civil Liberties Union will host several officers of the El Chicano organization at their regular meeting today at 4 p.m.

Chicano problems in the Panhandle and across the state will be discussed at the meeting, according to Dr. Darrell Munsell, faculty advisor.

The officers will be here in conjunction with "El Chicano Week" to be held Feb. 21-25.

The meeting will be held in room 126 of the Activities Center on the WT campus.

City Dads Meet Tonight

City Commissioners will meet tonight at 7 o'clock in the community center to hold a public hearing on rezoning property in the 2400 block of 13th Ave.

The zoning request was recommended by the Planning and Zoning Commission and if passed it will change the present single family zone to two-family zone.

Commissioners will also hear preliminary engineering reports on the comprehensive study for the city now underway.

City dads will also discuss authorization of the 1972 paving program, and they will consider a recommendation by Planning and Zoning commission in reference to a special-use permit.

Bob Henry Competes For Commission Seat

Bob G. Henry, 35, has announced his candidacy for Commissioner of Precinct 3 in Randall County.

Henry, who has lived in the county for 23 years, said Wednesday he has been interested in county work for many years and is seeking an opportunity to serve the people of the county. The candidate has worked for the county parttime for 15 years.

He is a 1954 graduate of Happy High School and received a bachelor of science degree in geology from West Texas State University.

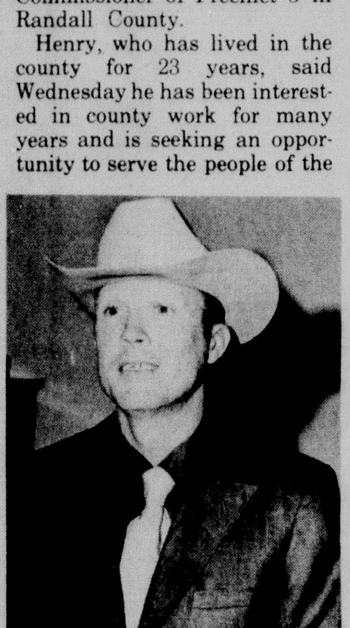
Henry, who is married and has no children, said he was primarily interested in the road maintenance in the county.

He is a farmer with land southeast of Canyon, and will continue his farming duties if elected.

His father, who died in 1971, had worked for Randall County for 20 years, serving as road foreman in precinct 3.

"I am familiar with the county and I am anxious to serve the people of precinct 3 and Randall County," Henry stressed. "I will do the best I can for the people and I will maintain an open mind on all issues."

Henry also noted that he would listen to each issue and use his judgement in making a decision.



BOB HENRY

PONDER THE EVIDENCE — Three Canyon High School Beauties who are entrants in the Miss Canyon contest, look over one of the many books in the Criminal District Attorney's library. The girls are, from left to right, Joy Williams, senior; Tracie Erwin, sophomore; and Rhonda Umberson, sophomore.

Girl Eagles Claw Hornets; Face Muleshoe Tomorrow

The Tulia girl cagers fell before a powerful Canyon Girl Eagle onslaught, 66-37, in a district tilt here Tuesday night.

Both Kris Tucker and Marilyn Read canned 20 points for the Girl Eagles. Ginger Curry also scored in the double column with 11. Kenda Hood scored six, Kim Killingsworth had five and Lynn Bowes made four.

Canyon jumped to an eight point, 17-9, lead in the first stanza, but had stretched that advantage to 21 by midway point, 37-16. The third quarter proved to be the best quarter for Tulia, but the frugal Girl Eagles allowed them only 13 points then.

"We looked pretty fair," said Eagle mentor Bob Schneider, "But the thing that dissapointed me was that we had 28 fouls. It turned out that it didn't matter, but it put them (Tulia) in a one and one situation early in the game. That is just way too many fouls," he lamented.

The Canyon girls connected on 50 per cent of their shots from the floor and 69 per cent from the charity line, while holding Tulia to a scant 15 per cent from the floor. "We were shooting pretty good, although our free shot (percentage) could be better," the Schneider sid.

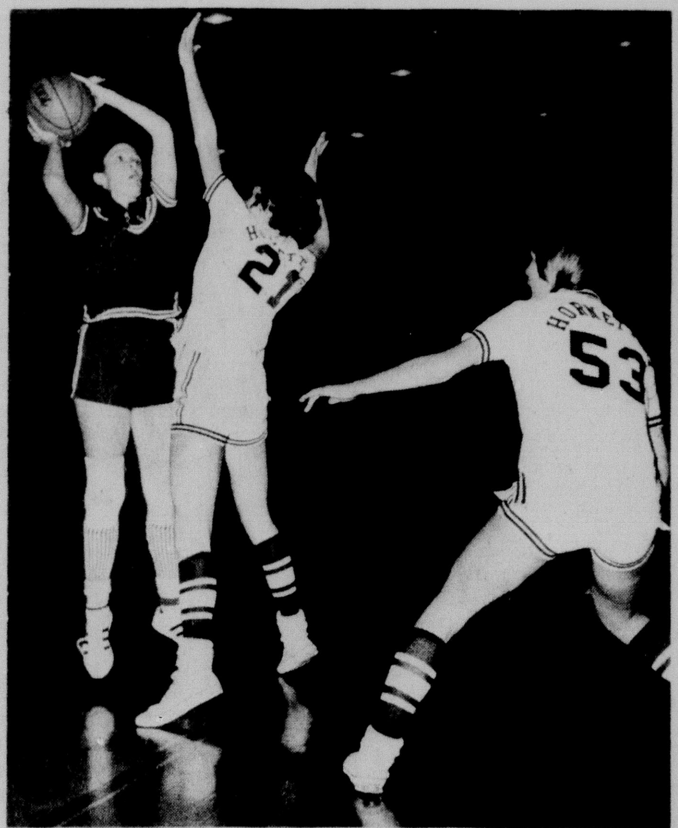
"I think we had 17 turnovers in the game, which isn't bad. A team is always going to have turnovers. We don't like to have but about 12, but we didn't do bad."

The Girl Eagles will meet Muleshoe Friday in their last regular game of the season carrying the best season standard, 25-3, they have had since Schneider has been in Canyon.

"It is kind of a do or die game for Muleshoe, but they are still very much in the district race," Schneider said.

The Muleshoe girls have beaten Tulia once and have lost to Canyon once, while Canyon has whipped Tulia twice. "I feel like they will pressure us on defense and probably in the backcourt. We really had our hands full for three quarters when we

(See GIRLS, page 11)



Canyon Girl Eagle Ginger Curry tries to loft the ball above the heads of two Tulia girls in a district match. The Girl Eagles won 66-37 and will play Muleshoe Friday.

1929 Graduates Where Are You?

Members of the 1929 graduating class from Canyon High School are being sought by a brother and sister who also were in that class.

Edgar and Margaret Laxson (now Mrs. O. S. Clark) have contacted Mrs. Clyde Warwick of Canyon in an effort to find addresses of the members of the 1929 class.

In a letter to Mrs. Warwick, Mrs. Clark said anyone who was in that class or anyone who knows some of those graduates should write down addresses and happenings since 1929.

A list of the 1929 seniors is as follows: Jake H. Harrison, J. Wallace Hastings, Harvey Moore, Elva Lee Bagley, Mary Lockwood Sternenberg, Ira Parker, Charles Donnell, John Hiram Platt, Lester O. White, W. D. Meadow, Lillian Earl Davis, Nannie Lee Neal, Mary Elizabeth Crosen, Hannah McCormick, Wayne Johnson (deceased), Lola Mae Doak, Willie Marsleet Brooks, Arline Wilson, Beulah Hardman, Keith Donnell, Lucy Ann Stewart, Glenyce Young, Gladys Young, Marjorie White (deceased) Helen Woods, Mary Alice Pearson, Valera Black, Area June Richardson, Flora Terry, Iona Pearl McClure, Christine Upchurch, De Ette Reid, Carrie Guthrie, Ethel Ruth Collins, D. Roy Parker, Harold Lowe, Ruth McGowan, Opal Ruth Shuman, Gladys Eugene Stewart, Ernest O'Donald, Howard A. Cox, Harriet Dickenson, George Murphy, Prentice Ballengee, Ernest Covington, Mary Helen Gill and Willie H. Brian.

Mrs. Clark's address is 4500 N. W. 34th, Okla. City, Okla., 73122, and Laxson's address is Box 417, Temple, Okla., 73568.

School Trustee

Election Called

BY BENNY TURNER

The Canyon School Board of Trustees amended a previous April 1 election order to include a third seat to fill the unexpired term of J.O. Parker, at their regular meeting Tuesday night.

A seat was left vacant by the recent death of Parker. One year remains on the original three year term. Candidates for that spot must specifically file for the one-year term, according to school officials.

The reelection will also include the seats currently held by Walter Graham and Dr. Dudley Moore, Both men's terms expire this year.

The board members observed a moment of silence at the beginning of the meeting in honor of Parker, who had served for 15 years on the Board of Trustees.

Mrs. Hazel Strickland, director of the Canyon School District Learning and/or Language Disabilities Program, and several members of her staff presented a program on the methods and the success of the L/LD Program.

She said that Canyon was one of 12 pilot schools in Texas to initiate the state funded project and that they were currently serving 560 Canyon students.

This is the second year of the three year program.

"The L/LD Program is for stu-

COVERING FUMBLES

by Dean Mitch Jones

We long for that day when the dictators of style decide that it is profitable to bring back nice roomy (even if baggy) trousers.

by Troy Martin

FROM THE CANYON RIM

The United States Post Office used to be a symbol of dependability.

You could mail large sums of cash and be relatively certain that it would wind up at its destination safely. Now it might be lost in the mail and never arrive.

Francis Shell mailed a check to The Canyon News last Saturday. So far it hasn't gotten to my office one door away from the pharmacy from which it was posted.

The same thing happened about a year ago. The check Shell sent was found in New Jersey at a mail bag repair depot.

Lack of dependability has grown to be about the only consistent thing about the post office these days. I'm not putting the blame on the local office. We have just about the same crew now that gave us such good service a few years back.

Shell's letter which hasn't arrived had to be sent to the Amarillo Distribution Center so it could be properly sorted and sent back to Canyon for eventual delivery in the same block from which it started.

We've also had trouble getting our newspaper to Happy, only 15 miles from here. At times it takes as much as four days to get there.

Within the next few weeks we hope to be taking the Amarillo and Happy bundles direct to the Amarillo and Happy post offices. I hope we will be able to bypass the Amarillo distribution center where there seems to be a concentrated and near consistent foul-up.

Poor quality service is having a marked effect on commerce which has depended on this hitherto almost infallible carrier to speed along communications.

The distribution center idea, advanced as a money-saving technique, obviously isn't working. The postal service in the past two or three years has become an employment pool where preferential treatment has been given hard core unemployed and minority groups sometimes not qualified for the jobs they hold.

This, coupled with the fact that the department is using fewer people and cutting down on overtime, puts an unbearable load on the old hands who know what they're doing. The career people to whom I've talked know better than anyone else that the efficiency and dependability of the department to which they have devoted their working lives is slipping and they despair of it.

***

Ceilings put on what federal candidates can spend on campaign advertising affects only broadcasting, telecasting and newspapers.

The bill was designed to help poor folks get an even break in running for office. Now if you are so poor you only have $8.5 million to spend on advertising you can still run for President on an equal footing because that's all your poor opponent will be allowed to spend.

***

People are concerned about the threat to local schools through federal court rulings. Courts in effect have ruled that the school money must be distributed for schools on a per student basis.

Since it was a federal court ruling we can assume that its effect will be felt nationwide and that the Canyon school district can spend no more per child than is spent in Brooklyn.

To enforce this ruling the state and federal governments must run our school systems. There will be no need for local school boards.

***

We've been getting all kinds of calls and letters about our bird population around the court house.

The latest came from Viola Gum of Houston, Mo., who enclosed an AP clipping warning that starlings sometimes carry diseases which can be fatal to humans.

Experts quoted say the birds can leave behind salmonella, a food poisoning, or histoplasmosis which produces symptons similar to tuberculosis.

Mrs. Gum remembers that her son, Royce, and Wilford Taylor III used to earn pocket money picking up dead birds that had been blasted out of trees around the court house here.

Mr. L.J. Roberts of 3606 Lipscomb in Amarillo called to tell me that a firm in Littlefield specializes in eradicating starlings. It might be a good idea for the commissioners court to inquire.

***

I'd like to see more letters to the editor, the more controversial the better. Sign your name and we'll print your letter. We do not ordinarily print unsigned letters.

Letters to the Editor

Dear Troy,

Have been reading of your troubles with starlings at courthouse, and this article was in last Sunday's Springfield, Mo. paper — so thought of Canyon.

We've been away from Canyon three years — and still I'm lonesome for it.

Just now I'm caring for a badly broken ankle joint that happened Dec. 24, but hope in a few months to walk again.

Best Wishes,
Viola Gum

I have to laugh about birds at courthouse, as 27 years ago our son, Royce and Milford Taylor III were paid one cent per bird to pick up dead birds after they blasted them out of trees around the courthouse.

Dear Mr. Martin:

When the Son of God walked the earth in human form, His friends said He went about doing good. Even wicked old Pilate said he found no fault in Him. However the self-righteous scribes and Pharisess denounced His every action. The modern variety does not seem to have changed much.

I have no doubt that you, Ann Brown, and Sam Allred are quite capable of defending yourselves. I'm sure, however, that you fine journalists are busy going about doing good, so please let an appreciative reader tell you to keep up your good work.

Sincerely,
Mrs. James Thomas

Home on the Strange

by Sam Allred

Have you ever stopped to think of the number of things that happen, toward the results of which you have no control? Little everyday things that threaten your sanity and make you know, deep inside, there has to be a better way to live.

Driving has become such a psychologically heavy experience it is a wonder everyone does not leave the driving to that corporate "us". You cannot drive across a parking lot anymore without becoming so distraught your blood pressure threatens to run rampant.

There will be screams and yells and ugly letters saying chauvanistic yo-yo, but facts are facts. Women behind the wheel of an automobile do less for mental health than every overbearing mother ever born. Follow a woman all the way across town and you will silently weep for the loss of the French Foreign Legion. They never allowed a women to drive the supply camel.

The blind faith — the utter disregard for statistics, probabilities or analytical curves — women drivers defy logic and cause faltering faith.

Every lady who has pulled blithely out into incoming traffic, calmly assured the entire world will stop and await her wishes, probably deserves the fantastic insurance premium she is bound to be given by her insurance company.

While we are on the subject of things that drive you up-the-wall, over which you have no control, let us discuss large corporations. Has anyone ever had a credit card bill match the number of charges, plus finance charges and assorted extra additions that credit cards collect? Of course not. Then you couldn't spend four hours during the first of the month, turning red and saying ugly words.

The theory in credit card offices has to be that no one reads their bills very carefully anyway, so the night watchman can run off the current watch while everyone splits for the early movie. That is why you can have current tickets totalling $52.90, a current bill for $364.00 and a threat of legal action if this past due amount isn't paid. The President of the United States could call on your behalf and swear you did not charge more than $52.90, and you would still receive threatening letters, until one day they mysteriously stop.

It is not enough to say that one day you can retire and quit work and settle down with your hobbies. There is going to have to be an ironclad, unbreakable, non-litigatable contract that says if you work all your life and never get busted and go to church regularly, then everyone is just going to ease up on you. Allow you to stagger through your day without the constant fear the tiny vein high on your forehead is going to pop. POP.

And when that happens, all those people who hacked you off for all those years, will be sorry. Sorry, sorry, sorry. They will just have to send your credit card bill to the lady who bashed into your front fender while your were parked in the middle of your lawn washing your car. Let's see those two fight it out.

—Our World—

BY ANN BROWN

The trouble with our world—and that includes our own beloved Country—is that man has forgotten God. God is love. But man no longer uses love to solve his problems; he uses force.

How tragic that even consecrated Christian parents spend so much time and money preparing their children for life in this world — which at best is brief — and invest so little in preparing them for eternity.

Having been taught — by implication at least — that the acquisition of gold is more important than obedience to God, children reflect this attitude all their lives.

When problems arise in the home, are they solved through love? The latest report is that 40 percent of Americans — the highest rate in the world — go to court and force a dissolution of the home instead of the problems.

When the trouble first arose in our schools because children were not permitted to attend school in their own neighborhoods, did we solve the problem through love?

Because the majority of Americans were not concerned for the welfare and happiness of a relatively few black and country children, they were forced to attend school many miles from their homes. Now millions of children, black and white, town and country are being shoved around and subjected to conditions hardly conducive to education.

Good parents do not resort to force to control and direct their children until all efforts through love have failed. Nations should do likewise.

No doubt God gave victory to the Allies during World War II because they surely tried every peaceful way to contain and control Hitler and his cohorts before declaring war.

Has our nation tried to eliminate its economic woes through obedience to the Word of God (love) or through man's concept of justice (force).

The Bible says every man to whom God has given riches and health has the divine right to enjoy them (Ecc. 5: 18-19). Does he have that right in the United States?

In practically every city in America, mansions are standing vacant and crumbling into decay while the owners nurse their ulcers. Why?

Ad valorem taxes are making it increasingly impractical to own property for personal use. And it is impossible to maintain a luxurious home without help.

Because the wages for domestic help cannot be taken off the employer's income tax, relatively few Americans can afford to hire the help they need.

The rich are forced to pay taxes to support the poor on welfare. This system deprives the wealthy of the chance to enjoy the wealth they have earned, and it deprives the poor of their identity and self respect.

God created man with varied abilities, and He looked upon His handiwork and said it was good.

A gardener can take as great pride and get as much joy — perhaps more — out of the beautiful garden he creates as a genius can from his inventions.

And a baker can be as justly proud of the good bread he bakes as a banker can of an efficiently operated bank.

Every government should allow its citizens the opportunity to serve to the limits of their capacities, and enjoy the fruit of their labors. This could be done through obedience to God (love). It cannot be done through froce.

Los Angeles Times Tells Of "Texas," Palo Duro

Palo Duro Canyon and "Texas" were the subjects of an item by Betty Martin in The Los Angeles Times for Jan. 23.

Miss Martin described the canyon as a secret 120 miles long and 20 miles across and said that experts have called it a combination of the Painted Desert and the Grand Canyon.

Mention is made of the award-winning outdoor drama by Paul Green and the park's recreation facilities including the miniature train ride, sky ride, horseback trips, and camping, and the souvenir and snack shop which retails material explaining the canyon's geological formations, historical background, and points of interest.

Miss Martin writes travel-related articles for the Times, which has a circulation of 1,246,870, according to Raymond Raillard, executive vice-president of the Texas Heritage Foundation, which produces "Texas."

2 Get Degrees From Texas Tech

Penny Warren Hart and Cherry McEntire Shaw were among the 888 students at Texas Tech University who received bachelor's degrees at the end of the fall term.

Mrs. Hart, the daughter of Mr. and Mrs. A.M. Warren, received a degree from the college of home economics. She specialized in home and family life.

Mrs. Shaw, who earned a degree in sociology, is the daughter of Jack Priddy, Rte. 2.

County Judge Attends Meet

Randall County Judge Woody Pond attended a planning session Friday in Austin for the Juvenile Judges Conference to be held April 25 through 28.

The conference, sponsored by the Criminal Justice council of the Panhandle Regional Planning Commission, will be held in Brownwood.

Judge Pond was appointed to the planning committee by the judges who attended the 1971 conference.

The planning committee was made up of six judges and one member of the Criminal Justice Council, C.L. Abernathy, former county judge of Hale County.

Judge Pond said that he planned to attend the April conference.

3 Indicted Monday On Theft Charges

Three Amarillo men were indicted by the Randall County grand jury Monday on charges of theft of a private residence at night.

Joe Don Webb, 21, of 1501 A Parker, Bruce Lynn Bullard, 19, of 1507 Travis, and Jim Don Williams, 21, of 1501 A Parker were charged with the Nov. 4 burglary of the residence of Lloyd Bergsma, executive director of the Texas Cattle Feeders Association.

Eighteen guns were taken in the burglary, according to District Attorney George Dowlen.

Detective Gary Richards of the Amarillo Police Department, acting on the tip of an informant apprehended Webb and Williams Saturday, Dowlen said.

The two men allegedly led police to where the guns were found, Dowlen said. Some of the guns were found at an Amarillo motel and two had been thrown over a bridge at Camp Don Harrington, Dowlen said.

Skin-diver Terry Funk found the two guns and two others are believed to be over the bridge, Dowlen said.

Bullard turned himself in to Amarillo police Sunday.

Williams, Webb and Bullard were arraigned before Justice of the Peace W.W. Hancock and bonds were set at $5,000 for each. Five other indictments were returned by the Grand Jury Monday.

John B. Green, 35, 2712 Highland in Amarillo, was indicted on passing a worthless check in the amount of $68. He was arrested Jan. 17.

Alfred Spears, 23 of Canyon, was indicted on a charge of fondling. Spears was arrested Jan. 11. He was arraigned by Justice of the Peace W.A. (Bill) Wilson and his bond was set at $10,000.

Prentice Noel Ellerd, 34, no address given, was indicted on a charge of assault with the intent to rob.

Stanley Keeling, 47, of Childress, was indicted on charges of forgery and passing a forged instrument. He was arrested Aug. 11.

WTSU Graduate With Army Corp

Larry Banks, a graduate of West Texas State University, is the only archaelogist working for the U.S. Army Corps of Engineers.

Banks is employed by the Tulsa district, covering all of Oklahoma, and some bordering parts of Kansas, Missouri, Arkansas, Texas, New Mexico and Colorado.

He is directly concerned with the interpretation and preservation of 70 historical sites in his district.

BSP Members Get Degrees

Charter members of Alpha Theta Delta chapter of Beta Sigma Phi received their Ritual of Jewels Degree in the home of Mrs. Herbert Kuhlman Jan. 24.

Mrs. Kuhlman and Mrs. Johnny Robinson conducted the ceremony.

Those who received the degree were Mesdames Kenneth Conway, James Hill, Ernie McCracken, Steve Hines, Henry Lewis, Mike Lewis, Eric Perkins, and Dick Scott.

March Of Dimes Collect $930

About $930 was collected for the March of Dimes during Canyon's Mothers March Monday, according to Mrs. Eddie Holcomb.

The Canyon Study Club and the Heritage Women's Club conducted the march. The money will be used for research, health education, and medical service for birth defects.

Last year, $828 was collected through the march. Mrs. Holcomb said Wednesday that she was pleased with the results of the march and would term it a success.

Any child born with a birth defect in Canyon is automatically eligible for treatment in one of the centers as a result of money collected in Canyon, Mrs. Holcomb said.

Cook Receives Scholarship

Jack Cook is among 1200 scholarship recipients for the 1971-72 school year at Abilene Christian College.

Cook, a 1970 graduate of Canyon High School, is a sophomore sociology major.

Mescalero Park News

Blue Birds, Camp Fire Girls Busy

BY TOOTIE BYBEE

A big "HELLO" from Mescalero Park! The news this week was gathered in somewhat of a hurry, "sandwiched" between this 'n that. Perhaps next week will produce better copy as it may be a little more organized. (HOPE).

OFTEN TIMES WHEN I get more organized it's worse!!! Anyway the Canyon News has taken on a much more interesting note with all these new columns from different areas. It is always nice to read about someone you know or even yourself! So, here's a little news from us to you:

The Blue Birds and Camp Fire Girls of Mescalero Park are always busy, busy, busy. The Blue Birds, under the leadership of Michael Whitehead and Barbara Moreland collected toys and took them to a family whose home had burned. They are real excited about their plans for a "Date with Dad" in February. Those sweet little Blue Birds are: Lori Lee Laird, Stormie Moreland, Kim Langford, Tracy Gillis, Michelle Whitehead and Lenise Bybee.

The Camp Fire Girls took some lovely children's books they had helped to collect to Neblett Hospital to be used in the children's ward. They crossed the street and took a quick tour of the Library. My that Canyon library is something. There were several kiddoes there getting their lessons. The Librarian told us a little about the history of the library and said at one time the books were kept in different homes.

We enjoyed the short visit and learned something too. It is really nice to have our own neighborhood library to study or just-to lose-your-self-in-a-book in. The girls then sped their way to Amarillo for a visit with an old friend Mr. R.N. Miller of the Golden Age Rest Home. We took him an Angel Food Cake and to be quite truthful helped him to eat it! These busy girls who do so much for others are: Traca Cooper, Glenna Evans, Cristie Jones, Kay Tow and Leslie Bybee. You must have guessed by now, I'm the lucky leader of this bunch.

While we are on the subject (of Camp Fire Girls) we all want to say a hearty "well done" to Karen Tow for winning second place in the Camp Fire Girls Candy Sell drive this year. She received a radio, and in the drawing she got a $3 certificate and inflatable pillow for her room. Her sister Dana, won first place last year and was given a TV for her efforts, the year before Leslie Bybee was high salesman. So, as you can see those Canyon girls get with that selling. It all goes back to the wonderful support of the Canyon people. We were so grateful to The First National Bank and West Texas State Bank for letting us sell in their foyers. A special big thanks to Judge Woody Pond for buying the first box and posing with the girls for the publicity picture. Thanks to all who purchased Camp Fire Candy.

It seems Mescalero Park is made up of winners! Want to send a happy congratulations along to pretty Miss Martha Johnson for being chosen the Golden Spread AQHA 1971 Senior All Round Youth Champion. That's a big honor not easily won, we are all proud of her. Miss Susan Ross was recently awarded her Youuth Champion Award by the AQHA.

She won this award with her horse Skip Miss Bar. She is the only one in the immediate Panhandle area to hold this award, the nearest one being in Midland. There are only about 13 award holders in the State. She had to earn 35 points at halter, performance and other areas to win. Another congrats to Susan. Her brother won all around showman at the stock show in Canyon. So, we really have a bunch of active youngsters here abouts. The stock show in Amarillo must have been a big success with all the awards the Canyon kiddoes brought home.

Blanche Hudson said it sure kept hubby Mike busy covering it for the Quarter Horse Journal where he is advertising coordinator. We're sure all glad the Hudson's moved into our little oasis when they came to Amarillo from Wyoming. Blanche is hard at work on her teaching degree from WT. This is her last semester and she will do her practice teaching at Palo Duro High in Amarillo in the business arts, typing, etc. I've never seen or heard tell of anyone who put a bulletin board together they way she does!!

Well, the bad weather caused the brave ladies of the Thursday Arts and Crafts Club to stay home by the fireside. We sure have a lot of fun when we get together. There is always a new recipe circulating among us. One that caught my fancy was given to us by Michal Whitehead, it's low-calorie dip, I just know you'll want to try it, so here 'tis: Put a small box of cottage cheese, 3 T. skim milk, and a package of your favorite dip mix, into the blender. Blend until smooth (which isn't too long, so watch it) and serve with carrot and celery sticks. Hope you enjoy it. This Thursday will find us all back together busy on a project of some kind and enjoying each other's company.

Want to send much happiness along to Jenny Sandlin who recently married Thomas Brewer, Kathy Savenko will marry David Vines of Hereford, February 11 in the Central Church of Christ in Hereford. Kathy will be honored with several showers in the near future. Hope she won't mind my sharing this little piece of info. It seems she and her Mom couldn't locate a Hoop Skirt to go under her Wedding dress. So, Mom just took a sheet and coat hangers and made one for it and no one can tell the difference. That is what I call thinking. Hope Kathy and David have all the best.

The Evans had a houseful of guests this week-end. Leroy's twin brothers Lloyd from Pampa and Floyd from Amarillo spent Saturday with them. It was a good time for Leroy to show off his pretty new yellow and white pick-up he had "picked-up" in Hobbs while seeing his mom and dad last week.

Don't know if you have noticed, but we sure have a lot of new houses going up all around us. The Wayne Steens are busy on a new one. Stopped and toured the "open house" on Mescalero Trail Sunday, real nice! One of the newer homes, and I might add, more unique looking, is the beautiful D.A. Malson home at the end of XIT Trail. The house was a family project and every nail, board, etc, was put in place by them. They used many "old found treasures" to really give it individuality. I can't wait to get a guided tour. Betty promised and I'm holding her to it. It is truly a home built with love and hard work.

Dana Tow won her first trophy on her "birthday bike" last week end. She placed 3rd in the Powder Puff run. Brother Mike didn't get a trophy this time as he hurt his leg warming up. Don't know where they are going to put any more trophies any way. But I do know not to take my VW to the river to watch them ride any more. It took 8 men to lift it out of the sand and set it on firmer ground. They keep telling me to get a motorcycle....

You know the first day of Spring is March 20, so that makes "Spring just around the corner." I didn't believe this until I saw Mr. and Mrs. Bedwell, last week, out cleaning up their garden spot and preparing for the new season. They are the precious couple who garden there just North of the Charlie Fowlkes home. With them around you can about throw away your Alamanac. Never know anyone to raise such an abundant garden.

Hope you have enjoyed your little visit with us. We invite you back here next week where you will hopefully find us. If any of my good friends and neighbors have any news, etc. that I have missed please, please call me, 622-1471. If I'm not home it is alright to give it to Sam but not to daughters 1 or 2 as they might misquote you, so leave your name and no. and I'll call you back.

One last word, and for me that's hard. To Sam Rogers: I've seen how hard you have been working. Those trees you put out are just lovely.

Church Groups Ski, Skate

A group of 32 from St. Ann's Catholic Church spent the weekend skiing southeast of Taos, N.M.

Twenty members of the junior high and high school Sunday School classes and 12 adults made the trip.

On Jan. 22, about 30 junior high students from St. Ann's and from First United Methodist Church went skating and ate pizza in Amarillo.

Here is a great idea: Turn idle items into cash with a low cost want ad. Call 655-2141.

Richmond Hales

Out Standing In His Field

by "Shug" Bonds

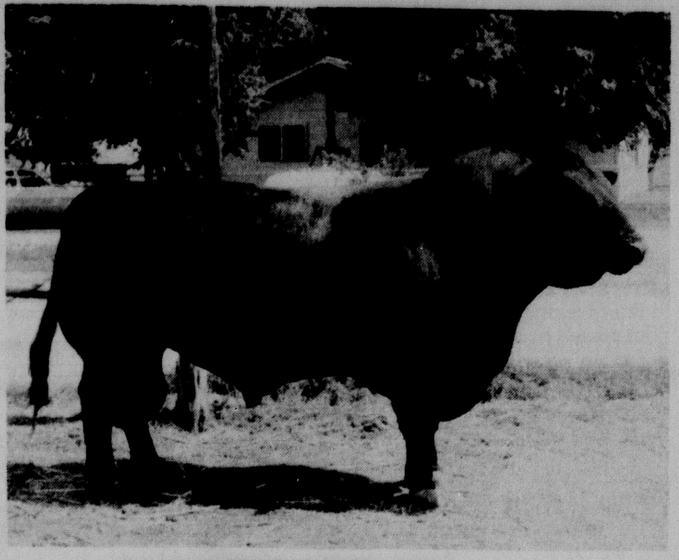
Howdy! This is the beginning of a series of articles concerning a rare breed of men, the American Farmer. These are men who are not concerned with a 40 hour week or two week vacations, but risk all of their resources and knowledge against the ever changing elements in order to make a living. Now don't misunderstand me, these fellows aren't the dumb overalled farm boys as some people would lead us to believe. In the day of specialization, the American Farmer is a professional dealing in one or two specialized areas of agriculture.

It is my goal to present a wide variety of agri-businessmen specialized in crop production, beef cattle, dairy cattle, swine, and other closely related fields. This week I visited with Richmond Hales.

Richmond Hales was born in 1926, six miles south of Amarillo. He was one of the 10 children of Mr. and Mrs. H.B. Hales. At the present Mr. Hales, who is very active at the age of 78, resides at 2810 Parker St. in Amarillo . Richmond has 3 brothers and 3 sisters; Joe of Claude, Lewis of Amarillo, Jones of Canyon, Mrs. Jane Daniel of Amarillo, Mrs. Ruby Cunningham of Omaha, Neb., and Mrs. Elizabeth Gordon of Bartlesville, Okla.

Richmond attended Canyon schools and graduated from West Texas High School in 1946. He attended RESICH AMERICAN SCHOOL OF AUCTIONEERING in Mason City, Iowa which he completed in 1948. From 1948-1953 Richmond's primary business was holding auction sales.

In 1953 Hales went into the dairy business and dairied until April, 1962. During this time he exhibited many prize winning registered Holsteins, and sold many of that breed's outstanding individuals. Over the years he maintained an average size herd of about 50 registered cows.



KENMORE MARSHALL

In February, 1962 Richmond began breeding registered Angus cattle; which he is presently doing along with his other farming interest. The majority of the foundation females came from the Horton & Bell herds in Merryville, Mo. His first herd sire came from Missouri and was used in the breeding program until 1968, many of his daughters are in the present herd. Presently the herd consists of 145 mother cows. From these cows the top 50 bulls and the top 35 heifers are offered for sale to the public in an annual production sale held the 2nd Thursday in November. Animals from these sales have been readily accepted locally as well as all through the southwest. At the first sale the bulls averaged $400 and the bull average was up to $750 in the recent 5th sale. This in itself shows the rapid improvement made in the Hales herd. Two of the reasons for the improvement in the cattle are the utilization of modern technical data gathering equipment and a herd bull named Kenmore Marshall A.

The Hales realized that their customers were more interested in rugged, good quality bulls backed up by top performance figures rather than in showing champions. About three years ago the Hales stopped exhibiting their cattle, although they were doing quite well, and devoted full time to the performance data that their customers desired. This herd has the distinction of being the first Angus herd in the state to use the Scan-O-Gram services of the Iowa based, International Livestock Improvement Services Corp. This makes it possible for them to give a customer the approximate amount of fat thickness and muscle area in the animal as well as the weaning weight, yearling weight, and the average weight gain per day.

The big improvement in the data information was due to the bull, Kenmore Marshall A. This bull was bred by Kenneth More, Roxbury, Kansas; who is currently to be recognized as a Certified Meat Sire. To obtain this rating at least ten off-spring must be slaughtered and meet a set of above average carcass requirements. This bull has the distinction of being one of ten bulls in the history of the Angus breed to have all carcasses slaughtered meet these requirements. Kenmore Marshall A sired the grand champion steers at the last two Randall County Jr. Livestock Shows, and he sired the champion carcasses at the 1970 High Plains Fed Beef Carcass Show. This bull will be eleven years old in March and weighs about 2260 lbs. Richmond says that about 2500 lbs. is about as big any Angus has ever grown to be.

Richmond operates a 660 acre irrigated farm south west of Happy where he raises wheat, milo, and haygrazer. He also pastures about 320 acres of grass located near Dimmit and at their home farm south of Canyon. Just to make sure that he stays busy Hales is the DeKalb seed dealer for a portion of Randall County.

Richmond and Mary Jo Tomlinson were married on August 18, 1950. Mrs. Hales is the daughter of Mr. and Mrs. Floyd Tomlinson of 2501 5th Avenue, Canyon. She has two sisters; Mrs. Norma Jean Williams of Abilene, and Mrs. Nancy Kay Wilkinson of Canyon.

The Hales have three children; Rick, Rhonda, and Rod. Rick was active in football and was President of the F.F.A. while he attended Canyon High School. He is now an animal science major at Abilene Christian College. Rhonda is a junior at CHS and is active in the T-Anchor 4-H club. She recently exhibited the Champion steer at the county stock show. Rod is a freshman at CHS where he is totally involved in all phases of the Future Farmers organization. Rod is interested in steers, cow-calf, and swine projects.

The Hales family are members of the Central Church of Christ where he serves as a deacon and she teaches in the vacation church school program.

RICHMOND HALES

Mr. Hales is currently president of the West Texas Angus Breeders Assn. and he is a director in the Texas Angus Breeders Assn. He is a member of the Texas Southwestern Cattle raisers Assn. of Ft. Worth and the Randall County Jr. Livestock Assn. where he has held the office of president, general superintendent and auctioneer since 1949. Richmond said that the first year that this show held a sale he conducted that sale and helped do so for several years.

I have noticed in the Homemaker of The Week column the person being interviewed gives a favorite recipe, so I decided to ask for a favorite feed ration or helpful hint. Richmond's only comment was, "For best results in the beef cattle business use a black bull in your present cow herd."

Mary Jo is very active in the University Study Club and the AUW Arts and Crafts group. Along with taking care of her three children she stays very busy teaching tole painting classes.

Involvement To Be Topic

A gathering at First United Methodist Church will discuss ways for the church to involve more members in its program and how members, in turn, can take a more active role in solving the problems facing society Sunday evening in the Methodist Student Center, 107 26th St.

The group will meet for worship in the center's chapel at 7 p.m.

A panel presentation and discussion in the Great Hall will follow. David Kent is to be panel leader. Panel members are Karen Petitt, Mike Downing, Susan Bewley, Jaycene Bellah, Mack Bush, Don Sheffy, Mrs. Janice Cranmer, and Mrs. Jo Jackson. Mrs. Betty Holcomb is to moderate.

A committee from the student center, Miss Bellah, and Curtis Cadenhead are planning the worship and music for the evening.

Happy Sponsors VB Tournament

An invitational volleyball tournament will be held Feb. 17-19 at Happy High School, according to Coach Leslie Lee.

The three day tournament will be open to any adult teams, men and women, and entry fee is $7.50 per team.

Lee said the tournaments will begin around 6 p.m. each evening, and 12 to 16 teams are expected to enter.

Prospective teams may contact Lee at Happy High School or call 749-3931, or Bob Hargrave at 749-4581.

House Damaged In Fire Sunday

A house at 1808 Fifth Ave. in Canyon received heavy damage Sunday evening when fire swept through the structure.

Canyon fire officials said John Bewley was in the house at the time of the blaze, which apparently began in the bathroom, and Bewley received minor injuries to his hands but was not hospitalized.

Firemen said the call came in around 6:30 p.m. and they fought the blaze for about 15 minutes before bringing in under control.

News Brief

Robert Courtney Olsen has been named an Engineer Fellow at the University of Texas for outstanding scholastic performance last semester.

Olsen was ranked in the top five percent of his classes to gain the honor, and was one of 100 students to be tapped for the honor.

Palisades Palaver

Fire Destroys Home

BY VICKI HOOKER

Tragedy stuck last Saturday night in the Palisades as fire destroyed the home of Mr. and Mrs. Robert Dustman. The once-lovely red brick home, valued at some $40,000, caught fire sometime around 10:00 p.m. Neighbors rushed to the site, hoping to contain the fire until the Canyon Fire Department could get there. But unfortunately, the flames were already too high and the heat too intense for anyone to try and save any of the family's belongings. So the men who had come to help grabbed rakes, shovels, brooms — anything that was available and kept the flames from spreading across the lawn and down to the creek area. The rest of the onlookers watched sadly as fire and smoke billowed from the front of the house.

By the time the Canyon Fire Department reached the scene about 10:30 the flames were leaping and scorching the tops of the trees around the house. By midnight the fire fighters had the blaze under dontrol, but the smoke could still be seen for a distance of about 3 miles. The crowd began to thin out as the wind increased and the temperature had dropped enough to turn the water on the fire fighters' coats to ice. Some of the women rushed home to make coffee and sandwiches for those who stayed all night to keep the fire under control. We all say "hats off" to those Canyon firemen. They have always done their very best for us in times of emergencies, and this time was no exception. We certainly appreciate all their efforts.

Fortunately, no one was injured in the blaze. The Dustman family escaped to safety in a nearby neighbor's home. At present Robert and Roma and five of their six children are staying the home of Mr. and Mrs. Jimmie Oglesby in the Palisades. The house had previously been for sale, but the Oglesby's are letting the Dustman's stay there until their home can be rebuilt. Their plans are to rebuild where the other house stood, and with lots of help we know they will find the strength and perseverance it will take to start anew. Palisades residents have already begun donating clothes, linens, dishes, furniture, and anything they could spare to help ease the pain of thistragic event. And when construction begins on the Dustman's new home, all of us who are available will be there with our hammers and elbow grease to do whatever we can. This is what makes our little community a strong one. We are all for one and one for all.

We extend a warm welcome to J.R. and Wanda Johnson and daughter Ann who recently moved here from McCormick Road. J.R. is a trainman for Santa Fe and belongs to the United Trainmen's Union, Wanda is a member of the union's auxiliary, the Mended Hearts, an organization for those who have had open heart surgery, and the Temple Baptist Church of Amarillo. The family is in the process of becoming members of the Panhandle Boat and Ski Club.

Ann, 19, is currently attending Amarillo College where she is studying to be a nurse. She plans to be married to Sam Richard of Canyon on August 5.

The Johnson s have a lovely double-wide modular home and Wanda says the family is really enjoying the Canyon. She still has some reservations about our "wildlife," but if I were her, I'd be more cautious about those two-legged varmits on wheels that rattle one's windows and teeth as they pass than those varmits which crawl quietly across the ground!

We are always glad to have newcomers to the canyon, but we hate to see older residents move, too. Last weekend the Richard Jackson s moved to Lubbock. Richard will be doing construction work there for Page-Wirt Construction Company on an eight-story addition to the Methodist Hospital. His son, Ricky, who is an apprentice carpenter, will join him and Mrs. Jackson there after he finishes a construction job in Hereford. Daughter, Sherri will be staying with her grandparents in the Palisades, Mr. and Mrs. Earnest Jones, until school is out. She'll then join the family in Lubbock.

The Robert Jackson s will also be moving to Lubbock after Robert finishes a construction job in Texacola. Both families will be back in the Palisades after the addition to the hospital is completed, probably in 2½ years. However, Ricky doesn't plan to wait that long. He'll be back on weekends to ride his bike! By the way Ricky, is your razor dull?

Mr. and Mrs. D.L. Brackeen have a guest in their house this week. She is D.L.'s mother, Gladys from Wichita Falls. The Brackeen s also entertained some other guests outside their house last weekend when they took care of Dora Waldrop's horses while she was away.

Dora, her sister Jewel Davidson from Englewood, California, and Barbara Rhoads of Amarillo joined other relatives this past weekend in Nocona, Texas at a birthday party for Dora's aunt, Alice Morris. Mrs. Morris is 98 years old, and according to Dora, she still does her own housework and occasionally stays alone. She's very active, and at the party she danced a jig and sang "Little Brown Jug" for everyone.

Joe Moss and Jamie Walker traveled to Taos over the weekend to do some skiing. Joe's brother, Jack Wayne Moss and wife Sally, took the boys. They stayed with friends in Taos while the boys stayed in the Adobe Walls Motel there. Sunday they traveled to Angel Fire for more skiing and returned home Sunday about midnight. Joe said the slopes were cold, windy, and icy, but it didn't really bother him until he had to sit in the snow and patch a broken ski! And Jamie didn't run into any telephone poles while he was gone! Congratulations!

Mr. and Mrs. J.R. Horne took Randy Carthel of Palisades and Mike Terry of Amarillo to Houston Friday and returned Monday night. What was going on in Houston? J.R. is a distributor for Penton Central, a motorcycle company. Both Randy and Mike work for him, so he and his wife took them to see the sports show and national ½ mile indoor races in the Astrodome. Also, J.R. had a booth in the show. There were 38,000 people on hand for the races Friday and Saturday night.

On the way home they stopped to spend the night with J.R.'s sister and her husband, the R.T.Normands in Belton.

Oh Yes! Happy anniversary to Buster and Marcella Carlile who have been married 21 years today. And "happy belated birthday" to our president, Bob Walker, who spent his birthday on the 24th fretting about that silly putty he poured — or was that concrete?

District Clerk LaQuita Polvadore is the official custodian of all the records in the two district courts in Canyon. She is in charge of all felony criminal cases, civil cases and tax suits filed in 181st or 47th district court.

Attendant Credited With Quick Action

The quick action of a filling station attendant led Canyon police officers to recovery of stolen credit cards from across the state.

Richard Kirkland, attendant at the Palo Duro Phillips 66 station, alerted police around 7:40 p.m. Saturday when he became suspicious of two men who were getting a car serviced.

Officers said Kirkland called police after the two became nervous when they saw an officer give a ticket near the station.

Kirkland also told officers the men could not pay for a new fan belt and offered to trade other merchandise for the belt.

When Canyon police arrived at the station the two men had escaped on foot, and an all night search by Sheriff deputies, West Texas State University security officers and highway department officer produced no clues as the whereabouts of the suspects.

Police Chief Al Stewart said credit cards, most of them from the Houston area, and a resume and picture of the owner of the car were found in the car.

Investigation of the incident is still underway, according to Stewart.

Sharon Triplett Named Baylor Beauty At Waco

Miss Sharon Triplett, the daughter of Mr. and Mrs. T.T. Triplett, was one of eight Baylor Beauties named Saturday evening on the campus in Waco.

MISS TRIPLET

The announcement was made during a concert by Rare Earth, a music group performing jazz, rock, and blues.

Afterward, the Beauties were honored at a candlelight affair sponsored by Athenaeum, a women's social club. Miss Vonda Kay Van Dyke, Miss America for 1965, entertained. She was one of three judges who evaluated the finalists during a style show and personal interviews.

The eight will be featured in the university's yearbook.

Miss Triplett, 20, is blonde-and hazel-eyed. She stands 5 feet six.

A 1970 graduate of Canyon High School, she is a sophomore at Baylor.

You can sell most anything with a want ad. Call 655-2141.

County Teen-Agers Called For Jury Service In 1971

BY ELAINE PEEPLES

Eighteen, nineteen and twenty year olds served on criminal juries in Randall County for the first time last year.

District Clerk LaQuitta Polvadore said the two district judges have interpreted the law to mean that eighteen year olds can serve on criminal juries.

The law sets 21 as the minimum age for service on a civil jury but no age limit is set on criminal jury service.

The names placed in the jury wheel are taken from the list of registered voters, Mrs. Polvadore said.

"We are trying 18 year olds so I feel they have a right to be tried by their peers," she said.

She said there were not a big percentage of registered voters under 21 last year but that she expected more this year.

Mrs. Polvadore said that the cards of the 18, 19, and 20 year olds were marked and were not used for civil cases but they were used for criminal cases.

Filling and maintaining the jury wheel is one of the duties of the district clerk. Between July 1 and August 15, the names of registered voters are placed in the wheel and a jury list is drawn for each week of court.

Once the week is completed, the names of those who actually served on the jury and those with legal exemptions are placed in a sealed envelope.

The names may be replaced in the jury wheel but in Randall County the names are placed in a stub box to be returned to the wheel should the wheel ever be depleted.

Mrs. Polvadore said that the two judges feel that if someone has reported once a year then they shouldn't have to report again until the new jury wheel is made up.

Another duty of the district clerk's office, is recording child support payments as the result of a divorce action.

Last year, just under half million dollars went through the district clerk's office, Mrs. Polvadore said.

The largest single day for child support last year was $7,500 but rarely was there a day when less than $1,000 was collected, Mrs. Polvadore said.

Some of the divorces which resulted in child support payments were decreed in the 1950's, she said.

She also cautioned fathers to make child support payments through the court because there is no other way for the court to have a record of the payments in the case of a contempt action.

"The men make a mistake in paying directly to the recipient," she said.

The clerk's office also maintains and services trust accounts. Most of the accounts involve minors who through some kind of court action have been awarded money, Mrs. Polvadore said.

The money may be awarded as the result of an accident where the child suffered personal injury or to a child as an heir of deceased parents, as two examples, she said.

Most judges order the clerk to deposit the money in a saving and loan association so that it will accrue interest until the child is of age, she said.

The money is deposited under the child's name with the provision that the funds may not be withdrawn without an order of the court.

The clerk's office also is in charge of trust monies received as the result of a tax sale. If the property is sold in excess of the amount of taxes against it, a trust will be set up.

In most cases the owners cannot be located or are deceased and the heirs cannot be located. The money is held in trust for seven years and then is subject to escheat by the state.

The duties of the district clerk are primarily the custodian of records of the district courts, Mrs. Polvadore said.

Nearly half of the civil work in the clerk's office last year was divorces. Of a total of 943 civil cases filed last year, 407 were divorces, Mrs. Polvadore said.

A second district court was formed here in October of 1969. Mrs. Polvadore said that on Jan. 1, 1970, 516 cases were pending on the docket, on Jan. 1, 1971, 517 cases were pending and on Jan. 1, 1972, 518 cases were pending.

"This pretty well shows that we needed the second district court," Mrs. Polvadore said, "because we are maintaining our docket."

Randall County does not have a back-log of cases, she said. There are 18 cases out of 518 on the docket that are more than two years old and many, many courts in the state have cases pending that are five years old, she said.

Mrs. Polvadore has been district clerk since June, 1, 1970. Prior to becoming district clerk she worked in the district attorney's office in Amarillo and for the U.S. Attorney in Anchorage, Alsaka.

Mrs. Polvadore said that when she began work for the U.S. attorney, the transition of changing Alaska from a territory to a state had not been completed.

"The U.S. Attorney handled everything from drunk in public on up then," she said. She was still working for the attorney when the records were transferred to the state.

Mrs. Polvadore and her husband, Kenneth have two children, Teresa, 8, and Brett, 3.

Cleta Names Committees

Billy Earl Dugan was nominated to serve as vice-president and Mrs. R.B. Gist, Jr., as adult leader at a recent meeting of the Cleta 4-H Club in the Bill Dugan home.

The nominations were made to fill vancancies left by the resignation of Chris Wilkinson as vice-president and Mrs. Nancy Wilkinson as leader.

New committees were appointed for 1972.

Billy Earl Dugan is chairman of the program committee. Randy Dugan and Cindy Kay Dugan will serve with him.

Chairman of the finance committe is David Hinders. Sharon Hinders and Rerry Reynolds will work with him.

Ricky Dugan will serve as chairman of the recreation committee and will be assisted by Robert Gist.

Cindy Kay Dugan was accepted as a new club member.

The members voted to go skiing in March.

Others present for the meeting were Gary Reynolds, Mr. and Mrs. Earl Reynolds, R.B. Gist Jr., Mrs. Louis Hinders, and Mr. and Mrs. Bill Dugan.

Hearing Cancelled On Savings Hearing

A hearing on the Panhandle Savings and Loan Application for a branch office in Canyon was cancelled this week because no opposition was registered with the State Department of Banking.

Jack Huddleston, president, said the hearing was set for today, but since no opposition was voiced the hearing will not be heard. Huddleston said he expects a ruling soon from the state commissioner of banking on the application.

A location has not been determined for the office, but the president said about three people will be hired for the local branch.

30 To Ski At Red River

A skiing trip planned by First Christian Church for Feb. 11-13 will probably include about 30 travellers, according to Ken Kendrick.

Kendrick said that the group will ski in the Red River area if the snow is good that weekend. Otherwise, they will plan to ski at Taos.

Skiers will leave Canyon on the afternoon of Feb. 11 and return on Feb. 13.

SHERIFF'S SALE
STATE OF TEXAS
COUNTY OF RANDALL

By virtue of an ORDER OF SALE issued out of the Honorable 47th District Court of Randall County, on the 14th day of January, A.D., 1972, by the Clerk thereof, in the case of the City of Amarillo et al versus E.E. Burnett, if living, or in the event he is deceased, then the heirs and legal representatives and the unknown heirs and legal representatives of E.E. Burnett, deceased; H.G. Scally, if living, or in the event he is deceased, then the heirs and legal representatives and the unknown heirs and legal representatives of H.G. Scally, deceased; the City of Amarillo, a municipal corporation which may be served with process by serving L. Ray Vahue, the Mayor thereof No. 676-T, and to me, as Sheriff directed and delivered, I will proceed to sell, within the hours prescribed by law for Sheriff's Sales, on the FIRST TUESDAY in March, A.D., 1972, it being the 7th day of said month before the Courthouse door of said Randall County, in the City of Canyon, Texas, the following described property, to-wit:

All that certain Lot 4, Block G, Broadmoor Addition to the City of Amarillo, Randall County, Texas, as shown on the map thereof.

Levied on this 19th day of January, 1972, as the property of E. E. Burnett, if living, or in the event he is deceased, then the heirs and legal representatives and the unknown heirs and legal representatives of E. E. Burnett, deceased; H. G. Scally, if living, or in the event he is deceased, then the heirs and legal representatives and the unknown heirs and legal representatives of H. G. Scally, deceased; the City of Amarillo, a municipal corporation which may be served with process by serving L. Ray Vahue, the Mayor thereof to satisfy a Judgment amounting to $199.58 with interest from the 6th day of December, 1971 at 6 (%) per cent per annum and all cost of suit, in favor of City of Amarillo, et al.

GIVEN UNDER MY HAND, This 19th day of January, A. D., 1972.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO:SAMUEL DAVID HODGES, the father of Michael David Hodges, a minor child Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, at 9:00 o'clock A. M., on the 21st day of March, 1972, to show cause, if any, why the above named child, MICHAEL DAVID HODGES, should not be declared by said court to be a "dependent" and "neglected" child, as requested in the petition in this cause, numbered 11596-A on the docket of this court and styled IN THE MATTER OF MICHAEL DAVID HODGES, A MINOR, filed in this court on the 30th day of December, 1971.

A brief statement of the nature of this suit is as follows, to-wit: A suit to have Michael David Hodges, a minor child, declared a "dependent" and "neglected" child, as is more fully shown by Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 5th day of January, 1972.

Attest: Laquitta Polvadore,
Clerk of the 47th
Judicial District Court,
Randall County, Texas

LEGAL

THE STATE OF TEXAS.
To All Persons Interested in the Estate of Nancy C. Baldwin:

Each of you are cited, required, and commanded to appear before the County Court of Randall County, Texas, at the Court House in Canyon, Texas, at or before 10:00 a.m. of the first Monday after expiration of ten (10) days from the date of service, exclusive of the day of service, the date of service being the date of this publication, which appearance day will be the 14th day of February, 1972, and contest, by filing written answer if any of you see proper to do so, a verified account for final settlement for such estate filed by Connally Lockhart, Administrator of the Estate of Nancy C. Baldwin, now pending on the Probate Docket of said Court styled ESTATE OF NANCY C. BALDWIN, No. 2335, which account will, at 10:00 a.m. on such day and at such place, be considered by such Court. If this citation is not served within ninety (90) days of its issuance, it shall be returned unserved.

Herein fail not, but have you before said Court at or before such hour on the said first Monday after such service is perfected, which will be the said 14th day of February, 1972, this citation with your return thereon, showing how you have executed the same.

WITNESS, LeRoy Hutton, Clerk of the County Court, at office in the City of Canyon, Texas, this 31st day of January, 1972.

LeRoy Hutton
By: Y.Ehly, Deputy
Clerk of the County Court of Randall County, Texas
1tc 45

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO. Felton Emmett Johnson, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 181st Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 20th day of March A.D. 1972, to Plaintiff's Petition filed in said court, on the 31st day of January A.D. 1972, in this cause, numbered 11,675-B on the docket of said court and styled In the Matter of the Marriage of Margaret Victoria Burch Johnson and Felton Emmett Johnson.

A brief statement of the nature of this suit is as follows, to-wit. Annulment as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 31st day of January A.D. 1972
Attest. LaQuitta Polvadore
Clerk,
181st District Court
Randall County, Texas
By Kay J. Morton,
Deputy.

Mrs. Eleanor Deckard wore a corsage made of cotton balls at the tea given in her honor Thursday at Rex Reeves Elementary School. Mrs. Deckard was honored on Texas School Nurse Appreciation Day.

Mrs. Deckard Honored At Appreciation Tea

Mrs. Eleanor Deckard, school nurse at Rex Reeves Elmentary School, was honored with a tea Thursday, Texas School Nurse Appreciation Day.

The first grade and kindergarten teachers were hostesses for the tea held in the school library.

The children wrote letters of appreciation to Mrs. Deckard and the teachers decorated her room. The children in the fourth, fifth and sixth grades wrote original songs which were recorded and played at the tea.

All the teachers and administrators at Rex Reeves were present for the tea.

Mrs. Deckard received her RN from Iowa Lutheran Hospital. She came to Amarillo with the Veteran's Hospital and then taught kindergarten in Amarillo for seven years.

She worked at the Killgore Children's Psychiatric Center before coming to Rex Reeves.

She has been school nurse at Rex Reeves for four years.

She and her husband, Charles, have two children, a son, John now attending Sioux Falls College in South Dakota, and a daughter, Joan Brackeen of Amarillo.

Indoor Meet Slated Friday

The West Texas State track squad will host Eastern New Mexico State in a indoor dual meet Friday that will open the season for the Buffs.

The meet will begin at 6.30 p.m. in the Activities Center with the field events, while the running events are slated to begin at 7 p.m.

The Greyhounds recently placed ninth in the National Association of Intercollegiate Athletics indoor meet in Kansas City. Coach Bill Silverberg and company have the strongest team they have ever had and it has been strengthened by several standout transfers and foreign students.

— How They Match Up —

WEST TEXAS	ENMU
Carl Brown — hurdler *career best — 16.1* *90 yard intermediate* *Champion — MVC*	*Mike Bryant — pole vaulter* *career best — 16.0* *national indoor and outdoor* *champion in England*
Warren Snow — pole vaulter *career best — 15-0* *Outdoor Champ MVC*	*Jim Lincoln — pole vaulter* *career best 16-3* *transfer — University N.M.*
Gary Goodwin — sprinter *career best — 9.3,* *100-yard dash.*	*Sam Yavala — sprinter, long jumper* *career best — 9.5, 100-yard dash.* *37.0, 330-yard dash 23-10,* *long jump home — Fiji Island*
Jesse Letheridge — sprinter *career best 9.5, 100-yard dash* *21.3, 220-yard dash* *home — Lubbock*	*Ray Fabian — sprinter caree best — 10.3, 100-meter dash.* *37.2, 330-yard dash* *Former Trinidad Olympian*
Harvey Hudspeth *half miler* *half miler career best* *1_52.2, 880-yard run.*	*Thorten Gibley — half miler* *career best — 1_50, 880-yard* *transfer — University of Kansas*
Jim Hogan — miler *career best — 3_12.0* *second place-MVC outdoor*	*Harry Modragon, Ed Ebell,* *Leroy Chavez — milers*
Randy Thomas — Hurdler *Second place MVC outdoor* *120-yard high hurdles*	

Saxophonist To Be Featured

Saxophone virtuoso Harvey Pittel, whose career achievements include solo performances with orchestras throughout the United States and Europe, appears in concert Sunday at West Texas State University.

The 27-year-old musician will perform with the WTSU Symphonic Band at 4 p.m. in the Activities Center ballroom. His appearance is sponsored by the university chapter of Kappa Kappa Psi, international band fraternity, in commemoration of the organization's 25th year on the WTSU campus.

Pittel's career as a concert saxophonist began while an undergraduate student at the University of Southern California, where he studied under Franklyn Stokes, and was a featured soloist with the USC wind and symphony orchestras.

He took a Master of Music Degree from Northwestern University, where he participated in a three-month U.S. State Department tour of the Far East as a member of the Northwestern University Saxophone Quartet.

From 1966 to 1969 Pittel was a member of the United States Military Academy Band at West Point and served as soloist and clinician in its touring saxophone quartet.

He won the Fresno Young Artist Award competition in 1970 and placed second the same year in the Concours International D'execution Musicale in Geneva, Switzerland.

Praised for his "bravura control" by Saturday Review's Irving Kolodin, Pittel divides his time between a concert schedule and teaching responsibilities at three Southern California universities.

Pittel, elected to the five-man governing board of the 1970 World Saxophone Congress, says his career ambition is to "present the saxophone to the musical public as the concert instrument it was intended to be — as an eloquent solo voice with symphony or wind orchestra."

The saxophone , he says, "offers the broadest expressive range, the widest variety of tone colors of all the musical instruments, and yet it is only now beginning to acquire the respect it deserves."

After a series of performances with the Boston Symphony Orchestra last year, Boston Globe critic Michael Steinberg hailed Pittel as a musician with "an elegant sense of phrase, vast technical resources, and a beautiful, firmly centered tone that is far removed from the lachrymose and wobbly squall served up by most saxophonists."

With the WTSU Symphonic Band directed by Dr. Gary Garner, Pittel will be featured in performance of Dahl's "Concerto for Saxophone and Wind Orchestra," and Benson's "Concertino."

The band will also perform Samuel Barber's "Comando March" and Markis' "Aigean Festival Overture." Pittel will conduct a saxophone clinic immediately following the concert.

Tickets, priced at $1 for adults and 50 cents for students, will be sold at the door.

Faculty Piano Trio Feb. 20

A composition by a West Texas State University music professor and works by Mozart and Schumann are programmed for performance in concert by the WTSU Faculty Piano Trio Feb. 20 in the Fine Arts Auditorium on campus. The time is 3 p.m.

The Trio, which has performed widely in the Texas Panhandle, includes violinist Dr. Donald Todd, associate professor of music, and cellist Brian Walton and pianist George Eason, both assistant professors of music all of the university.

Featured on the program, which is free to the public, will be Eason's "Nocturne," as well as Mozart's "Trio in B Flat Major" and Schumann's "Trio in d minor."

Organized in 1967, the Trio has performed concerts in four states, and has been featured in performances sponsored by various civic groups and music clubs in the Panhandle.

The Trio's mission is two-fold: the performance of music in a four-state area, and the presentation of string techniques to public school string students.

Todd received bachelor's and master's degrees in music from Northwestern University and a doctorate in musical arts from the University of Illinois.

While a student at Northwestern he received chamber music coaching from Charles Foidart, violist with the Paganini String Quartet until his death.

Prior to accepting a position at WTSU, Todd taught at Eastern Illinois University for 10 years. He has been a member of the Indianapolis Symphony, the Kansas City Philharmonic and the Oklahoma City Symphony.

Now in his fifth year at WTSU, Todd has made numerous solo appearances on radio and television with symphony orchestras throughout the area.

Walton, a native of England, immigrated to the United States during the 1959's. He was a student at the Oberlin Conservatory of Music, where he received a Bachelor of Music Degree.

He pursued graduate studies at the University of Illinois and received a Master of Music Degree there in 1965. He has studied cello with Zara Nelxova at Aspen, Colo., and with Joseph Weigel at the Mozarteum Akademie in Salzburg, Austria.

Prior to coming to WTSU in 1967, Walton was a member of the faculty of Southern Colorado State College. He has been a guest soloist with the Amarillo Symphony.

Eason, born and raised in Corsicana, Tex., completed his formal training at North Texas State University, where he received bachelor's and master's of music degrees. Further study was completed with Howard Walz at the University of Colorado.

Prior to joining the WTSU faculty in 1962, Eason maintained private studios in San Angelo and Denver, and also taught at Harding College in Searcy, Ark. He has served frequently as clinician and adjudicator and has appeared in solo and chamber music recitals in Colorado, Arkansas and Texas.

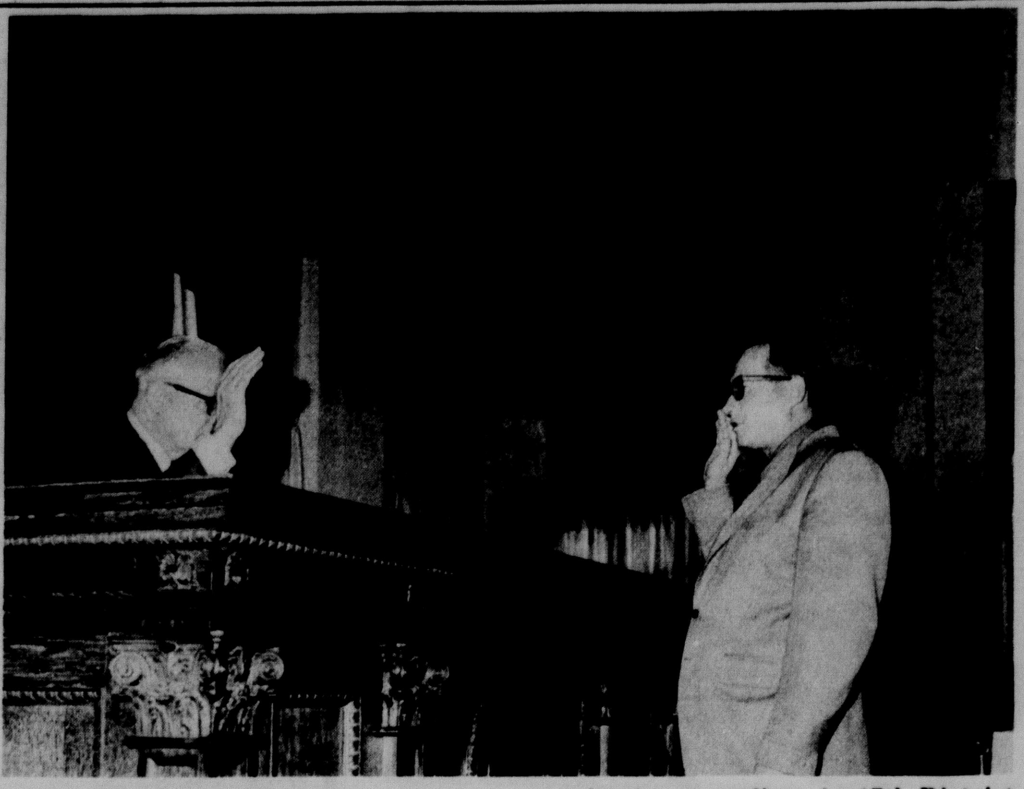
Dennis Bethel Joins Ekco Co.

Dennis Loal Bethel of Canyon has joined Ekco Housewares Company as a sales representative, effective immediately.

He will report to Milt Parks, Ekco's South Central Zone Manager. His territory will cover the northwest Texas area.

Prior to joining Ekco, Bethel worked for the Carter's Ink Company as a sales representative.

He was born in Collinsville, Ill. and attended Collinsville High School in Collinsville. He lives in Canyon with his wife Martha and their four children. Dennis age 9, Pamela age 9, Sean age 7, and Meridith age 2.



Bob McClendon was sworn in as assistant criminal district attorney for Randall County by Judge E.E. (Gene) Jordon Tuesday morning in proceedings in 47th District Court. McClendon, an Amarillo attorney, assumed the duties of his position Tuesday.

James Starkes Have Girl

BY SUSAN DOLLE

Mr. and Mrs. James Skarke welcomed their sixth child last Friday when Nicole Diane was born at Neblett Hospital. The little girl weighed 8 lbs. 14 oz. She has joined her other brothers and sisters at home: Jackie, Chris, Roxanne, Troy, and Shane. Maternal grandparents are Mr. and Mrs. Matt Albracht of Amarillo; paternal grandparents are Otto Skarke and Mrs. L.L. Bernard.

Mr. and Mrs. Marvin Batenhorst also are parents of a baby girl, born Jan. 31 in Hereford. Karen Sue weighed 6 lbs. The Batenhorsts have another child, Chris, two years old. Grandparents are Mr. and Mrs. Sylvester Batenhorst and Mr. and Mrs. Joe Brorman of Hereford.

Mr. and Mrs. Ed Wieck and Mr. and Mrs. Harry Friemel traveled to Dodge, Nebr. this past weekend for the fiftieth wedding anniversary of their uncle and aunt, Mr. and Mrs. Steve Liekhus. Dodge was the birthplace of Mr. Wieck's and Mrs. Friemel's mother. It has been the first visit in twenty-six years in the Nebraska area for Mr. Wieck.

Miss Angeline Haschke, daughter of Mr. and Mrs. Lee Haschke, was one of the participants in an orchestra concert at Hereford High School Tuesday night. Angeline, a 7th-grade honor student at Stanton Jr. High is studying the violin. She will be entered in a music festival in Amarillo Feb. 26.

Sunday night is THE night for Pistols and Petticoats Square Dancing Club. Tye club will welcome panhandle square dancers to help celebrate their first anniversary. Herrick Allen will be the caller for the dance; additional entertainment will be furnished by club members. Door prizes will be given. Club president, Mr. and Mrs. Bert Wilhelm and all other members are looking forward to seeing everyone there.

Rites Held For E.J. Mahler

Funeral services for Eddie John Mahler, 78, of Wayside, have been scheduled for 2 p.m. Friday in the Wayside Methodist Church. Mr. Mahler died early Wednesday in Southwest Osteopathic Hospital of Amarillo.

Officiating at the services will be Rev. E.H. Martin, pastor of the Lakeview Methodist Church at Lakeview, and Rev. Roland Moore, Methodist minister from Tulia.

Burial will be in Dreamland Cemetery. Arrangements are being made by LaGrone Funeral Chapel.

A farmer and stockman, Mr. Mahler had been a resident of Wayside fo 42 years. He was married to Miss Bertha Crow in Tulia in 1934. She passed away April 22, 1971.

Mr. Mahler was a school board member and Sunday School superintendent for many years.

The deceased is survived by two sons, E.G. Mahler of Borger, and Cordell Mahler of Wayside; one daughter, Mrs. LaNora Gusax, of Bilozi, Miss.; three stepchildren, Tom Payne of Umbarger, Bryce Payne of Colorado Springs, and Mrs. Jessie Lane of Wayside; one brother, Charlie Mahler of Wichita Falls, 13 grandchildren and five great-grandchildren.

News Brief

Karen Tow was awarded a radio Monday night as second-high candy salesman in the Amarillo Council of Campfire Girls. The radio, given Karen at the council's annual meeting in Amarillo, was the prize for selling 262 boxes of Camp Fire Girls candy.

New president of the council is Frank C. Jackson of Amarillo.

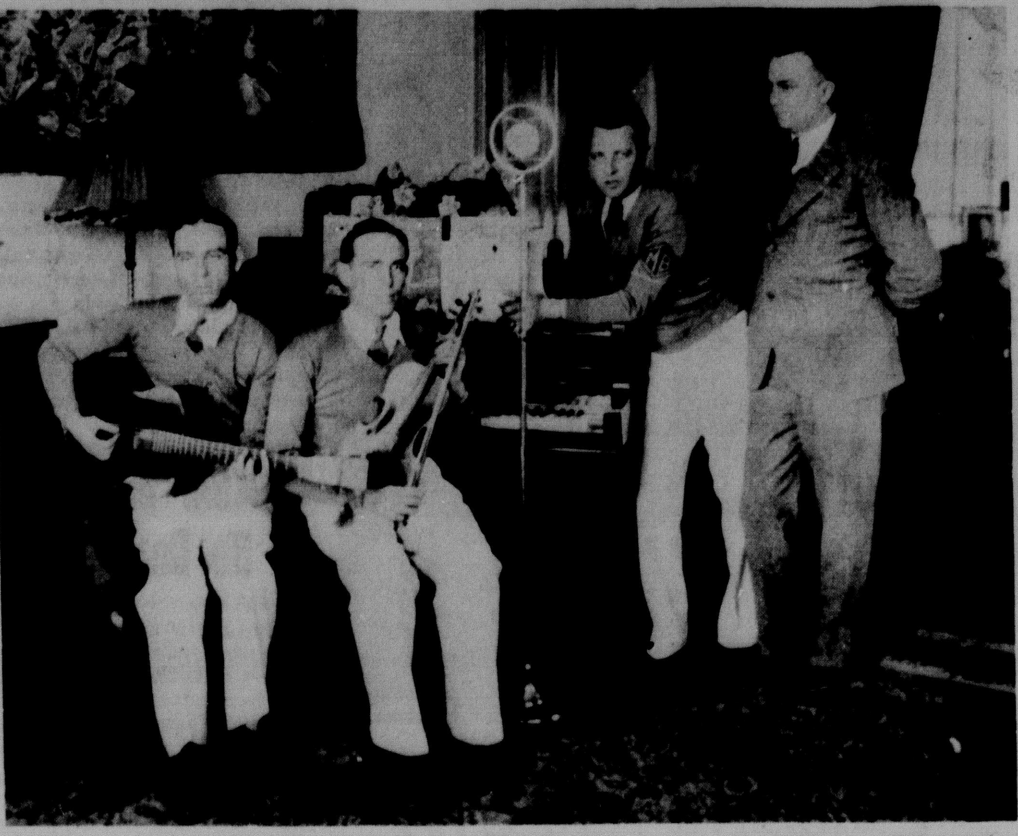
Bob Wills Created Western Jazz, Says Biographer



SOME OF THE LIGHT CRUST DOUGHBOYS in 1932 with future governor of Texas, W. Lee O'Daniel, then president and general manager of Burrus Mills. From the left are Sleepy Johnson, Bob Wills, Milton Brown, and O'Daniel.

BY NELL WILLIAMS

A barber who grew up in Turkey, combined the folk fiddle music of the frontier with Dixieland jazz, and came up with Western swing, is the subject of a biography being written by Dr. Charles R. Townsend, associate professor of history at West Texas State University.

Bob Wills, said his biographer, created a danceable musical combination that would be better called Western jazz.

His book is an effort to put the music Wills created into its right perspective in the history of American music, said Dr. Townsend. The appeal of Wills' music was its jazz quality — jazz on stringed instruments, with jazz's freedom to improvise and to express one's soul, he added.

Dr. Townsend said Wills first performed at a ranch dance in Turkey in 1915. In March of 1970, 55 years later, Wills and his musicians toured California and broke attendance records.

In 1929, Wills was working in Fort Worth, leading his first string band, the Light Crust Dough Boys. Most Texans over 40 can remember the Dough Boys and their broadcasts over the Texas Quality Network for Burrus Mills and for its president and general manager, W. Lee O'Daniel, later governor and senator of the state.

Wills and O'Daniel parted company before the campaign of 1938, which climaxed with a Democratic primary victory over 12 opponents for O'Daniel, but a similar band was a major tool in O'Daniel's electioneering equipment.

Wills left the Dough Boys in 1933 to go to Waco. In Tulsa in 1934, he added jazz instruments to his string band to achieve the swing quality he wanted. By the late 1930's, his music had evolved into something more like the swing of the big dance bands and less like Dixieland. "Swing", said Dr. Townsend, "is just cooled-off jazz."

In 1940, Wills wrote the song that made him famous, "San tonio Rose, "which sold 6 million copies to record buyers. The Bing Crosby waxing alone sold one and a half million — a quarter million in a week's time.

Irving Berlin liked the song and wanted to publish it, but printed words of his own. He recalled this edition when Wills' own printing came out with words by trumpet-player Everett Stover and only a few copies of the Berlin version are in existence. Dr. Townsend has one, which he obtained from Wills' secretary.

With fame, came movie offers. Wills made 28 pictures for MGM and Columbia.

Although World War II broke up his big band, Wills' greatest popularity came after the war.

On May 30, 1970, Gov. Preston Smith and the Texas Legislature formalized a resolution honoring him for his contribution to music. It was his last public appearance, for he suffered a stroke the next day and remains partially paralyzed. He is living in Fort Worth.

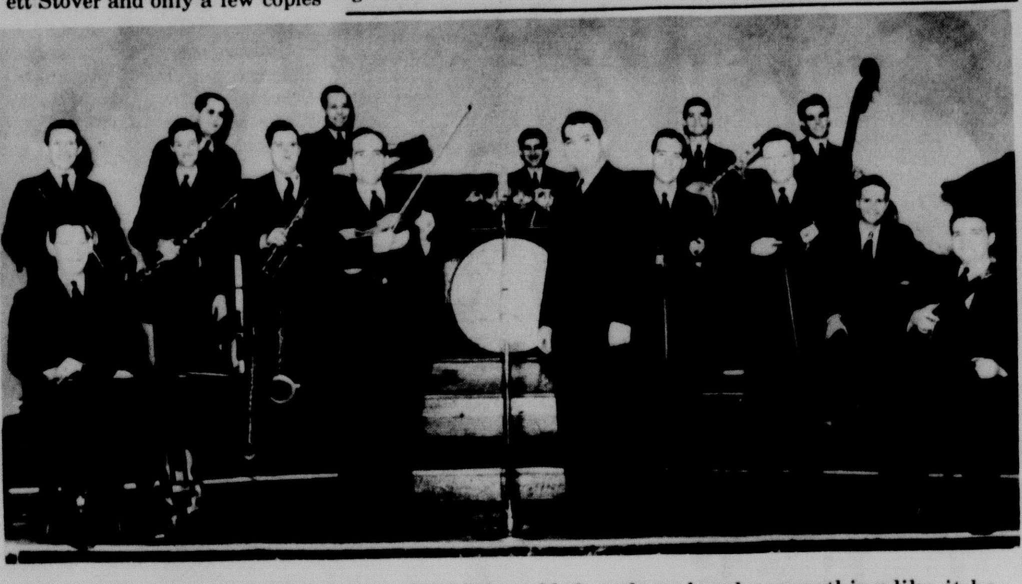
Dr. Townsend said that about 125 or 130 pages of the first draft of his biography has been written. He hopes to complete the draft in the next six months or a year.

Most of the sources he has used are "oral history." He taped interviews with Wills and his wife Betty and with as many band members as he could find.

"You can learn a lot about the American people by learning about their music, he declared. "Our music has variety, and we have never allowed an elitist group to tell us what's good and what's bad.'

The writer teaches a course in American intellectual history at WTSU and devotes about three weeks to playing recorded music for his classes.

DR. TOWNSEND



BOB WILLS AND HIS TEXAS PLAYBOYS IN 1937, after Wills had combined string music and jazz instruments to create the Western swing he originated. Dr. Townsend said that there has been nothing like it before — or since, except after the pattern set by Wills.

"Paracelsus" To Be Shown On WT Foreign Film Series

"Paracelsus," a German film depicting the life and times of the illustrious Swiss doctor, will be presented Feb. 24 at West Texas State University.

The film, in German with English subtitles, will be shown at 1, 3 and 7:30 p.m. in room 101 of the University Complex South. It is the second offering on the WTSU modern language department's Foreign Film Series.

Directed by G.W. Pabst, the film depicts the life of the famed physician whose life and colorful personality have been considered the basis for the Faust legend.

Filmed near Prague, the film depicts Paracelsus of the people.

German actor Werner Krauss is featured in the title role.

The film series is open to members of the WTSU modern languages department. Memberships, priced at $1 are available from Garrett Welch, modern language department chairman. Memberships will also be sold at each film presentation.

Scheduled March 16 on the series is "The Last Year at Marienbad," Alain Resnais' highly acclaimed classic of French surrealism.

Tash To Speak On Drug Abuse

Father Joseph Tash will speak on drug abuse in a program sponsored by the Canyon High School Key Club at 7:30 p.m. Feb. 24 in the high school auditorium.

He will be accompanied by a former drug addict.

Key Clubs from the area, Kiwanis Club members and the general public have been invited to attend. There will be no admission charge.

There is a Better Way
for
Canyon teenagers.
March 17

Gene Howe News

School Nurse Honored

BY PAULINE HEFLEY

"HAPPINESS IS HAVING A SCHOOL NURSE LIKE MRS. ELLINOR DECKARD"

Thursday last was the day for School Nurse Appreciation Day, and our gang at Gene Howe really did it up right. Understand all the employees met prior to the start of the school day at the school with coffee and cookies and a big "Thank You" for Mrs. Deckard. A scroll signed by all the employees was presented to Mrs. D. and a flower arrangement — the scroll covers one wall of her office it is so large — and then the sign which read "Happiness if Having a School Nurse like Mrs. Deckard." Aren't we fortunate to have our little Florence Nightingale at Gene Howe and a special thanks to you, Mrs. D. from the parental side of the Gene Howe population.

Welcome back home to our fearless leader, Mr. Luther B. Lawless, who had to make a trip down to DeBerry, Texas, because his father had suffered a heart attack. We are glad to report that Mr. L's father is doing much better and we wish for him a speedy recovery.

Sympathy is extended to the family and friends of J.O. Parker who died this last week. We know he will be missed in the community. We were so impressed with his contribution not only in Canyon proper but all of the Panhandle area. Surely somewhere along the way someone said a big "thanks" to him. He will be missed.

Happy Birthday to one of our Gene Howe teachers, Mrs. Cindy Capps.

A bit of cheer is sent via this by-line to little Billy Kimble who is going to be out of school for a month due to his asthma— he will be current on his school work of course by our homebound teacher.

Congratualtions to the Purple team of the 7th grade basketball that beat Friona Monday eve — they won — 23-13. Those young ladies on the team from Gene Howe area are Tammy Newberry, Linda Ford, and Alexis Hefley. And, we got to see our own Coach Willy McAlpin do his thing in refereeing — he shouted the calls so loud and clear it was the first time I have been able to understand them all season — Thanks to you — Coach — you done good.

A belated congratulations to Ricky Steen who received a trophy for showing his horse in the Randall County Junior Livestock Show. Always nice to have a winner, and we're proud of you, Ricky.

Everyone in the Gene Howe area is certainly in sympathy with the Robert Dustman family whose home literally was burned to a total loss a few days ago. What a terrible experience, and we are sure thinking of the Dustmans at this time.

Did I tell y'all that the Gene Lay family had moved to Amarillo — if not, they have, if so, forget I mentioned it. In any event they will be missed.

Welcome to some new students at Gene Howe — Janna Penny in the fourth grade, Richard Cantwell in the fourth, Bryan Spring in the third, and Cynthia Dail in the sixth.

A get-well wish to Mrs. John (Mary Jane) Reeves, who has been under the weather. Now, Mary Jane, you hurry up and get well and get back to the high school and teach those chilluns how speak French.

Well, our P.T.A. meeting for the Month of February will be a whole new venture — a Spelling Bee — and it all takes place on the 14th of the month at 7:30 in the eve. Our little darlings, aha! Did you catch that — that is an editorial "our" and it really means not our but your — finally got to do that — now, mind you, I ain't so grammarian, but I did know about editorial "wes, yous, etc" — back to the story at hand — our little darlings will spell from the stage and you know the winners that are finally decided at Gene Howe will then go to the County Spelling Bee — so all you kiddoes, get out that little book and practice spelling those words with some member of the family unit. See you there??

And, fellow Gene Howe people, the magic word is still the same this week — "Register" — not your dog, or horse, but to Vote — you'll be doing yourself a real favor with nothing to say for the serendipity.

Now what's happened at your chateau lately — taken say trips, had any parties, had any birthdays, Mother and Daddy had a big argument — no just kidding about that — but seriously, phone me your news — 376-9853 or 352-2089. Thanx...pmh

Ronald Daily New Officer With TAA

Ronald W. Daily of Canyon has been selected as the new secretary-manager of the Texas Angus Association effective this week, according to Albert E. Richmond, president.

Daily is a graduate of West Texas State University and majored in Animal Science, and has been associated with the University as ranch manager.

He received his high school education in Plainview and then attended Sul Ross State College for two years before attending WT. During his senior year he was a member of the Livestock Judging team that won the state contest at Texas A&M and placed second in the national contest in Kansas City, Mo.

He was born on an irrigated farm in Hale County and helped raise beef cattle, dairy cows and hogs as well as feed crops.

His parents now reside in Hurst, and with his new position he and his wife Karen will live in Fort Worth.

McClendon Takes Job As DA Asst

Bob McClendon, a Canyon High School graduate, was sworn in as assistant district attorney Tuesday by Judge E.E. Gene Jordan in 47th District Court.

McClendon replaces Harris Hampton who resigned to open a private law practice in Canyon.

McClendon was born in Randall County and was a former football captain for the Canyon Eagles. He played football two years at West Texas State University.

He completed his undergraduate study at the University of Texas at Austin and graduated with a BBA degree in 1955.

He received an LLD degree from Southern Methodist University and was assistant county attorney in Potter County for one year.

He has been in private practice in Amarillo and Irving, Tex.

McClendon said he planned to continue his private practice in civil cases.

McClendon, his wife Valerie, and their three chiildren live at Route 2, Canyon, near the Palisades.

His parents are Mr. and Mrs. J.C. McClendon of 2714 4th Ave., Canyon.

"Cycle" to most people has something to do with a motor or a bike.

To us, "cycle" has to do with the efficient production of electric power, with efficiency and with conservation of resources.

It's about a unit we'll install in 1973. It's called a Combined Cycle Unit. It utilizes a gas turbine to help create electricity and in so doing, it produces heat. We then use this heat to make steam to run a steam turbine which, in turn, produces electricity. Using these units in combination, we generate more power but with less fuel and water than if each were to be run separately.

So, we do the "cycling" and you'll have the power you'll need at the lowest possible cost. Sounds simple, doesn't it? But, it took lots of planning and lots of engineering know-how to come up with this means of conserving resources and yet producing adequate electricity.

Mrs. Lonny Glen Watson, nee Marcie Dee Loring

Miss Loring, Watson Wed In Tulia Saturday

Miss Marci Dee Loring and Lonny Glen Watson were united in marriage Saturday evening in a double-ring ceremony performed by Rev. Gerald Tidwell in First Baptist Church of Tulia.

The bride is the daughter of Mr. and Mrs. Jack Loring of Tulia.

Watson's parents are Mr. and Mrs. William C. Watson, 2500 Sixth Ave.

Vows were exchanged before a lighted arch and two candle trees, flanked by candelabra filled with white candles and marked with white bows and emerald greenery.

Pews were marked with bows in the colors chosen by the bride, purple and green, and backings of green lemon leaf.

Music was provided by Mrs. Pat George, organist and Miss Nancy Metcalf, pianist, who accompanied Miss Altah Reasonover in "The Twelfth of Never" and "We've Only Just Begun."

Guests were registered by Mrs. Robert Pendleton.

Miss Lisa Loring was her sister's maid of honor. Bridesmaids were Miss Jaimye Crawford and Mrs. Vicki Hall. The attendants wore floor-length dresses of purple and green moonglow crepe and garlands of green satin leaves in their hair. They carried nosegays of carnations, sweetheart roses, and statice.

Candlelighters were Resa Sherrod and Sheree Watson.

Cally Loring was flower girl.

Oran Watson, the groom's brother, was best man. Groomsmen were Mac Hewlett, and Cliff Freeman. The ushers were Bruce Whisenhunt, Jimmy Kirkpatrick, Ken Miller, and Keith Watson.

Ring bearer was Michael Metcalf.

The bride was given in marriage by her parents and escorted to the altar by her father. She chose a formal gown of satin organza with a fitted Empire bodice, Victorian neckline and long, full sheer sleeves. The A-line skirt fell to a lace hemline.

The matching chapel-length veil of illusion was held in place by a lace Camelot coif.

She carried a cascade of orchids and stephanotis on a Bible.

Mr. and Mrs. Watson are both graduates of Tulia High School and attended West Texas State University.

They will live in Dallas, where the bridegroom is employed by the Dallas Police Department.

Rossers Have New Daughter

Capt. and Mrs. Henry E. Rosser have announced the birth of a daughter, Julee LaNelle, Jan. 24 at Martin Army Hospital, Fort Benning, Ga. She weighed 8 pounds and was 20 inches long.

Captain Rosser is a former member of the military science faculty at West Texas State University. He is now attending the Infantry Officer Advanced Course at Fort Benning.

The Rossers have two other children, Kathy, 8, and Clay, 5. They are members of Canyon's Southside Baptist Church.

AD Pi Initiates 15 At Banquet

Alpha Delta Pi social sorority initiated 13 pledges and two honorary initiates Sunday following a banquet in the Canyon Community Center.

The pledge class presented songs and a skit before an audience of active, alumnae, and their husbands.

The Best Pledge award went to Miss Brenda Wason.

The pledge class presented an award to Miss Laura Childers as the active who helped the class the most.

Miss Ellen Maniatis and Miss Pam Garrison were recognized for the best Little Sis-Big Sis teamwork.

Miss Diann Elliston's essay on "What Alpha Delta Pi Means to Me" was judged the best written by a pledge.

Highest scholastic average was earned by Miss Patty Gooch, who recorded a 2.4 on a 3.0 scale.

The honorary initiates are Mrs. Thomas Cannon and Mrs. Gary Fletcher, both of Canyon. New members of the campus chapter are Miss Becky Haley, Canyon; Miss Karen Lee, Paducah; Miss Wason, Matador; Miss Maniatis, San Antonio; Miss Gooch and Miss Teresa Goff, Denver City; and Miss Laura Best, Miss Jackie Ermey, Miss Linda Jarrard, Miss Cynthia Knox, and Miss Dana Martin from Pampa.

Wise Buying To Be Subject

Mrs. Thomas W. Hall, Randall County home demonstration agent, and Mrs. Clay Cooper will discuss "Your Food and Clothing Dollar — How to Get the Most Out of It" at a meeting of the American Association of University Women at 2 p.m. Saturday in the home of Mrs. D.R. Park, 1211 Hillcrest.

Co-hostesses for the dessert meeting will be Mrs. Emerson Haraden, Mrs. J.L. Denton, Mrs. Dan Trew, and Mrs. Ada Crager.

Mrs. Tucek Is Speaker

Mrs. Melvin Tucek presented a program on "The Dance" for Chi Upsilon Chapter of Beta Sigma Phi International Jan. 19 in the home of Mrs. Jack Sharp. Mrs. Lewel Johnston was co-hostess.

Mrs. Meade Michael presided over the business meeting and introduced Mrs. Jack Donovan, Mrs. Jim Perry, and Mrs. Jack Crow as special guests.

A report was made on the Feb. 12 Valentine Ball by Mrs. L.H. Benham, social chairman.

The ways and means committee reported the progress of plans for a volleyball tournament slated for Mar. 9, 10, and 11 at the WTSU Fieldhouse.

Mrs. Guy Hamblen reported on the scrapbook committee.

Mrs. Jerry Costley won the door prize.

Others present were Mrs. Randy Mink, Mrs. George Stevens, and Mrs. Carl Sims.

Highland Plans Tour At Airport

A tour of Amarillo Air Terminal on Feb. 9 is planned by the Highland Home Demonstration Club.

The women will meet at 8:30 a.m. in the home of Mrs. Warren R. Thompson, 3600 Lenwood, in Amarillo, and go to the airport in a group. They will tour a jet plane, have lunch, and return to the Thompson home for a business meeting.

The club's Jan. 26 meeting was held in the home of Mrs. James Lamb. Mrs. Sidney Hall, county home demonstration agent, discussed color coordination with emphasis on choosing proper makeup colors.

Present at the last meeting were Mes dames Bob Podzemny, Ervin Podzemny, Bernard Grabber, Clarence Howard, C.R. Howard, Melvin McClure, Jones Hales, Boyd Elliott, Jimmie Janssen, Lamb, and Thompson.

West Talks On Tensions

The Tierra Blanca Chapter of the National Secretaries Association met Jan. 27 to hear Dr. Robert M. West give a program on "Tensions."

He was assisted by his daughter, Nancy.

Four guests were present.

Mrs. Carolyn Sims models a long-skirted hot pants outfit of arnel knit. She is to join other models from Mu Phi Epsilon in a showing of spring fashions at 8 p.m. Monday in Room 202 East of the WTSU Activities Center. Tickets are $1 each and proceeds will go for music scholarships.

MR. & MRS. O.V. WELDERT

3 Initiated Into ZTA

Misses Leta Gill, Linda Dudenhoeffer, and Seleta Abbott were initiated into Zeta Tau Alpha Friday at West Texas State University.

Miss Gill, the daughter of Mr. and Mrs. Joe Gill, 2416 11th Ave., is a freshman and has not chosen her major.

Miss Dudenhoeffer, the daughter of Mr. and Mrs. Paul Dudenhoeffer, is a sophomore majoring in physical therapy.

She was social chairman for the fall pedge class.

Miss Abbott, the daughter of Mr. and Mrs. Clifford J. Abbott, 1103 26th St., is a sophomore majoring in elementary education.

The sorority initiated 19 students. Special initiates into the alumnae chapter were Mrs. C.E. Thompson and Mrs. Weldon Hager.

The members ended Zeta week Sunday by attending worship services at Polk Street Methodist Church, Amarillo.

Band Receives $1,000 Check

Canyon Eagle Band received $1,000 this week from the Lexington Apts. and Motor Inns in Canyon.

The check was presented to band director J.W. King and will be used by the band for the proposed Vienna, Austria trip this summer.

Eagle band has accepted an invitation to the first international music festival in Vienna, and students and parents are working to raise $50,000 for the trip.

The company is building a motor inn on the corner of 15th Street and U.S. 60, and presented the money as a community project.

Welderts Celebrate 25th Year

Mr. and Mrs. O.V. Weldert celebrated their silver wedding anniversary Saturday with a family party.

The Welderts were married Feb. 1, 1947, in Spokane, Wash. They came to Canyon about 13 years ago and Weldert now farms northwest of town.

They have two daughters, Mrs. Ed Hayes of Amarillo andMiss Vanita Weldert, who is a nursing student at Northwest Texas Hospital in Amarillo.

Mission Work To Be Described

A missionary who serves near Zomba, Malawi, Africa, will speak and show slides at the Canyon Hills Church of Christ at 6 p.m. Sunday.

G.B. Shelburne from Namikango Mission will report on the work of the mission and show pictures of the Malawi people, their land, and their culture.

He has worked in the country for 10 years.

The main work at Namikango is in training Malawian church leaders in Bible and related studies, according to Mr. Shelburne.

Don Lacy is minister at the Canyon Hills Church.

℞ WHAT IS HISTOPLASMOSIS?

It is a fungus infection of the lungs contracted by breathing contaminated dust. It is more likely to be found in rural areas than in urban, since this fungus affects animals also. It tends to be a comparatively mild, but chronic, sickness. Most cases offer no serious problem.

Its danger is that it can be confused with tuberculosis and some people having it are afraid to go to a physician fearing a tuberculosis diagnosis. Never have any fear when visiting a physician. The least he can do is to help you live longer and more comfortably.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Happy News

Happy Rodeo Set Aug. 17 - 19

BY MARY NEAL HENRY

The Jaycees are busily working on that auction which is this Saturday You can still consign any article to sell, just contact Dean Bryan, Norman Freeman or Lloyd Rahlfs.

Be there about 10:30 or 11 o'clock Saturday morning ready to buy. They'll be rolling about then. The Jaycee-Ettes are going to run a concession. They'll be busy serving you eats and drinks. Those Jaycee-Ettes who attended last week's meeting to plan this were Joy Freeman, Sara Sims, Jeanne Tirey, Judy Shipman, Kay Venhaus, LaVenna Jackson, Dottie Foster and me.

The order of business also included saving Betty Crocker Coupons for the State Jaycee gift; planning to atend a tea in Hereford; sending a donation to the Texas Jaycee Hospital; helping send a girl to Girl's State; and planning to conduct the Heart Drive later this month.

Those who attend that tea in Hereford Sunday given by Hereford Jaycee-Ettes, Local president Joy Freeman, Judy Shipman, Kay, Kay Venhaus, Jeanne Johnson, Skip Simons, Dottie Foster, and LaVenna Jackson. Art work and crafts were displayed and they visited with freidns from Borger and Amarillo as well as Hereford.

The American Legion Auxiliary is working to send a girl or girls to Girls'State. They have received donations from the Woman's Study Club and the Rainbow Assembly in Happy. This group achieves their goal each year.

Tuesday night, the Kress teams played at Happy and those Cowgirls surprised them (and a few of us) by winning 57 to 52 in final seconds of the game. See how easy it is, Cowgirls, just keep your cool.

The boys weren't so lucky for the night. B Team boys lost 59 to 63 although Randy Bell and Tim McNeil played outstanding games and the Varsity lost 64-71. Steve Cole is now unable to play because he hurt his foot by pulling the ligaments in it in last week's game. Those Happy teams have had more foot injuries this season and that one put Steve on crutches for a week. Sorry about that! Steve is the Happy senior who made the All State Football Team. That pleased us! It must surely be the "Age of Aquarius."

Surely glad that it was a Friday night when the basketball teams had to travel to Sudan. They did get home late and were beat in more ways that one. Cowgirls lost 54 to 62. Cowboys lost 46 to 67. But the B Team girls beat them by a score of 41 to 37. Jana Wallace and Rhonda Fellers played an excellent game. That was the B Girls last game and I'd say they finished up in grand style.

The thriller was last Thursday night when our 7th grade boys beat Amarillo Christian. Those little boys decided that they wanted to win that ballgame (I can't tell you why, but you can ask one of them) and they did. At half-time they were behind 6 to 26 or was that the end of the third quarter? And we won 29 to 26. It was some ballgame. It seems that it didn't matter which way J. T. threw the ball the last quarter, it went through the basket. That is the report that came to us.

The part that made the biggest impression on him was that cement floor. He couldn't believe it. I told him he wouldn't have believed what I played ball in the first year that I played either. You can bet, I'll be in Claude for the Junior High Tournament this week-end.

Eighth Grade girls won their game, 32 to 14. Eighth grade boys lost. Better luck next time, Cowboys. This week-end winds up Junior High's basketball season. And we all give Sherry Walker, Coach Lee, Bill Pearson and Steve Cole our gratitude for having worked so diligently with these groups.

Colleen Schaeffer held a paint party last Friday in her home. She and daughter-in-law Pat entertained a big group. Mrs. Lewis Jurcak from Plainview demonstrated painting a ship on pellon and such tricks as using Q-tips for painting the clouds and open tip painting on the sea to make it look rough to Pearl and Jennie Bryan, Dorothy Bryan, Jo Hand, Edna Bassett and Sherry, Mildred Devin, Judy and Mandi Shipman, Bessie McGehee, Lou Doughtery, Vernie Reeves, Barbara and Karen Danner, Ruth and Carolyn and Sabra Boston, Violet Bryan, and Phillis Bryan. Sounded like fun!

Delivering Band Calendar again (and incidentally, if you haven't paid for yours, do it today before you forget. Send it via mail or kids to Betty Wallace.) And learned that Charlyn Hunter is visiting her grandparents, Mr. and Mrs. Jack Sutton. Their son-in-law and daughter, Mr. and Mrs. Richard Hunter attended the Young Farmers Convention in San Antonio a few week-ends ago and Richard was honored as one of the Outstanding Young Farmers. He was third highest in the State. Congratulations! Richard and Sissy also have a son, you know, but this time the granddaughter was getting all the attention. She was visiting by herself.

The Happy Rodeo Association met last Wednesday night and planned to produce the Happy Rodeo August 17,18 and 19. The Junior Rodeo will be held May 19, 20 and 21st. This year Interscholastic Rules have been altered to read that a child may win so much money and still be eligible to participate in High School Activities, so prize money will be added to every event.

We had team ropers from three states participating in the Team Roping last Saturday night in Texas, Oklahoma and New Mexico. We roped (or roped at) 460 steers before Kenny Smith and Tom Price from New Mexico walked away with $800 first place money by team roping 4 steers in 42.6 seconds. Second was only three tenths of a second behind with 4.9 won by Danny Berry and Tom Price. Charlie Price and Jim Cooper won third with 45.5; Fourth, Tuffy Thompson, Happy and Walter Arnold, Silverton, with 48.3; Fifth, Cowboy Johnson, Dimmitt, and Glen Green Hereford, with 49.8; and sixth Phillips Berry and Jim Cooper with 52.9. When Mr. Price paid his entry fees that night, he said, "It sure is expensive to raise boys, but I know where they're at." And you know he did, too. He had them all right there with him and though he paid a large entry fee, he more than doubled it with prize money.

Four places were paid in each go, too. These were won in 7.9 seconds by Lee Gann, and Charlie Richardson; 7.3 seconds by Cowboy Johnson and Tom Blasingame; 6.5 by Cowboy Johnson and Benny Fulgham; and 7.1 by Cowboy Johnson and Tom Blasingame. The only go that Tuffy and Tom roped a steer in 7.1 was the third go and it was only good enough to tie for 3rd and 4th place. I told them to do that in a go that it would win next time. And next time will be February 19. See ya then for another long spell of roping. (The good Lord willin'). This time we paid out $4600 in prize money. It was late enough to go home, but Walter Arnold of Silverton and Benny Fulgham of Clovis beat J. L. Sawyer and Eddie Hanes of Oklahoma in a 4 head matched steer roping. Always a challenge.

Debra McDonald and Sheri Henry went to W.T. the other day and looked at their rooms (they already have them and just couldn't wait) and not only that but registered to vote, in this year's elections.

Sara Tirry, Judy Shipman and I went to a "Tasting Bee" in the home of Mrs. Glenn Yeager, 4400 Gem Lake Road, and given by Zeta Tau Alpha Alumnae Association. They decorated with quilt table cloths and Raggedy Ann and Raggedy Andy dolls. We tasted everything and bought cookbooks (probably gained a few pounds), but all for a good cause. The money will benefit the Children's Rehabilitation Center. Sara and Ora Mary Sims are members of this sorority and Ora Mary sent a cake by us for the tasting. It was delicious.

Judy was supposed to be back by 3:30 for Cub Scouts, but the weather was icy that morning and they called off Scouts, so we just stopped by High Plains Art Gallery and viewed all the western paintings. The one I liked best was "Prairie Mother". You have missed half your life if you haven't been out among the "Prairie Mothers". And this particular one painted by Kenneth Wyatt was a Hereford cow and calf.

Ruth Mann, Dora Ratjen, June Hancock, and Betty and Jeffy Whelchel, and Dick and Phyllis Ratjen spent last weekend in Mansfield with the Jack Ratjens to attend the wedding of Lana Hogg, Jack's step daughter. She became Mrs. Larry Brogdon and he was a quarterback on Ol' Miss's football team this year. He'll be graduating this spring. This was a formal wedding in one of Ft. Worth's Methodist Church's decorated in red and white roses. The attendants were dressed in royal blue , and of course, the bride in white. Lana's brothers were all 4 in it, too. Mark and David ushered and Jacky and Jimmy were both ring bearers. The little boys had on formal wear just like the big ones and wouldn't you like to have seen Jack in a tuxedo. I bet Dora and Ruth got a lot of pictures and I intend to see them.

Happy's best news for the week is that the Fire Department has purchased a new Fire Truck. The volunteer Fire Department worked long and hard on this project. It just happens to be something that all of us had rather not benefit from. It is a Tilt-Cab Ford and a pumper. It'll make every call in country and city and should be lots faster. It is equipped for all types of fires.

Happy's Civil Defense Team is to be commended for participating in that all night search for the lost gentleman, Arthur Roberson. Happy has one of the few search lights around here. Elvern Wallace, Lee Donnell, Carol Sims, Jackie Pyle, Ervin Wilson and Bill Andrews hunted most of the night and though they were unsuccessful, they were appreciated. Mr. Roberson was found the next morning seemingly in very good health.

All you who went to school with Tom and Shirley Payne can help them celebrate Sheila's making the Dean's Honor Roll at Texas A&M in Chemical Engineering. If she were mine, I'd brag. David Womack qualified for the same at Texas Tech with a 3.6 grade point average in psychology. Congratulations, Eddie and Mary.

Grandparents Mr. and Mrs. A.C. Miller gave Greg Phifer a birthday dinner Sunday. LaVelle and Mary and David Phifer were there, Johnny and Betty Miller and their two, Charla and John, Andy Rahlfs, and Eddie Womack. Later that afternoon, Mr. and Mrs. Tommy Womack, Cynthia and Jody and Otis and Helen and Parman joined the group. I think Catherine said that Greg was 8 this party.

Bertie Culp took Viola Buchanan to Fort Worth to be with her step-son Allen, who is critically ill. Faye and Cathy Parker, and Omalee Lawry have been ill with the flu. Dora Ratjen, Ruth Mann and June Hancock came home with the flu also. Harvey Newsom is home from St. Anthony's hospital where they ran tests. He is much better. Lots of sickness.

We celebrated my first column by dining at the Elm Tree Inn last Friday night (doesn't take much of an excuse to eat out, you know) and then we visited Alene Littlefield. She told me how good people had been to her — about the visits, and cards, and food, and the kindnesses and especially the prayers. And then she said, "you know, I'd like to put something in the paper, but not just the same thing everyone else does. I'd like for it to be extra special." I told Alene that MAYBE I could help her out by trying to convey her feelings to all her friends and neighbors. Folks are mighty nice when we do need them most!

Carolyn Dietz and Dorothy Davis of the Jowell H.D. Club and Judy Shipman and Leona Henry and I of the Sunnyhill H.D. Club have spent all day today in Canyon helping outwith the T.H.D.A. Workshop which was a success after the difficulties of the morning were ironed out. A lo t of other Randall County people also worked and our Council Chairman, Amelia Irlbeck, came out grinning and said, "Girls, I didn't ask for next year's District Meeting." We laughed for the moment, but I bet we have it. A little hard work never hurt anyone.

I came home tonight to learn that Copus Boyd had a severe heart attack about 5 this afternoon. This has been one of the hardest columns I'll ever have to write. Copus is the one who drove a mile and a half in the blizzard to pick up Tom and Ken after they'd been lost all day last February 21st, and the Happy Fire Department had come all the way out and were on their way back in the weasel and hadn't found any trace of them. Ervin Wilson said, "It is like driving with your head in a flour sack." But I'd worked with our 2-way radio all day and about 5:30 had picked up Tom's and Ken's voices. They'd been there since 9 that morning. Finally made out where they were and called Copus and he went after them on a tractor. He and Acie Del and Judy kept them that night, fed them supper and breakfast, and helped them get home the next afternoon. It has been hard to concentrate tonight.

Baptists have Brother Paul Heil, pastor of First Baptist Church, Vigo Park, to preach Sunday, February 6, in view of a call. I'll see a lot of you there. But don't wait til Sunday to do your praying.

See ya!
Mary Neal

Miss Wilson Has Birthday

Miss D'Arcy Wilson, the daughter of Lt. and Mrs. Carrol Wilson, Indianapolis, Inc., recently celebrated her second birthday with a party built around a clown theme and featuring a clown-shaped cake.

Lt. Wilson is a former editor of The Canyon News. He is now stationed at Ft. Benjamin Harrison.

GRE Set At WT

Persons preparing for graduate school may take the Graduate Record Examinations (GRE) any of three times remaining during the current academic year.

Testing dates at West Texas State University are Feb. 26, April 22, and June 17.

Deadline for filing for the Feb. 26 testing date is Feb. 8 and the fee is $8 for the aptitude test only, $9 for one advanced test, $17 for both and $3.50 for a late fee charged after Feb. 1.

Deadlines for the April testing date are March 28 without the late fee and April 4 with the $3.50 late fee.

For the June testing date, applications received before May 23 will not incur the late fee. May 30 is the final deadline and the $3.50 late fee will be charged.

Scores of the GRE are usually reported to graduate schools five weeks after a test date. The choice of test dates should be determined by the requirements of the graduate school or fellowship to which one is applying.

Applications and further information can be obtained from the Testing and Counseling Center at West Texas State University.

Miss Canyon Contest Mar. 11

Miss Canyon for 1972 will be crowned March 11 in the auditorium of Canyon High School, according to Mrs. Jim Brown, project chairman for the sponsoring Canyon Study Club.

The evening will begin at 7:30 p.m.

Deadline for entries is 7 p.m. March 1, and the girls will be sponsored by businesses or organizations, which will pay the $10 entry fees.

The pageant is open to girls who attend Canyon High School. Mrs. Bob Kitchens, publicity chairman, said that the club will aid in pairing sponsors and contestants.

The girls and the judges will meet personally at a tea on the afternoon of March 11. Judging is to be based on poise, personality, and appearance, and the entrants are to wear party dresses.

Information can be obtained from Mrs. Jim Brown, 655-7560, or from Mrs. Weymon Brown, 655-4075.

2 Asst. DA's Resign; Begin Private Practice

Randall County's two assistant district attorneys have resigned their positions to open private practices.

Harris H. Hampton resigned effective Monday and has opened a law office at 1406 4th Ave.

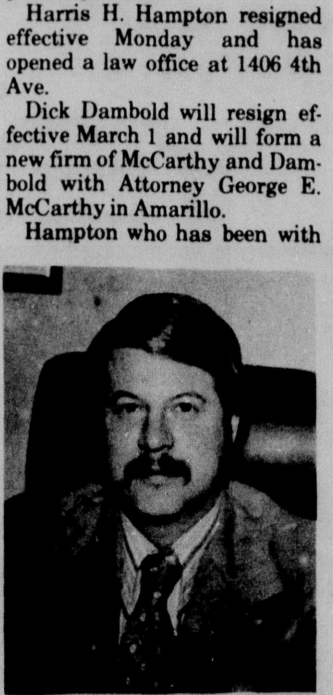
Dick Dambold will resign effective March 1 and will form a new firm of McCarthy and Dambold with Attorney George E. McCarthy in Amarillo.

Hampton who has been with the district attorney's office since Sept. 1, moved to Canyon from Dallas where he was in private practice.

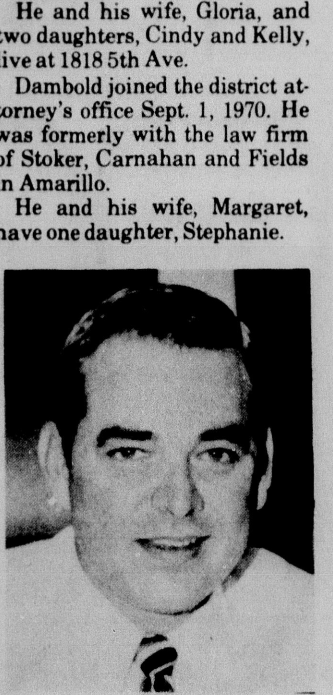
He and his wife, Gloria, and two daughters, Cindy and Kelly, live at 1818 5th Ave.

Dambold joined the district attorney's office Sept. 1, 1970. He was formerly with the law firm of Stoker, Carnahan and Fields in Amarillo.

He and his wife, Margaret, have one daughter, Stephanie.



DICK DAMBOLD



HARRIS HAMPTON

played them in Muleshoe. They could give us a hard time," he concluded.

The game will be played at 6.30 p.m. in the Canyon High School Gym Friday.

Li'L. . .

(Continued from Page 1)

Brantley is design director. Neil Hess is in charge of the choreography.

Mike Demus will portray Li'l Abner, and Cindy Williams will star as Daisy Mae. Mammy Yokum will be played by Glenda Holladay, and Greg Reynolds will be Pappy Yokum. Marryin' Sam will be depicted by Gary Cox, and Mike Raillard will be General Bullmoose.

The cast will also include performances by Mike Rinehart, Donnetta Williams, Randy Haygood, Steve Turpin, Frank Garrett, Pat Cannon, Jamie Gallemore, Tony Burrus, and Terry Jo Reynolds.

Rodney Collier, Sharon Freeman, Karen Malzahn, Chris Doss, Don Bentley, Miles Raillard, Judy Carpenter, John Boone, Jerry Hall, Ricky Matthews, Jodie Holladay, Michell Killingsworth, Royal Rugel Brantley, Wayne Ramsey, and Julie Whittington are also to appear.

Others to act in the production are Mike Hughes, Norris Stevens, Karen Pettit, Clifford Prichard, Chuck Wright, Larry Prichard, Randall Smith, Bob Glisar, Roy Markham, Chip Van Pelt, Michelle Miller, Theresa Moore, Marla Phillips, Pam Stribling, Kay Oglesby, Donna Bayless, Donna Stark, Diana Boone, Virginia Branstetter, Georgia Branstetter, and Randy Hall.

Dancers are Julie Brantley, Lauran Fulton, Nancy Winn, Debbie Roberts, Jaycene Bellah, Carol Robinson, Brenda Brooks, Frank Garrett, Terry Williams, Kenny Barton, Richard Smyrl, Lyn Williams, David Lindley, and Mike Hughes.

Poff. . .

(Continued from Page 1)

authorized and passed legislation to assist with nurses training at Northwest Texas Hospital and West Texas State University.

Since the adjournment of the legislature, Poff has been appointed to serve on three interum committees, the Public Education Finance Committee, the Water Development and Conservation Committee and the Oil and Gas Regulation Committee.

Poff earned his BBA degree at Texas Christain University and is a graduate of the University of Texas Law School.

He is a member of the Paramount Baptist Church where he teaches a Sunday School class and serves on the Church Finance Committee.

He has served as a youth athletic coach and is past assistant District Commissioner in the Boy Scouts.

Poff, his wife, Lynda, and their three daughters, live at 6021 Hanson in Amarillo.

dents with average or above average potential that for some reason are not achieving that potential," said Mrs. Strickland. "Our object is to bridge that gap between the student's potential and his performance."

Canyon Junior High Principal, David Corey said, "One of the main affects of the program is the self-image that the students acquire after completing this course. It makes them feel equal with their peers, because of this there is a noticeable improvement in the attitudes of these students."

He said that the individualized instruction these students are receiving helps. "The closer we can come to finding the student's weaknesses, the better off we are.

"The program has also helped arouse a new awareness in our teachers. Now they are less likely to look upon a particular student as a failure.

"Teachers are now beginning to use the L/LD methods in their classrooms and can better help their students," he added.

"Truthfully this program was not well accepted originally by the classroom teachers. They were not anti-program, but were probably anti-change like most of us. Now that they have seen the results they are supporting the program," Corey concluded.

Mrs. Strickland said, "We are delighted with the response from the parents and one of the greatest assets is the complete understanding of these parents. We feel like in a small way we have helped parents understand these children."

School superintendent Jerry Jacobs gave a financial report of the program saying that of the $171,990 cost, the expense to the Canyon School District is only $7,520. He said that the state is paying the remaining $163,370.

"These figures do not include custodial expenses, utilities and so forth. But we do receive an additional $660 per teacher for general operating expenses," Jacobs said. This totals $7,920.

Jacobs pointed out that a number of families had moved into the Canyon School District so their children might get into the L/LD Program, but added that there are waiting lists in most areas of the L/LD Program.

"At the present time the program will continue for one more year." But he said that the bill which created the program provides for approximately the same funding after next year.

Tidbits here and there

BY CAROL CRAIN

THE DALLAS FASHION MARKET notes that the pant suits have now become classics. Pants will have straight cuffs, blazers will be worn with silk shirts.

Fabrics popular for midsummer will include seersucker. plaid, bright washboard; cleaned and sunfaded materials called "hard times", ginghams, and American traditional in all colors. Gabaradine is also back.

Accessories will include clusters of strawberries, cherries, and daisies made into pins for lapels.

A bunch of violets may peek from a pocket or a single flower may bloom at the neckline or waist.

Other accessories seen on the market include sashes, taffeta scarfs, strands of pearls and skinny belts in neon colors.

Skirts will remain above the knee.

This report was brought back from Dallas by Della Henry and Ramona Elliott.

***

AT THE BOAT AND TRAVEL SHOW were the Merideth Warrens, the Blaine Hufnagles, the Ronnie Hufnagles, and hundreds of other Panhandle residents.

***

AMONG THE LITERATURE given out at the travel show was a brochure on Lake Texhoma. The leaflet describes such upcoming events as the National Sand Bass Festival held in Madill, Oklahoma during the third week in June. It is billed as the World's Largest Free Fish Fry.

Activities for the week include 126 hours of Fishing, daily prizes for largest number of sandies caught, terrapin races, boat races, art show and musical review, beauty pageant, a golf tourney, carnival rides, and a jr. rodeo.

***

UNDER POINTS OF INTEREST in Texas in the Lake Texhoma brochure is listed Fink, Texas, home of the annual National Fink Week.

Fink has a general store, a half dozen houses, church and school.

***

***

TEXAS TRAVEL POINTS of interest in that region include President Eisenhower's Birthplace in Denison and the Sam Rayburn Library located in Bonham.

***

FESTIVITIES SLATED WITHIN THE STATE this month are. Mardi Gras at Freeport and Lake Jackson, Charro Days (an international 3-day fiesta taking place on both sides of the border) in Brownsville, and the Houston Livestock Show and Rodeo.

***

SPEAKING OF TRAVELING the J.D. Stricklands, two of Canyon's outstanding educators, were in California recently. The couple picked up a new trailer there for future jaunts.

***

KENTUCKY was the destination of the J.E. Lows recent trip. Dr. and Mrs. Low visited with son Jon and his family there. Jon is in seminary.

***

AN HAWAIIAN HOLIDAY is being offered to WTSU students, alumnae, and interested friends of the university.

The trip, sponsored by the Student Activities Council, will include 8 fun-filled days (March 26-April 2) of Spring Vacation.

The cost of the trip is $275 inclusive from Dallas, based on 3 sharing a room. A Braniff 737 will carry participants to the island.

The one price includes round trip from Dallas, seven nights at the Imperial Hawaii Hotel, located in the heart of Waikiki, round trip transfers between the airport and the hotel, orientation sightseeing tour, and all taxes and gratuities on the above services.

If you need more information check with Jim Holston, program director (656-2296).

***

MEMBERS OF THE PHOENIX CLUB banquet committee are busy planning this year's affair. Mrs. Billie Erwin is chairman of the committee which includes, Mrs. Bill Sternenberg, Mrs. Dorothy Fletcher, Mrs. L. Louise Box, and Wix Price, Jr.

Phoenix Club members support the university by paying $60 a year into the organization. The tax exempt group is under Hank Brown, Ex-Student Director. For more information on joining the Phoenix Club or its activities check with Hank.

VIP RECIPE FIND MRS. E.L. SHORT, state representative wife from Tahoka is a busy mother. Two of the Shorts' daughters, Leah and Vivian, are WTSU graduates and Patti is currently attending the university.

Here's Mrs. Short's recipe, yummy ranch biscuits.

RANCH BISCUITS
(Bake at 350 until golden brown)
4½ cups flour
4 t. baking powder
½ t. soda
1 t. salt
¼ c. sugar
½ cup of melted shortening or oil
1 pkg. dry yeast dissolved in ½ c. warm water
2 c. buttermilk

Mix all ingredients, keep refrigerated and use as needed. Two of her other recipes will be featured here later.

WT Gets Permit For Radio Station

The Federal Communications Commission has approved a construction permit for a radio station on the campus of West Texas State University.

Bob Sanders of the WTSU Speech department, said Wednesday morning that the construction permit is the most complex part of approval of the station.

He said that the department hopes to be on the air by April 1.

The speech department has ordered an antenna and a transmitter and as soon as they arrive they will be installed and tested.

Sanders said the studio equipment is already installed in the Fine Arts building where the station will be located.

The FCC will be notified when the construction is completed and WTSU will then fill out an application for a license.

Sanders said that in 10 days to two weeks after the commission receives the application for a license that WTSU should receive authorization to go on the air.

He said that the commission had been written requesting call letters. The departments first choice was KWTS. Other choices sent the commission were KWTU, KWT, KWWT, and KBUF.

The station will be operated by the speech department. The announcers will be students enrolled in the radio workshop. The journalism students enrolled in broadcast newswriting will write the copy for the news casts, Sanders said. The journalism class is conducted by Bruce Roche.

The university began working on plans for the station about a year ago, Sanders said. The station will be an educational channel and will be funded through appropriations to the speech department at WT.

Sanders said that the station would be a low power station, 10 watts, and would cover the WTSU campus and Canyon and possibly ten miles outside Canyon.

He said that the station would primarily cover campus news.

Sorority Raises Money

BY MARY JO GRIFFIN

Concerning the articles in last week's News about the Canyon High School girls basketball team, I too had been thoroughly disappointed with the lack of coverage. I liked the way Troy Martin covered the games last season and have really missed it this year — but since I am trying to gather just bits of news myself I understand that you can't always catch the right person at the right place and time. And too, I'm a little prejudiced, being one of the mothers and boosters. The girls have had a good season thus far, and the sportsmanship both on the floor and in the stands has been great. We're backing you girls, and boys too. GO EAGLES GO — ALL THE WAY!

Get well wishes go out to Willomay Wicker who is in High Plains Baptist Hospital in Amarillo. We hope she was a speedy recovery.

Eta Epsilon Chapter of Epsilon Sigma Alpha met in the home of Wanda Leith on Tuesday evening for a jewelry fashion show, proceeds going to the Texas State Disaster Fund. Members attending including guests were Martha Hardin, Chairman of the State Disaster Fund, Alene Curry, Bettie Matthews, Joy Dalton, Dorothy Wood, Millie March, Marie Laird, Lottie Hand, Faye Stowe, Bobbye Griffith and Chris Mikel.

Mr. and Mrs. Tom Delashaw visited over the weekend with their daughter Mr. and Mrs. Monty Farr and children at their ranch home near Folsom, New Mexico.

Congratulations to Don Renshaw, son of Mr. and Mrs. John Renshaw, for a second place win with his pig in the Canyon Junior Livestock show.

Mr. and Mrs. F.E. Lesley have recently returned from a ten day stay in Truth or Consequences, New Mexico. They said they had a real good time there.

Mr. and Mrs. Andy Sloan and Shawn, Mr. and Mrs. George Sloan, and Mrs. Bertie Renfro, all of Amarillo were the guests of the R.H. Sims family Sunday to help Rocky celebrate his birthday.

Mr. and Mrs. Benny Hunecutt and children who recently moved to Amarillo from San Antonio were guests of the Jim Hunecutts Saturday. Benny is with Greyhound Bus Service.

Mrs. JoEll Newman, the sweetheart of Theta Pi Chapter of Beta Sigma Phi will be modeling a fashion from White & Kirk in the Western Plaza store Saturday. The sweetheart of each of the twenty nine chapters will be introduced at 2:00 p.m. Saturday, February 5. The proceeds from the Fashion Show will be a part of the Ways and Means Project.

HAVE PHONE — WILL LISTEN to your news from our neighborhood. Somebody else might like to read it, so please call me at 352-2951. Thank You. Mary Jo.

REGISTRATION

Mrs. Gene Shipman registers for a THDA training meeting at a table presided over by Mrs. Tom Henry, Mrs. Ervin Davis, and Mrs. James Dietz.

HD Women To Meet At Pampa During April

Plans for a district meeting in Pampa during April were made at a Texas Home Demonstration Association training meeting Monday in the Canyon Community Center.

The 59 women who registered for the training sessions decided that three workshops should be included in the Pampa meeting.

Citizenship, Health, and Family Life will be the areas for study.

Each of the 20 counties represented is to have a cultural art exhibit at the district session.

Mrs. Charles Warminski of White Deer, District I director, told the group that the state THDA meeting will be in Houston Sept. 12-14. The headquarters will be Astro-World Hotel. A busload of District I delegates is to attend.

The national meeting in Baltimore has been set for Sept. 25-28. The state delegation will be provided a bus from Dallas for the 11-day trip.

Packets on program enrichment and membership building were distributed.

Mrs. O.O. Henry welcomed the group to Randall County.

The meeting opened with group singing led by Mrs. Tom Henry with Mrs. Gene Shipman at the piano.

Registration was directed by Mrs. James Dietz, Mrs. Ervin Davis, and Mrs. Tom Henry.

Here is a great idea: Turn idle items into cash with a low cost want ad. Call 655-2141.

Fire Razes Home In Palisades

A fire razed the home of Mr. and Mrs. Robert Dustman in the Palisades Saturday night and Canyon firemen fought the blaze for five hours.

Five children were in the home when the fire broke out, but all escaped injury, according to firemen at the scene. Damage was estimated around $40,000.

Fire chief Jack Jennings, said the call came in around 10:45 p.m. Saturday, and the house was ablaze by the time trucks reached the house, which is located on the north side of the creek.

Jennings said a garage and an overhead television room were saved, but the remainder of the house was destroyed.

The Dustman family will live in a house owned by the Jimmie Oglesby's until their two-story home can be rebuilt, according to Palisades residents.

Jennings said the Canyon fire units had no difficulty in reaching the fire site in the Palisades, as had been reported earlier in the week.

"We were not slowed down by a locked gate because there was another opening next to the gate and we had no difficulty getting into the addition," Jennings declared.

Firemen did use water from the creek that runs behind the house to fight the fire. Cause of the fire was not known at press time.

Church members at Tanglewood bought the Dustman family clothing and supplies, and residents of Palisades and Tanglewood are collecting items to give to the Dustmans.

Two Will March With Drill Team

Bruce L. Crager and Billy Duane Harp, both Canyon freshmen, will enter competition season this month with Texas A&M's Freshman Drill Team, the defending national champions.

The 37-member team will march in Laredo's Washington Celebration meet Feb. 19.

Since 1968, the team has won the annual National Intercollegiate ROTC Drill Championships at Washington, D.C. during the Cherry Blossom Festival.

Crager, an ocean engineering major, is the son of Mrs. Ada Crager, 407 Holman Lane.

Harp, who is majoring in petroleum engineering, is the son of Mr. and Mrs. Bill E. Harp, Rte. 2.

T-Anchor Meets

The T-Anchor 4-H Club met Jan. 29 at the Farm Bureau Building to work on record books.

Present were Danny Rea, Steve Baker, Joan Fischbacher, Janet Robinson, Dan Watkins, Nancy Horton, Jay Findley, Yvonda Robinson, and a guest, Chris Kennedy.

Adult leader with the group was Cathy Horton.

Eleven Announce For Election

Glenda Holladay plays Mammy Yokum, Greg Reynolds is Pappy Yokum, and Gary Cox is Marryin' Sam in the CHS musical Lil Abner. The show is on stage tonight and Friday.

Eleven candidates have announced for state and county offices with five days remaining before the filing deadline.

The deadline for filing is 6 p.m. Feb. 7 with the Democratic or Republican county chairman.

Democrat Graham Purcell and Republican Bob Price have announced for the U.S. Representative seat.

State Representative Bryan Poff announced his candidacy for re-election Wednesday and is yet unopposed.

Incumbent Sheriff L.S. (Slim) Johnston has announced for reelection and is also unopposed.

Ronnie Posey, a Democrat and an Amarillo attorney, filed Monday for the office of tax assessor-collector. He will oppose Mrs. Audrey Bruse, a Republican, who has announced for re-election.

Four candidates have announced for the position of county commissioner, Precinct 3, being vacated by the retirement of Commissioner Glenn Dowlen.

The four candidates are Bob Henry, Raymond Batenhorst, Paul Lindsey and Charlie Donnell.

Commissioner Jim Fletcher has announced for re-election as commissioner in Precinct 1 and is so far unopposed.

Twenty-one precinct chairman for each political party will also be elected at the May 6 primary, according to County Clerk LeRoy Hutton.

The deadline for filing for places on the school board and the city commission is March 3 with the election being held the first Tuesday in April.

Mrs. Pauline Hefley and Dr. Dudley Moore have announced for seats on the school board. Dr. Moore is a candidate for re-election.

The term of Walter Graham on the school board expires this year but Graham has not announced for re-election.

Three terms expire on the city commission this year. They are the terms of Mayor J. Manly Bryan, Jim Christopher and H.R. Fulton. None of the incumbant candidates have announced for re-election.

Democrats Ralph Yarborough and Barefoot Sanders will oppose each other in the May 6 primary for U.S. Senator and the winner will run against incumbant senator John Tower, a Republican.

Li'l Abner On Stage

Dogpatch, U.S.A. defends its rights tonight and tomorrow on stage at the Canyon High School auditorium as the characters of "Li'l Abner" rolic through the musical production.

The hillbilly humor depicts the little village of Dogpatch, which has been declared the most unneccesary town in the country, fighting government to prohibit the town being used as a nuclear test site.

And Mammy Yokum is the only one who can find anything useful about Dogpatch, and that is her secret formula of Yokumberry tonic, which makes muscle men of weaklings.

The plot thickens as General Bullmoose, a sly and conniving politician, sets out to discredit Mammy's tonic.

The two-night performance of the show will begin at 8 p.m. and tickets sell at $1.50 for students and $2 for adults, and $2.50 for reserved seats.

A list of tunes to be sung tonight and Friday includes "Namely You", "If I Had my Druthers", "Jubilation T. Cornpone", and "The Country's In the Very Best of Hands."

Tom Jennings will direct the music, Charles Wright is the stage director, and Charlotte

(See Li'L, page 11)

City Dads Meet Tonight

City Commissioners will meet tonight at 7 o'clock in the community center to hold a public hearing on rezoning property in the 2400 block of 13th Ave.

The zoning request was recommended by the Planning and Zoning Commission and if passed it will change the present single family zone to two-family zone.

Commissioners will also hear preliminary engineering reports on the comprehensive study for the city now underway.

City dads will also discuss authorization of the 1972 paving program, and they will consider a recommendation by Planning and Zoning commission in reference to a special-use permit.

PONDER THE EVIDENCE — Three Canyon High School Beauties who are entrants in the Miss Canyon contest, look over one of the many books in the Criminal District Attorney's library. The girls are, from left to right, Joy Williams, senior; Tracie Erwin, sophomore; and Rhonda Umberson, sophomore.

Bryan Poff Announces

State Representative Bryan Poff announced his candidacy for reelection Wednesday pledging to fight higher taxes, welfare costs and to work for insurance and legislative reform.

Poff, 32, has served one term as state legislator and represents the new 65th district consisting of Carson, Randall and Potter Counties.

Poff is presently engaged in private law practice. Prior to entering private practice, Poff served on the staffs of the 47th District Attorney and the Potter County Attorney.

Poff stated Wednesday, "I have enjoyed serving the people of this area in Austin for the past year — We all know there is a lot to be done in Austin and if elected, I ~~will~~ continue to work for the best interest of all the people of our region."

BRYAN POFF

Poff said he would continue to vote against new taxes and to keep searching for ways to break the poverty cycle.

Poff said that even though the Attorney General has declared the Code of Ethics Bill passed by the legislature unconstitutional, that he planned to file a voluntary financial statement.

"I believe the voters have a right to know how I make any money. I feel that when you hold public office you give up certain rights of privacy and you become a public person."

"My pledge to the people of the 65th district is the same as it was two years ago — to give you a full day's work for a full day's pay, to give every side of every issue a full and fair hearing, to vote on each issue, to have the moral courage to stand up for what is right, and to always conduct myself in such a manner as to never embarrass you, my constituents, my family, or myself."

During his first term in the legislature, Poff served on the Governmental Affairs Committee, the Public Education Committee, the Highways and Roads Committee, the Motor Transportation Committee and the Committee on Judicial Districts.

Poff sponsored a successful floor amendment which limited welfare spending and helped to defeat the state Income Tax.

On the local level, Poff

(See POFF, page 11)

Page One Musts. . .

Closed Session

Randall County commissioners held an executive session at 1 p.m. Monday to discuss county personnel, according to Judge Woody Pond.

The commissioners will hold their regular meeting Feb. 7.

Classifieds Pay

Canyon News does bring results through the classified ads, and one Canyon couple rave about it.

A house for rent was listed in one issue of the paper, and some 30 calls resulted, and the advertiser rented the house on the strength of the ad.

Chamber Drive

Chamber of Commerce collected $605 at the two basketball games last Thursday which was enough to pay off a $1500 loan for Christmas lights.

Members of the Womens Division of the chamber and chamber of commerce men played the Four Flusherettes and the Four Flushers from KGNC, and both Canyon teams won before a capacity crowd at the Canyon High School gym.

Chamber president David West said the money would be used for the lighting fund and any excess will be deposited into a savings account for future lights and replacements.

Heifer Wins

A heifer from the A.M. Warren Ranch in Canyon was named grand champion at the Panhandle Hereford Breeders Association sale held in Amarillo last week.

Miss Anxiety 802X was sold to Claude Fauver of Floydada for $400. The four females in the sale brought an average of $341.

Miss Anxiety 802X was owned and bred by Meredith Warren of Canyon.

The Warren Ranch showed a pen of five grand champion bulls at the Panhandle Hereford Breeders Sale in Amarillo at 1965 and three champions at the Top of Texas Sale in Pampa.

C-C Drive Underway

Chamber of Commerce membership drive gets underway today with a 7 a.m. breakfast in the community center.

Team captains and members will meet to kickoff the drive, which will last through Saturday.

Col. John Childs is drive chairman and captains include Benny Cooper, Joe Gidden, Eddie Knowles, Cary Magness and Ralph Mardis.

Goal for the drive is 80 new individual memberships and 40 new business members.

Childs said cost of individual memberships run $2 per month and business memberships are $5. The chamber presently has 160 members and hopes to add 120 more to the roles.

The chairman listed chamber benefits as industrial development, promotion of Canyon and West Texas State University, tourist development, legislative affairs and community awareness and growth.

"The Chamber of Commerce has played no small part in the fantastic growth of Canyon in the last 10 years," Childs declared. "And we urge everyone in Canyon to become a part of the organization in order to strengthen the city.""

Posey Seeks Tax Office In County

Ronnie Posey, an Amarillo attorney, has announced his candidancy for Randall County Tax Assessor-Collector.

Posey, who is in private practice, has three and one-half years experience in the accounting department of Santa Fe Railway.

A Randall County resident much of his life, Posey said he has had a chance to examine several years of facts and figures of the tax-assessor's office and he felt, "these figures clearly indicated a change is necessary."

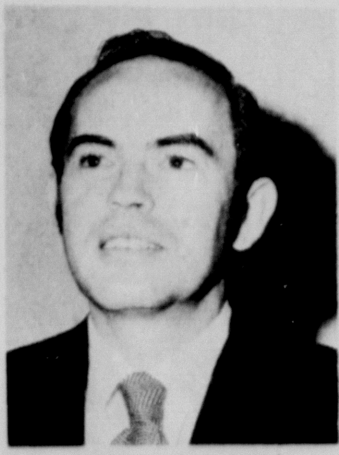
He attended Amarillo College and holds a Bachelor of Science degree from West Texas State and a Juris Doctor's degree from Baylor Law School. He has also attended Kilgore Junior College and has done graduate work at Stephen F. Austin University in Nacogdoches.

Born in Claude, Posey worked in legal aid in Waco and practiced law in Longview before returning to Randall County in July.

"I feel Randall County is not securing maximum benefits from increased tax revenues due to the present inefficiencies in that office. I feel that I can correct those inefficiencies because I have the necessary training and experience," stated Posey.

He is a life member of Alpha Kappa Psi business fraternity and Alpha Chi, national honor society. He was a scholarship recipient while attending Baylor Law School.

Posey and his wife, Tommie, who reside at 8530 Southwestern, are expecting a child in March. Until this semester she was a junior Biology major at West Texas State and was on the dean's honor list.



RONNIE POSEY

WT-ACLU Will Host Officers Of El Chicano

The West Texas State Chapter of the American Civil Liberties Union will host several officers of the El Chicano organization at their regular meeting today at 4 p.m.

Chicano problems in the Panhandle and across the state will be discussed at the meeting, according to Dr. Darrell Munsell, faculty advisor.

The officers will be here in conjunction with "El Chicano Week" to be held Feb. 21-25.

The meeting will be held in room 126 of the Activities Center on the WT campus.

Bob Henry Competes For Commission Seat

Bob G. Henry, 35, has announced his candidacy for Commissioner of Precinct 3 in Randall County.

Henry, who has lived in the county for 23 years, said Wednesday he has been interested in county work for many years and is seeking an opportunity to serve the people of the county. The candidate has worked for the county parttime for 15 years.

He is a 1954 graduate of Happy High School and received a bachelor of science degree in geology from West Texas State University.

Henry, who is married and has no children, said he was primarily interested in the road maintenance in the county.

He is a farmer with land southeast of Canyon, and will continue his farming duties if elected.

His father, who died in 1971, had worked for Randall County for 20 years, serving as road foreman in precinct 3.

"I am familiar with the county and I am anxious to serve the people of precinct 3 and Randall County," Henry stressed. "I will do the best I can for the people and I will maintain an open mind on all issues."

Henry also noted that he would listen to each issue and use his judgement in making a decision.

BOB HENRY

Girl Eagles Claw Hornets; Face Muleshoe Tomorrow

The Tulia girl cagers fell before a powerful Canyon Girl Eagle onslaught, 66-37, in a district tilt here Tuesday night.

Both Kris Tucker and Marilyn Read canned 20 points for the Girl Eagles. Ginger Curry also scored in the double column with 11. Kenda Hood scored six, Kim Killingsworth had five and Lynn Bowes made four.

Canyon jumped to an eight point, 17-9, lead in the first stanza, but had stretched that advantage to 21 by midway point, 37-16. The third quarter proved to be the best quarter for Tulia, but the frugal Girl Eagles allowed them only 13 points then.

"We looked pretty fair," said Eagle mentor Bob Schneider, "But the thing that dissapointed me was that we had 28 fouls. It turned out that it didn't matter, but it put them (Tulia) in a one and one situation early in the game. That is just way too many fouls," he lamented.

The Canyon girls connected on 50 per cent of their shots from the floor and 69 per cent from the charity line, while holding Tulia to a scant 15 per cent from the floor. "We were shooting pretty good, although our free shot (percentage) could be better," the Schneider sid.

"I think we had 17 turnovers in the game, which isn't bad. A team is always going to have turnovers. We don't like to have but about 12, but we didn't do bad."

The Girl Eagles will meet Muleshoe Friday in their last regular game of the season carrying the best season standard, 25-3, they have had since Schneider has been in Canyon.

"It is kind of a do or die game for Muleshoe, but they are still very much in the district race," Schneider said.

The Muleshoe girls have beaten Tulia once and have lost to Canyon once, while Canyon has whipped Tulia twice. "I feel like they will pressure us on defense and probably in the backcourt. We really had our hands full for three quarters when we

(See GIRLS, page 11)

Canyon Girl Eagle Ginger Curry tries to loft the ball above the heads of two Tulia girls in a district match. The Girl Eagles won 66-37 and will play Muleshoe Friday.

School Trustee

Election Called

BY BENNY TURNER

The Canyon School Board of Trustees amended a previous April 1 election order to include a third seat to fill the unexpired term of J.O. Parker, at their regular meeting Tuesday night.

A seat was left vacant by the recent death of Parker. One year remains on the original three year term. Candidates for that spot must specifically file for the one-year term, according to school officials.

The reelection will also include the seats currently held by Walter Graham and Dr. Dudley Moore, Both men's terms expire this year.

The board members observed a moment of silence at the beginning of the meeting in honor of Parker, who had served for 15 years on the Board of Trustees.

Mrs. Hazel Strickland, director of the Canyon School District Learning and/or Language Disabilities Program, and several members of her staff presented a program on the methods and the success of the L/LD Program.

She said that Canyon was one of 12 pilot schools in Texas to initiate the state funded project and that they were currently serving 560 Canyon students.

This is the second year of the three year program.

"The L/LD Program is for stu-

(See ELECTION, page 11)

1929 Graduates Where Are You?

Members of the 1929 graduating class from Canyon High School are being sought by a brother and sister who also were in that class.

Edgar and Margaret Laxson (now Mrs. O. S. Clark) have contacted Mrs. Clyde Warwick of Canyon in an effort to find addresses of the members of the 1929 class.

In a letter to Mrs. Warwick, Mrs. Clark said anyone who was in that class or anyone who knows some of those graduates should write down addresses and happenings since 1929.

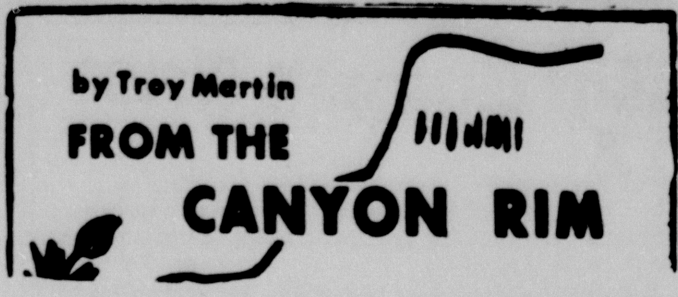
A list of the 1929 seniors is as follows: Jake H. Harrison, J. Wallace Hastings, Harvey Moore, Elva Lee Bagley, Mary Lockwood Sternenberg, Ira Parker, Charles Donnell, John Hiram Platt, Lester O. White, W. D. Meadow, Lillian Earl Davis, Nannie Lee Neal, Mary Elizabeth Crosen, Hannah McCormick, Wayne Johnson (deceased), Lola Mae Doak, Willie Marsleet Brooks, Arline Wilson, Beulah Hardman, Keith Donnell, Lucy Ann Stewart, Glenyce Young, Gladys Young, Marjorie White (deceased) Helen Woods, Mary Alice Pearson, Valera Black, Area June Richardson, Flora Terry, Iona Pearl McClure, Christine Upchurch, De Ette Reid, Carrie Guthrie, Ethel Ruth Collins, D. Roy Parker, Harold Lowe, Ruth McGowan, Opal Ruth Shuman, Gladys Eugene Stewart, Ernest O'Donald, Howard A. Cox, Harriet Dickenson, George Murphy, Prentice Ballengee, Ernest Covington, Mary Helen Gill and Willie H. Brian.

Mrs. Clark's address is 4500 N. W. 34th, Okla. City, Okla., 73122, and Laxson's address is Box 417, Temple, Okla., 73568.

COVERING FUMBLES

by Dean Mitch Jones

We long for that day when the dictators of style decide that it is profitable to bring back nice roomy (even if baggy) trousers.



FROM THE CANYON RIM

by Troy Martin

The United States Post Office used to be a symbol of dependability.

You could mail large sums of cash and be relatively certain that it would wind up at its destination safely. Now it might be **lost in the mail and never arrive.**

Francis Shell mailed a check to The Canyon News last Saturday. So far it hasn't gotten to my office one door away from the pharmacy from which it was posted.

The same thing happened about a year ago. The check Shell sent was found in New Jersey at a mail bag repair depot.

Lack of dependability has grown to be about the only consistent thing about the post office these days. I'm not putting the blame on the local office. We have just about the same crew now that gave us such good service a few years back.

Shell's letter which hasn't arrived had to be sent to the Amarillo Distribution Center so it could be properly sorted and sent back to Canyon for eventual delivery in the same block from which it started.

We've also had trouble getting our newspaper to Happy, only 15 miles from here. At times it takes as much as four days to get there.

Within the next few weeks we hope to be taking the Amarillo and Happy bundles direct to the Amarillo and Happy post offices. I hope we will be able to bypass the Amarillo distribution center where there seems to be a concentrated and near consistent foul-up.

Poor quality service is having a marked effect on commerce which has depended on this hitherto almost infallible carrier to speed along communications.

The distribution center idea, advanced as a money-saving technique, obviously isn't working. The postal service in the past two or three years has become an employment pool where preferential treatment has been given hard core unemployed and minority groups sometimes not qualified for the jobs they hold.

This, coupled with the fact that the department is using fewer people and cutting down on overtime, puts an unbearable load on the old hands who know what they're doing. The career people to whom I've talked know better than anyone else that the efficiency and dependability of the department to which they have devoted their working lives is slipping and they despair of it.

***

Ceilings put on what federal candidates can spend on campaign advertising affects only broadcasting, telecasting and newspapers.

The bill was designed to help poor folks get an even break in running for office. Now if you are so poor you only have $8.5 million to spend on advertising you can still run for President on an equal footing because that's all your poor opponent will be allowed to spend.

***

People are concerned about the threat to local schools through federal court rulings. Courts in effect have ruled that the school money must be distributed for schools on a per student basis.

Since it was a federal court ruling we can assume that its effect will be felt nationwide and that the Canyon school district can spend no more per child than is spent in Brooklyn.

To enforce this ruling the state and federal governments must run our school systems. There will be no need for local school boards.

***

We've been getting all kinds of calls and letters about our bird population around the court house.

The latest came from Viola Gum of Houston, Mo., who enclosed an AP clipping warning that starlings sometimes carry diseases which can be fatal to humans.

Experts quoted say the birds can leave behind salmonella, a food poisoning, or histoplasmosis which produces symptons similar to tuberculosis.

Mrs. Gum remembers that her son, Royce, and Wilford Taylor III used to earn pocket money picking up dead birds that had been blasted out of trees around the court house here.

Mr. L.J. Roberts of 3606 Lipscomb in Amarillo called to tell me that a firm in Littlefield specializes in eradicating starlings. It might be a good idea for the commissioners court to inquire.

***

I'd like to see more letters to the editor, the more controversial the better. Sign your name and we'll print your letter. We do not ordinarily print unsigned letters.

Coming to Canyon
Spiritual Teen Quake.
March 17

Los Angeles Times Tells Of "Texas," Palo Duro

Palo Duro Canyon and "Texas" were the subjects of an item by Betty Martin in The Los Angeles Times for Jan. 23.

Miss Martin described the canyon as a secret-120 miles long and 20 miles across and said that experts have called it a combination of the Painted Desert and the Grand Canyon.

Mention is made of the award-winning outdoor drama by Paul Green and the park's recreation facilities including the miniature train ride, sky ride, horseback trips, and camping, and the souvenir and snack shop which retails material explaining the canyon's geological formations, historical background, and points of interest.

Miss Martin writes travel-related articles for the Times, which has a circulation of 1,246,870, according to Raymond Raillard, executive vice-president of the Texas Heritage Foundation, which produces "Texas."

2 Get Degrees From Texas Tech

Penny Warren Hart and Cherry McEntire Shaw were among the 888 students at Texas Tech University who received bachelor's degrees at the end of the fall term.

Mrs. Hart, the daughter of Mr. and Mrs. A.M. Warren, received a degree from the college of home economics. She specialized in home and family life.

Mrs. Shaw, who earned a degree in sociology, is the daughter of Jack Priddy, Rte. 2.

Here is a great idea: Turn idle items into cash with a low cost want ad. Call 655-2141.

Letters to the Editor

Dear Troy,

Have been reading of your troubles with starlings at courthouse, and this article was in last Sunday's Springfield, Mo. paper — so thought of Canyon.

We've been away from Canyon three years — and still I'm lonesome for it.

Just now I'm caring for a badly **broken** ankle joint that happened Dec. 24, but hope in a few months to walk again.

Best Wishes,
Viola Gum

I have to laugh about birds at courthouse, as 27 years ago our son, Royce and Milford Taylor III were paid one cent per bird to pick up dead birds after they blasted them out of trees around the courthouse.

Dear Mr. Martin:

When the Son of God walked the earth in human form, His friends said He went about doing good. Even wicked old Pilate said he found no fault in Him. However the self-righteous **scribes and Pharisess denounced His every action. The modern variety does not seem to have** changed much.

I have no doubt that you, Ann Brown, and Sam Allred are quite capable of defending yourselves. I'm sure, however, that you fine journalists are busy going about doing good, so please let an appreciative reader tell you to keep up your good work.

Sincerely,
Mrs. James Thomas

County Judge Attends Meet

Randall County Judge Woody Pond attended a planning session Friday in Austin for the Juvenile Judges Conference to be held April 25 through 28.

The conference, sponsored by the Criminal Justice council of the Panhandle Regional Planning Commission, will be held in Brownwood.

Judge Pond was appointed to the planning committee by the judges who attended the 1971 conference.

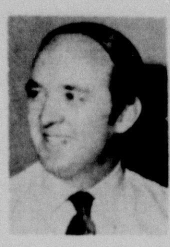
The planning committee was made up of six judges and one member of the Criminal Justice Council, C.L. Abernathy, former county judge of Hale County.

Judge Pond said that he planned to attend the April conference.

Home on the Strange

by Sam Allred

Have you ever stopped to think of the number of things that happen, toward the results of which you have no control? Little everyday things that threaten your sanity and make you know, deep inside, there has to be a better way to live.



Driving has become such a psychologically heavy experience it is a wonder everyone does not leave the driving to that corporate "us". You cannot drive across a parking lot anymore without becoming so distraught your blood pressure threatens to run rampant.

There will be screams and yells and ugly letters saying chauvanistic yo-yo, but facts are facts. Women behind the wheel of an automobile do less for mental health than every overbearing mother ever born. **Follow a woman all the way across town and you will silently weep for the loss of the French Foreign Legion. They never** allowed a women to drive the **supply camel.**

The blind faith — the utter disregard for statistics, probabilities or analytical curves — women drivers defy logic and cause faltering faith.

Every lady who has pulled blithely out into incoming traffic, calmly assured the entire world will stop and await her wishes, probably deserves the fantastic insurance premium she is bound to be given by her insurance company.

While we are on the subject of things that drive you up-the-wall, over which you have **no control, let us discuss large** corporations. Has anyone ever had a credit card bill match the number of charges, plus finance charges and assorted extra additions that credit cards collect? Of course not. Then you couldn't spend four hours during the first of the month, turning red and saying ugly words.

The theory in credit card offices has to be that no one reads their bills very carefully anyway, so the night watchman can run off the current watch while everyone splits for the early movie. That is why you can have current tickets totalling $52.90, a current bill for $364.00 and a threat of legal action if this past due amount isn't paid. The President of the United States could call on your behalf and swear you did not charge more than $52.90, and you would still receive threatening letters, until one day they mysteriously stop.

It is not enough to say that one day you can retire and quit work and settle down with your hobbies. There is going to have to be an ironclad, unbreakable, non-litigatable contract that says if you work all your life and never get busted and go to church regularly, then everyone is just going to ease up on you. Allow you to stagger through your day without the constant fear the tiny vein high on your forehead is going to pop. POP.

And when that happens, all those people who hacked you off for all those years, will be sorry. Sorry, sorry, sorry. They will just have to send your credit card bill to the lady who bashed into your front fender while your were parked in the middle of your lawn washing your car. Let's see those two fight it out.

WTSU Graduate With Army Corp

Larry Banks, a graduate of West Texas State University, is the only archaelogist working for the U.S. Army Corps of Engineers.

Banks is employed by the Tulsa district, covering all of Oklahoma, and some bordering parts of Kansas, Missouri, Arkansas, Texas, New Mexico and Colorado.

He is directly concerned with the interpretation and preservation of 70 historical sites in his district.

BSP Members Get Degrees

Charter members of Alpha Theta Delta chapter of Beta Sigma Phi received their Ritual of Jewels Degree in the home of Mrs. Herbert Kuhlman Jan. 24.

Mrs. Kuhlman and Mrs. Johnny Robinson conducted the ceremony.

Those who received the degree were Mesdames Kenneth Conway, James Hill, Ernie McCracken, Steve Hines, Henry Lewis, Mike Lewis, Eric Perkins, and Dick Scott.

March Of Dimes Collect $930

About $930 was collected for the March of Dimes during Canyon's Mothers March Monday, according to Mrs. Eddie Holcomb.

The Canyon Study Club and the Heritage Women's Club conducted the march. The money will be used for research, health education, and medical service for birth defects.

Last year, $828 was collected through the march. Mrs. Holcomb said Wednesday that she was pleased with the results of the march and would term it a success.

Any child born with a birth defect in Canyon is automatically eligible for treatment in one of the centers as a result of money collected in Canyon, Mrs. Holcomb said.

Cook Receives Scholarship

Jack Cook is among 1200 scholarship recipients for the 1971-72 school year at Abilene Christian College.

Cook, a 1970 graduate of Canyon High School, is a sophomore sociology major.

3 Indicted Monday On Theft Charges

Three Amarillo men were indicted by the Randall County grand jury Monday on charges of theft of a private residence at night.

Joe Don Webb, 21, of 1501 A Parker, Bruce Lynn Bullard, 19, of 1507 Travis, and Jim Don Williams, 21, of 1501 A Parker were charged with the Nov. 4 burglary of the residence of Lloyd Bergsma, executive director of the Texas Cattle Feeders Association.

Eighteen guns were taken in the burglary, according to District Attorney George Dowlen.

Detective Gary Richards of the Amarillo Police Department, acting on the tip of an informant apprehended Webb and Williams Saturday, Dowlen said.

The two men allegedly led police to where the guns were found, Dowlen said. Some of the guns were found at an Amarillo motel and two had been thrown over a bridge at Camp Don Harrington, Dowlen said.

Skin-diver Terry Funk found the two guns and two others are believed to be over the bridge, Dowlen said.

Bullard turned himself in to Amarillo police Sunday.

Williams, Webb and Bullard were arraigned before Justice of the Peace W.W. Hancock and bonds were set at $5,000 for each. Five other indictments were returned by the Grand Jury Monday.

John B. Green, 35, 2712 Highland in Amarillo, was indicted on passing a worthless check in the amount of $68. He was arrested Jan. 17.

Alfred Spears, 23 of Canyon, was indicted on a charge of fondling. Spears was arrested Jan. 11. He was arraigned by Justice of the Peace W.A. (Biil) Wilson and his bond was set at $10,000.

Prentice Noel Ellerd, 34, no address given, was indicted on a charge of assault with the intent to rob.

Stanley Keeling, 47, of Childress, was indicted on charges of forgery and passing a forged instrument. He was arrested Aug. 11.

Our World

BY ANN BROWN

The trouble with our world—and that includes our own beloved Country—is that man has forgotten God. God is love. But **man no longer uses** love to solve his problems; he uses force.

How tragic that even consecrated Christian parents spend so much time and money preparing their children for life in this world — which at best is brief — and invest so little in preparing them for eternity.

Having been taught — by implication at least — that the acquisition of gold is more important than obedience to God, children reflect this attitude all their lives.

When problems arise in the home, are they solved through love? The latest report is that 40 percent of Americans — the highest rate in the world — go to court and force a dissolution of the home instead of the problems.

When the trouble first arose in our schools because children were not permitted to attend school in their own neighborhoods, did we solve the problem through love?

Because the majority of Americans were not concerned for the welfare and happiness of a relatively few black and country children, they were forced to attend school many miles from their homes. Now millions of children, black and white, town and country are being shoved around and subjected to conditions hardly conducive to education.

Good parents do not resort to force to control and direct their children until all efforts through love have failed. Nations should do likewise.

No doubt God gave victory to the Allies during World War II because they surely tried every peaceful way to contain and control Hitler and his cohorts before declaring war.

Has our nation tried to eliminate its economic woes through obedience to the Word of God (love) or through man's concept of justice (force).

The Bible says every man to whom God has given riches and health has the divine right to enjoy them (Ecc. 5: 18-19). Does he have that right in the United States?

In practically every city in America, mansions are standing vacant and crumbling into decay while the owners nurse their ulcers. Why?

Ad valorem taxes are making it increasingly impractical to own property for personal use. And it is impossible to maintain a luxurious home without help.

Because the wages for domestic help cannot be taken off the employer's income tax, relatively few Americans can afford to hire the help they need.

The rich are forced to pay taxes to support the poor on welfare. This system deprives the wealthy of the chance to enjoy the wealth they have earned, and it deprives the poor of their identity and self respect.

God created man with varied abilities, and He looked upon His handiwork and said it was good.

A gardener can take as great pride and get as much joy — perhaps more — out of the beautiful garden he creates as a genius can from his inventions.

And a baker can be as justly proud of the good bread he bakes as a banker can of an efficiently operated bank.

Every government should allow its citizens the opportunity to serve to the limits of their capacities, and enjoy the fruit of their labors. This could be done through obedience to God (love). It cannot be done through froce.

Mescalero Park News

Blue Birds, Camp Fire Girls Busy

BY TOOTIE BYBEE

A big "HELLO" from Mescalero Park! The news this week was gathered in somewhat of a hurry, "sandwiched" between this 'n that. Perhaps next week will produce better copy as it may be a little more organized. (HOPE).

OFTEN TIMES WHEN I get more organized it's worse!!! Anyway the Canyon News has taken on a much more interesting note with all these new columns from different areas. It is always nice to read about someone you know or even yourself! So, here's a little news from us to you:

The Blue Birds and Camp Fire Girls of Mescalero Park are always busy, busy, busy. The Blue Birds, under the leadership of Michael Whitehead and Barbara Moreland collected toys and took them to a family whose home had burned. They are real excited about their plans for a "Date with Dad" in February. Those sweet little Blue Birds are: Lori Lee Laird, Stormie Moreland, Kim Langford, Tracy Gillis, Michelle Whitehead and Lenise Bybee.

The Camp Fire Girls took some lovely children's books they had helped to collect to Neblett Hospital to be used in the children's ward. They crossed the street and took a quick tour of the Library. My that Canyon library is something. There were several kiddoes there getting their lessons. The Librarian told us a little about the history of the library and said at one time the books were kept in different homes.

We enjoyed the short visit and learned something too. It is really nice to have our own neighborhood library to study or just-to-lose-yourself-in-a-book in. The girls then sped their way to Amarillo for a visit with an old friend Mr. R.N. Miller of the Golden Age Rest Home. We took him an Angel Food Cake and to be quite truthful helped him to eat it! These busy girls who do so much for others are: Traca Cooper, Glenna Evans, Cristie Jones, Kay Tow and Leslie Bybee. You must have guessed by now, I'm the lucky leader of this bunch.

While we are on the subject (of Camp Fire Girls) we all want to say a hearty "well done" to Karen Tow for winning second place in the Camp Fire Girls Candy Sell drive this year. She received a radio, and in the drawing she got a $3 certificate and inflatable pillow for her room. Her sister Dana, won first place last year and was given a TV for her efforts, the year before Leslie Bybee was high salesman. So, as you can see those Canyon girls get with that selling. It all goes back to the wonderful support of the Canyon people. We were so grateful to The First National Bank and West Texas State Bank for letting us sell in their foyers. A special big thanks to Judge Woody Pond for buying the first box and posing with the girls for the publicity picture. Thanks to all who purchased Camp Fire Candy.

It seems Mescalero Park is made up of winners! Want to send a happy congratulations along to pretty Miss Martha Johnson for being chosen the Golden Spread AQHA 1971 Senior All Round Youth Champion. That's a big honor not easily won, we are all proud of her. Miss Susan Ross was recently awarded her Youuth Champion Award by the AQHA.

She won this award with her horse Skip Miss Bar. She is the only one in the immediate Panhandle area to hold this award, the nearest one being in Midland. There are only about 13 award holders in the State. She had to earn 35 points at halter, performance and other areas to win. Another congrats to Susan. Her brother won all around showman at the stock show in Canyon. So, we really have a bunch of active youngsters here abouts. The stock show in Amarillo must have been a big success with all the awards the Canyon kiddoes brought home.

Blanche Hudson said it sure kept hubby Mike busy covering it for the Quarter Horse Journal where he is advertising coordinator. We're sure all glad the Hudson's moved into our little oasis when they came to Amarillo from Wyoming. Blanche is hard at work on her teaching degree from WT. This is her last semester and she will do her practice teaching at Palo Duro High in Amarillo in the business arts, typing, etc. I've never seen or heard tell of anyone who put a bulletin board together they way she does!!

Well, the bad weather caused the brave ladies of the Thursday Arts and Crafts Club to stay home by the fireside. We sure have a lot of fun when we get together. There is always a new recipe circulating among us. One that caught my fancy was given to us by Michal Whitehead, it's low-calorie dip, I just know you'll want to try it, so here 'tis: Put a small box of cottage cheese, 3 T. skim milk, and a package of your favorite dip mix, into the blender. Blend until smooth (which isn't too long, so watch it) and serve with carrot and celery sticks. Hope you enjoy it. This Thursday will find us all back together busy on a project of some kind and enjoying each other's company.

Want to send much happiness along to Jenny Sandlin who recently married Thomas Brewer, Kathy Savenko will marry David Vines of Hereford, February 11 in the Central Church of Christ in Hereford. Kathy will be honored with several showers in the near future. Hope she won't mind my sharing this little piece of info. It seems she and her Mom couldn't locate a Hoop Skirt to go under her Wedding dress. So, Mom just took a sheet and coat hangers and made one for it and no one can tell the difference. That is what I call thinking. Hope Kathy and David have all the best.

The Evans had a houseful of guests this week-end. Leroy's twin brothers Lloyd from Pampa and Floyd from Amarillo spent Saturday with them. It was a good time for Leroy to show off his pretty new yellow and white pick-up he had "picked-up" in Hobbs while seeing his mom and dad last week

Don't know if you have noticed, but we sure have a lot of new houses going up all around us. The Wayne Steens are busy on a new one. Stopped and toured the "open house" on Mescalero Trail Sunday, real nice! One of the newer homes, and I might add, more unique looking, is the beautiful D.A. Malson home at the end of XIT Trail. The house was a family project and every nail, board, etc, was put in place by them. They used many "old found treasures" to really give it individuality. I can't wait to get a guided tour. Betty promised and I'm holding her to it. It is truly a home built with love and hard work.

Dana Tow won her first trophy on her "birthday bike" last week end. She placed 3rd in the Powder Puff run. Brother Mike didn't get a trophy this time as he hurt his leg warming up. Don't know where they are going to put any more trophies any way. But I do know not to take my VW to the river to watch them ride any more. It took 8 men to lift it out of the sand and set it on firmer ground. They keep telling me to get a motorcycle....

You know the first day of Spring is March 20, so that makes "Spring just around the corner." I didn't believe this until I saw Mr. and Mrs. Bedwell, last week, out cleaning up their garden spot and preparing for the new season. They are the precious couple who garden there just North of the Charlie Fowlkes home. With them around you can about throw away your Alamanac. Never know anyone to raise such an abundant garden.

Hope you have enjoyed your little visit with us. We invite you back here next week where you will hopefully find us. If any of my good friends and neighbors have any news, etc. that I have missed please, please call me, 622-1471. If I'm not home it is alright to give it to Sam but not to daughters 1 or 2 as they might misquote you, so leave your name and no. and I'll call you back.

One last word, and for me that's hard. To Sam Rogers: I've seen how hard you have been working. Those trees you put out are just lovely.

Church Groups Ski, Skate

A group of 32 from St. Ann's Catholic Church spent the weekend skiing southeast of Taos, N.M.

Twenty members of the junior high and high school Sunday School classes and 12 adults made the trip.

On Jan. 22, about 30 junior high students from St. Ann's and from First United Methodist Church went skating and ate pizza in Amarillo.

Here is a great idea: Turn idle items into cash with a low cost want ad. Call 655-2141.

Richmond Hales

Out Standing In His Field

by "Shug" Bonds

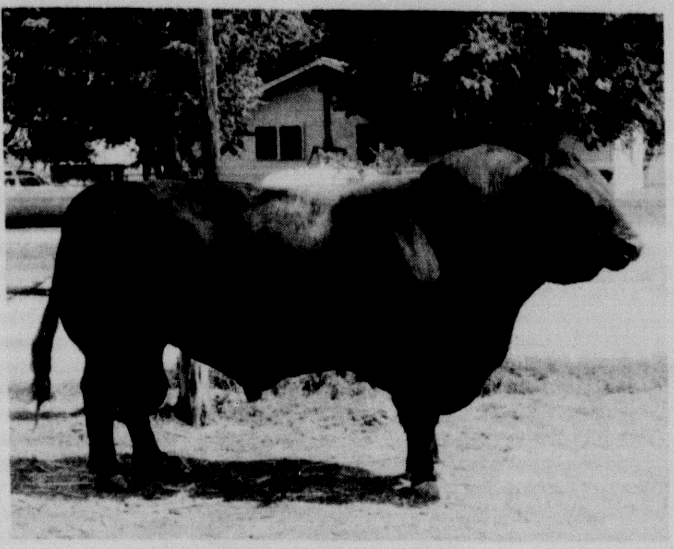
Howdy! This is the beginning of a series of articles concerning a rare breed of men, the American Farmer. These are men who are not concerned with a 40 hour week or two week vacations, but risk all of their resources and knowledge against the ever changing elements in order to make a living. Now don't misunderstand me, these fellows aren't the dumb overalled farm boys as some people would lead us to believe. In the day of specialization, the American Farmer is a professional dealing in one or two specialized areas of agriculture.

It is my goal to present a wide variety of agri-businessmen specialized in crop production, beef cattle, dairy cattle, swine, and other closely related fields. This week I visited with Richmond Hales.

Richmond Hales was born in 1926, six miles south of Amarillo. He was one of the 10 children of Mr. and Mrs. H.B. Hales. At the present Mr. Hales, who is very active at the age of 78, resides at 2810 Parker St. in Amarillo . Richmond has 3 brothers and 3 sisters; Joe of Claude, Lewis of Amarillo, Jones of Canyon, Mrs. Jane Daniel of Amarillo, Mrs. Ruby Cunningham of Omaha, Neb., and Mrs. Elizabeth Gordon of Bartlesville, Okla.

Richmond attended Canyon schools and graduated from West Texas High School in 1946. He attended RESICH AMERICAN SCHOOL OF AUCTIONEERING in Mason City, Iowa which he completed in 1948. From 1948-1953 Richmond's primary business was holding auction sales.

In 1953 Hales went into the dairy business and dairied until April, 1962. During this time he exhibited many prize winning registered Holsteins, and sold many of that breed's outstanding individuals. Over the years he maintained an average size herd of about 50 registered cows.



KENMORE MARSHALL

In February, 1962 Richmond began breeding registered Angus cattle; which he is presently doing along with his other farming interest. The majority of the foundation females came from the Horton & Bell herds in Merryville, Mo. His first herd sire came from Missouri and was used in the breeding program until 1968, many of his daughters are in the present herd. Presently the herd consists of 145 mother cows. From these cows the top 50 bulls and the top 35 heifers are offered for sale to the public in an annual production sale held the 2nd Thursday in November. Animals from these sales have been readily accepted locally as well as all through the southwest. At the first sale the bulls averaged $400 and the bull average was up to $750 in the recent 5th sale. This in itself shows the rapid improvement made in the Hales herd. Two of the reasons for the improvement in the cattle are the utilization of modern technical data gathering equipment and a herd bull named Kenmore Marshall A.

The Hales realized that their customers were more interested in rugged, good quality bulls backed up by top performance figures rather than in showing champions. About three years ago the Hales stopped exhibiting their cattle, although they were doing quite well, and devoted full time to the performance data that their customers desired. This herd has the distinction of being the first Angus herd in the state to use the Scan-O-Gram services of the Iowa based, International Livestock Improvement Services Corp. This makes it possible for them to give a customer the approximate amount of fat thickness and muscle area in the animal as well as the weaning weight, yearling weight, and the average weight gain per day.

The big improvement in the data information was due to the bull, Kenmore Marshall A. This bull was bred by Kenneth More, Roxbury, Kansas; who is currently to be recognized as a Certified Meat Sire. To obtain this rating at least ten off-spring must be slaughtered and meet a set of above average carcass requirements. This bull has the distinction of being one of ten bulls in the history of the Angus breed to have all carcasses slaughtered meet these requirements. Kenmore Marshall A sired the grand champion steers at the last two Randall County Jr. Livestock Shows, and he sired the champion carcasses at the 1970 High Plains Fed Beef Carcass Show. This bull will be eleven years old in March and weighs about 2260 lbs. Richmond says that about 2500 lbs. is about as big any Angus has ever grown to be.

Richmond operates a 660 acre irrigated farm south west of Happy where he raises wheat, milo, and haygrazer. He also pastures about 320 acres of grass located near Dimmit and at their home farm south of Canyon. Just to make sure that he stays busy Hales is the DeKalb seed dealer for a portion of Randall County.

Richmond and Mary Jo Tomlinson were married on August 18, 1950. Mrs. Hales is the daughter of Mr. and Mrs. Floyd Tomlinson of 2501 5th Avenue, Canyon. She has two sisters; Mrs. Norma Jean Williams of Abilene, and Mrs. Nancy Kay Wilkinson of Canyon.

The Hales have three children; Rick, Rhonda, and Rod. Rick was active in football and was President of the F.F.A. while he attended Canyon High School. He is now an animal science major at Abilene Christian College. Rhonda is a junior at CHS and is active in the T-Anchor 4-H club. She recently exhibited the Champion steer at the county stock show. Rod is a freshman at CHS where he is totally involved in all phases of the Future Farmers organization. Rod is interested in steers, cow-calf, and swine projects.

The Hales family are members of the Central Church of Christ where he serves as a deacon and she teaches in the vacation church school program.

RICHMOND HALES

Mr. Hales is currently president of the West Texas Angus Breeders Assn. and he is a director in the Texas Angus Breeders Assn. He is a member of the Texas Southwestern Cattle raisers Assn. of Ft. Worth and the Randall County Jr. Livestock Assn. where he has held the office of president, general superintendent and auctioneer since 1949. Richmond said that the first year that this show held a sale he conducted that sale and helped do so for several years.

I have noticed in the Homemaker of The Week column the person being interviewed gives a favorite recipe, so I decided to ask for a favorite feed ration or helpful hint. Richmond's only comment was, "For best results in the beef cattle business use a black bull in your present cow herd."

Mary Jo is very active in the University Study Club and the AUW Arts and Crafts group. Along with taking care of her three children she stays very busy teaching tole painting classes.

A new member for the Canyon Chamber of Commerce was greeted this week by membership drive chairman John Childs, far left, chamber president David West, and Roland Black, chamber manager far right. Second from right is Ron Williams manager of The Only Place that bought a membership during the four-day drive now underway.

Involvement To Be Topic

A gathering at First United Methodist Church will discuss ways for the church to involve more members in its program and how members, in turn, can take a more active role in solving the problems facing society Sunday evening in the Methodist Student Center, 107 26th St.

The group will meet for worship in the center's chapel at 7 p.m.

A panel presentation and discussion in the Great Hall will follow. David Kent is to be panel leader. Panel members are Karen Petitt, Mike Downing, Susan Bewley, Jaycene Bellah, Mack Bush, Don Sheffy, Mrs. Janice Cranmer, and Mrs. Jo Jackson. Mrs. Betty Holcomb is to moderate.

A committee from the student center, Miss Bellah, and Curtis Cadenhead are planning the worship and music for the evening.

Happy Sponsors VB Tournament

An invitational volleyball tournament will be held Feb. 17-19 at Happy High School, according to Coach Leslie Lee.

The three day tournament will be open to any adult teams, men and women, and entry fee is $7.50 per team.

Lee said the tournaments will begin around 6 p.m. each evening, and 12 to 16 teams are expected to enter.

Prospective teams may contact Lee at Happy High School or call 749-3931, or Bob Hargrave at 749-4581.

House Damaged In Fire Sunday

A house at 1808 Fifth Ave. in Canyon received heavy damage Sunday evening when fire swept through the structure.

Canyon fire officials said John Bewley was in the house at the time of the blaze, which apparently began in the bathroom, and Bewley received minor injuries to his hands but was not hospitalized.

Firemen said the call came in around 6:30 p.m. and they fought the blaze for about 15 minutes before bringing in under control.

News Brief

Robert Courtney Olsen has been named an Engineer Fellow at the University of Texas for outstanding scholastic performance last semester.

Olsen was ranked in the top five percent of his classes to gain the honor, and was one of 100 students to be tapped for the honor.

Palisades Palaver

Fire Destroys Home

BY VICKI HOOKER

Tragedy stuck last Saturday night in the Palisades as fire destroyed the home of Mr. and Mrs. Robert Dustman. The once-lovely red brick home, valued at some $40,000, caught fire sometime around 10:00 p.m. Neighbors rushed to the site, hoping to contain the fire until the Canyon Fire Department could get there. But unfortunately, the flames were already too high and the heat too intense for anyone to try and save any of the family's belongings. So the men who had come to help grabbed rakes, shovels, brooms — anything that was available and kept the flames from spreading across the lawn and down to the creek area. The rest of the onlookers watched sadly as fire and smoke billowed from the front of the house.

By the time the Canyon Fire Department reached the scene about 10:30 the flames were leaping and scorching the tops of the trees around the house. By midnight the fire fighters had the blaze under dontrol, but the smoke could still be seen for a distance of about 3 miles. The crowd began to thin out as the wind increased and the temperature had dropped enough to turn the water on the fire fighters' coats to ice. Some of the women rushed home to make coffee and sandwiches for those who stayed all night to keep the fire under control. We all say "hats off" to those Canyon firemen. They have always done their very best for us in times of emergencies, and this time was no exception. We certainly appreciate all their efforts.

Fortunately, no one was injured in the blaze. The Dustman family escaped to safety in a nearby neighbor's home. At present Robert and Roma and five of their six children are staying the home of Mr. and Mrs. Jimmie Oglesby in the Palisades. The house had previously been for sale, but the Oglesby's are letting the Dustman's stay there until their home can be rebuilt. Their plans are to rebuild where the other house stood, and with lots of help we know they will find the strength and perseverance it will take to start anew. Palisades residents have already begun donating clothes, linens, dishes, furniture, and anything they could spare to help ease the pain of thistragic event. And when construction begins on the Dustman's new home, all of us who are available will be there with our hammers and elbow grease to do whatever we can. This is what makes our little community a strong one. We are all for one and one for all.

We extend a warm welcome to J.R. and Wanda Johnson and daughter Ann who recently moved here from McCormick Road. J.R. is a trainman for Santa Fe and belongs to the United Trainmen's Union, Wanda is a member of the union's auxiliary, the Mended Hearts, an organization for those who have had open heart surgery, and the Temple Baptist Church of Amarillo. The family is in the process of becoming members of the Panhandle Boat and Ski Club.

Ann, 19, is currently attending Amarillo College where she is studying to be a nurse. She plans to be married to Sam Richard of Canyon on August 5.

The Johnson s have a lovely double-wide modular home and Wanda says the family is really enjoying the Canyon. She still has some reservations about our "wildlife," but if I were her, I'd be more cautious about those two-legged varmits on wheels that rattle one's windows and teeth as they pass than those varmits which crawl quietly across the ground!

We are always glad to have newcomers to the canyon, but we hate to see older residents move, too. Last weekend the Richard Jackson s moved to Lubbock. Richard will be doing construction work there for Page-Wirt Construction Company on an eight-story addition to the Methodist Hospital. His son, Ricky, who is an apprentice carpenter, will join him and Mrs. Jackson there after he finishes a construction job in Hereford. Daughter, Sherri will be staying with her grandparents in the Palisades, Mr. and Mrs. Earnest Jones, until school is out. She'll then join the family in Lubbock.

The Robert Jackson s will also be moving to Lubbock after Robert finishes a construction job in Texacola. Both families will be back in the Palisades after the addition to the hospital is completed, probably in 2½ years. However, Ricky doesn't plan to wait that long. He'll be back on weekends to ride his bike! By the way Ricky, is your razor dull?

Mr. and Mrs. D.L. Brackeen have a guest in their house this week. She is D.L.'s mother, Gladys from Wichita Falls. The Brackeen s also entertained some other guests outside their house last weekend when they took care of Dora Waldrop's horses while she was away.

Dora, her sister Jewel Davidson from Englewood, California, and Barbara Rhoads of Amarillo joined other relatives this past weekend in Nocona, Texas at a birthday party for Dora's aunt, Alice Morris. Mrs. Morris is 98 years old, and according to Dora, she still does her own housework and occasionally stays alone. She's very active, and at the party she danced a jig and sang "Little Brown Jug" for everyone.

Joe Moss and Jamie Walker traveled to Taos over the weekend to do some skiing. Joe's brother, Jack Wayne Moss and wife Sally, took the boys. They stayed with friends in Taos while the boys stayed in the Adobe Walls Motel there. Sunday they traveled to Angel Fire for more skiing and returned home Sunday about midnight. Joe said the slopes were cold, windy, and icy, but it didn't really bother him until he had to sit in the snow and patch a broken ski! And Jamie didn't run into any telephone poles while he was gone! Congratulations!

Mr. and Mrs. J.R. Horne took Randy Carthel of Palisades and Mike Terry of Amarillo to Houston Friday and returned Monday night. What was going on in Houston? J.R. is a distributor for Penton Central, a motorcycle company. Both Randy and Mike work for him, so he and his wife took them to see the sports show and national ½ mile indoor races in the Astrodome. Also, J.R. had a booth in the show. There were 38,000 people on hand for the races Friday and Saturday night.

On the way home they stopped to spend the night with J.R.'s sister and her husband, the R.T.Normands in Belton.

Oh Yes! Happy anniversary to Buster and Marcella Carlile who have been married 21 years today. And "happy belated birthday" to our president, Bob Walker, who spent his birthday on the 24th fretting about that silly putty he poured — or was that concrete?

District Clerk LaQuita Polvadore is the official custodian of all the records in the two district courts in Canyon. She is in charge of all felony criminal cases, civil cases and tax suits filed in 181st or 47th district court.

Attendant Credited With Quick Action

The quick action of a filling station attendant led Canyon police officers to recovery of stolen credit cards from across the state.

Richard Kirkland, attendant at the Palo Duro Phillips 66 station, alerted police around 7:40 p.m. Saturday when he became suspicious of two men who were getting a car serviced.

Officers said Kirkland called police after the two became nervous when they saw an officer give a ticket near the station.

Kirkland also told officers the men could not pay for a new fan belt and offered to trade other merchandise for the belt.

When Canyon police arrived at the station the two men had escaped on foot, and an all night search by Sheriff deputies, West Texas State University security officers and highway department officer produced no clues as the whereabouts of the suspects.

Police Chief Al Stewart said credit cards, most of them from the Houston area, and a resume and picture of the owner of the car were found in the car.

Investigation of the incident is still underway, according to Stewart.

Sharon Triplett Named Baylor Beauty At Waco

Miss Sharon Triplett, the daughter of Mr. and Mrs. T.T. Triplett, was one of eight Baylor Beauties named Saturday evening on the campus in Waco.

MISS TRIPLET

The announcement was made during a concert by Rare Earth, a music group performing jazz, rock, and blues.

Afterward, the Beauties were honored at a candlelight affair sponsored by Athenaeum, a women's social club. Miss Vonda Kay Van Dyke, Miss America for 1965, entertained. She was one of three judges who evaluated the finalists during a style show and personal interviews.

The eight will be featured in the university's yearbook.

Miss Triplett, 20, is blonde and hazel-eyed. She stands 5 feet six.

A 1970 graduate of Canyon High School, she is a sophomore at Baylor.

You can sell most anything with a want ad. Call 655-2141.

County Teen-Agers Called For Jury Service In 1971

BY ELAINE PEEPLES

Eighteen, nineteen and twenty year olds served on criminal juries in Randall County for the first time last year.

District Clerk LaQuitta Polvadore said the two district judges have interpreted the law to mean that eighteen year olds can serve on criminal juries.

The law sets 21 as the minimum age for service on a civil jury but no age limit is set on criminal jury service.

The names placed in the jury wheel are taken from the list of registered voters, Mrs. Polvadore said.

"We are trying 18 year olds so I feel they have a right to be tried by their peers," she said.

She said there were not a big percentage of registered voters under 21 last year but that she expected more this year.

Mrs. Polvadore said that the cards of the 18, 19, and 20 year olds were marked and were not used for civil cases but they were used for criminal cases.

Filling and maintaining the jury wheel is one of the duties of the district clerk. Between July 1 and August 15, the names of registered voters are placed in the wheel and a jury list is drawn for each week of court.

Once the week is completed, the names of those who actually served on the jury and those with legal exemptions are placed in a sealed envelope.

The names may be replaced in the jury wheel but in Randall County the names are placed in a stub box to be returned to the wheel should the wheel ever be depleted.

Mrs. Polvadore said that the two judges feel that if someone has reported once a year then they shouldn't have to report again until the new jury wheel is made up.

Another duty of the district clerk's office, is recording child support payments as the result of a divorce action.

Last year, just under half million dollars went through the district clerk's office, Mrs. Polvadore said.

The largest single day for child support last year was $7,500 but rarely was there a day when less than $1,000 was collected, Mrs. Polvadore said.

Some of the divorces which resulted in child support payments were decreed in the 1950's, she said.

She also cautioned fathers to make child support payments through the court because there is no other way for the court to have a record of the payments in the case of a contempt action.

"The men make a mistake in paying directly to the recipient," she said.

The clerk's office also maintains and services trust accounts. Most of the accounts involve minors who through some kind of court action have been awarded money, Mrs. Polvadore said.

The money may be awarded as the result of an accident where the child suffered personal injury or to a child as an heir of deceased parents, as two examples, she said.

Most judges order the clerk to deposit the money in a saving and loan association so that it will accrue interest until the child is of age, she said.

The money is deposited under the child's name with the provision that the funds may not be withdrawn without an order of the court.

The clerk's office also is in charge of trust monies received as the result of a tax sale. If the property is sold in excess of the amount of taxes against it, a trust will be set up.

In most cases the owners cannot be located or are deceased and the heirs cannot be located. The money is held in trust for seven years and then is subject to escheat by the state.

The duties of the district clerk are primarily the custodian of records of the district courts, Mrs. Polvadore said.

Nearly half of the civil work in the clerk's office last year was divorces. Of a total of 943 civil cases filed last year, 407 were divorces, Mrs. Polvadore said.

A second district court was formed here in October of 1969. Mrs. Polvadore said that on Jan. 1, 1970, 516 cases were pending on the docket, on Jan. 1, 1971, 517 cases were pending and on Jan. 1, 1972, 518 cases were pending.

"This pretty well shows that we needed the second district court," Mrs. Polvadore said, "because we are maintaining our docket."

Randall County does not have a back-log of cases, she said. There are 18 cases out of 518 on the docket that are more than two years old and many, many courts in the state have cases pending that are five years old, she said.

Mrs. Polvadore has been district clerk since June, 1, 1970. Prior to becoming district clerk she worked in the district attorney's office in Amarillo and for the U.S. Attorney in Anchorage, Alsaka.

Mrs. Polvadore said that when she began work for the U.S. attorney, the transition of changing Alaska from a territory to a state had not been completed.

"The U.S. Attorney handled everything from drunk in public on up then," she said. She was still working for the attorney when the records were transferred to the state.

Mrs. Polvadore and her husband, Kenneth have two children, Teresa, 8, and Brett, 3.

Cleta Names Committees

Billy Earl Dugan was nominated to serve as vice-president and Mrs. R.B. Gist, Jr., as adult leader at a recent meeting of the Cleta 4-H Club in the Bill Dugan home.

The nominations were made to fill vancancies left by the resignation of Chris Wilkinson as vice-president and Mrs. Nancy Wilkinson as leader.

New committees were appointed for 1972.

Billy Earl Dugan is chairman of the program committee. Randy Dugan and Cindy Kay Dugan will serve with him.

Chairman of the finance committe is David Hinders. Sharon Hinders and Rerry Reynolds will work with him.

Ricky Dugan will serve as chairman of the recreation committee and will be assisted by Robert Gist.

Cindy Kay Dugan was accepted as a new club member.

The members voted to go skiing in March.

Others present for the meeting were Gary Reynolds, Mr. and Mrs. Earl Reynolds, R.B. Gist Jr., Mrs. Louis Hinders, and Mr. and Mrs. Bill Dugan.

Hearing Cancelled On Savings Hearing

A hearing on the Panhandle Savings and Loan Application for a branch office in Canyon was cancelled this week because no opposition was registered with the State Department of Banking.

Jack Huddleston, president, said the hearing was set for today, but since no opposition was voiced the hearing will not be heard. Huddleston said he expects a ruling soon from the state commissioner of banking on the application.

A location has not been determined for the office, but the president said about three people will be hired for the local branch.

30 To Ski At Red River

A skiing trip planned by First Christian Church for Feb. 11-13 will probably include about 30 travellers, according to Ken Kendrick.

Kendrick said that the group will ski in the Red River area if the snow is good that weekend. Otherwise, they will plan to ski at Taos.

Skiers will leave Canyon on the afternoon of Feb. 11 and return on Feb. 13.

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO:SAMUEL DAVID HODGES, the father of Michael David Hodges, a minor child Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th District Court of Randall County at the Courthouse thereof, in Canyon, Texas, at 9:00 o'clock A. M., on the 21st day of March, 1972, to show cause, if any, why the above named child, MICHAEL DAVID HODGES, should not be declared by said court to be a "dependent" and "neglected" child, as requested in the petition in this cause, numbered 11596-A on the docket of this court and styled IN THE MATTER OF MICHAEL DAVID HODGES, A MINOR, filed in this court on the 30th day of December, 1971.

A brief statement of the nature of this suit is as follows, to-wit: A suit to have Michael David Hodges, a minor child, declared a "dependent" and "neglected" child, as is more fully shown by Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 5th day of January, 1972.

THE STATE OF TEXAS.
To All Persons Interested in the Estate of Nancy C. Baldwin:

Each of you are cited, required, and commanded to appear before the County Court of Randall County, Texas, at the Court House in Canyon, Texas, at or before 10:00 a.m. of the first Monday after expiration of ten (10) days from the date of service, exclusive of the day of service, the date of service being the date of this publication, which appearance day will be the 14th day of February, 1972, and contest, by filing written answer if any of you see proper to do so, a verified account for final settlement for such estate filed by Connally Lockhart, Administrator of the Estate of Nancy C. Baldwin, now pending on the Probate Docket of said Court styled ESTATE OF NANCY C. BALDWIN, No. 2335, which account will, at 10:00 a.m. on such day and at such place, be considered by such Court. If this citation is not served within ninety (90) days of its issuance, it shall be returned unserved.

Herein fail not, but have you before said Court at or before such hour on the said first Monday after such service is perfected, which will be the said 14th day of February, 1972, this citation with your return thereon, showing how you have executed the same.

WITNESS, LeRoy Hutton, Clerk of the County Court, at office in the City of Canyon, Texas, this 31st day of January, 1972.

Mrs. Eleanor Deckard wore a corsage made of cotton balls at the tea given in her honor Thursday at Rex Reeves Elementary School. Mrs. Deckard was honored on Texas School Nurse Appreciation Day.

Mrs. Deckard Honored At Appreciation Tea

Mrs. Eleanor Deckard, school nurse at Rex Reeves Elmentary School, was honored with a tea Thursday, Texas School Nurse Appreciation Day.

The first grade and kindergarten teachers were hostesses for the tea held in the school library.

The children wrote letters of appreciation to Mrs. Deckard and the teachers decorated her room. The children in the fourth, fifth and sixth grades wrote original songs which were recorded and played at the tea.

All the teachers and administrators at Rex Reeves were present for the tea.

Mrs. Deckard received her RN from Iowa Lutheran Hospital. She came to Amarillo with the Veteran's Hospital and then taught kindergarten in Amarillo for seven years.

She worked at the Killgore Children's Psychiatric Center before coming to Rex Reeves. She has been school nurse at Rex Reeves for four years.

She and her husband, Charles, have two children, a son, John now attending Sioux Falls College in South Dakota, and a daughter, Joan Brackeen of Amarillo.

Saxophonist To Be Featured

Saxophone virtuoso Harvey Pittel, whose career achievements include solo performances with orchestras throughout the United States and Europe, appears in concert Sunday at West Texas State University.

The 27-year-old musician will perform with the WTSU Symphonic Band at 4 p.m. in the Activities Center ballroom. His appearance is sponsored by the university chapter of Kappa Kappa Psi, international band fraternity, in commemoration of the organization's 25th year on the WTSU campus.

Pittel's career as a concert saxophonist began while an undergraduate student at the University of Southern California, where he studied under Franklyn Stokes, and was a featured soloist with the USC wind and symphony orchestras.

He took a Master of Music Degree from Northwestern University, where he participated in a three-month U.S. State Department tour of the Far East as a member of the Northwestern University Saxophone Quartet.

From 1966 to 1969 Pittel was a member of the United States Military Academy Band at West Point and served as soloist and clinician in its touring saxophone quartet.

He won the Fresno Young Artist Award competition in 1970 and placed second the same year in the Concours International D'execution Musicale in Geneva, Switzerland.

Praised for his "bravura control" by Saturday Review's Irving Kolodin, Pittel divides his time between a concert schedule and teaching responsibilities at three Southern California universities.

Pittel, elected to the five-man governing board of the 1970 World Saxophone Congress, says his career ambition is to "present the saxophone to the musical public as the concert instrument it was intended to be — as an eloquent solo voice with symphony or wind orchestra."

The saxophone , he says, "offers the broadest expressive range, the widest variety of tone colors of all the musical instruments, and yet it is only now beginning to acquire the respect it deserves."

After a series of performances with the Boston Symphony Orchestra last year, Boston Globe critic Michael Steinberg hailed Pittel as a musician with "an elegant sense of phrase, vast technical resources, and a beautiful, firmly centered tone that is far removed from the lachrymose and wobbly squall served up by most saxophonists."

With the WTSU Symphonic Band directed by Dr. Gary Garner, Pittel will be featured in performance of Dahl's "Concerto for Saxophone and Wind Orchestra," and Benson's "Concertino."

The band will also perform Samuel Barber's "Comando March" and Markis' "Aigean Festival Overture." Pittel will conduct a saxophone clinic immediately following the concert.

Tickets, priced at $1 for adults and 50 cents for students, will be sold at the door.

Bob McClendon was sworn in as assistant criminal district attorney for Randall County by Judge E.E. (Gene) Jordon Tuesday morning in proceedings in 47th District Court. McClendon, an Amarillo attorney, assumed the duties of his position Tuesday.

Umbarger News

James Starkes Have Girl

BY SUSAN DOLLE

Mr. and Mrs. James Skarke welcomed their sixth child last Friday when Nicole Diane was born at Neblett Hospital. The little girl weighed 8 lbs. 14 oz. She has joined her other brothers and sisters at home: Jackie, Chris, Roxanne, Troy, and Shane. Maternal grandparents are Mr. and Mrs. Matt Albracht of Amarillo; paternal grandparents are Otto Skarke and Mrs. L.L. Bernard.

Mr. and Mrs. Marvin Batenhorst also are parents of a baby girl, born Jan. 31 in Hereford. Karen Sue weighed 6 lbs. The Batenhorsts have another child, Chris, two years old. Grandparents are Mr. and Mrs. Sylvester Batenhorst and Mr. and Mrs. Joe Brorman of Hereford.

Mr. and Mrs. Ed Wieck and Mr. and Mrs. Harry Friemel traveled to Dodge, Nebr. this past weekend for the fiftieth wedding anniversary of their uncle and aunt, Mr. and Mrs. Steve Liekhus. Dodge was the birthplace of Mr. Wieck's and Mrs. Friemel's mother. It has been the first visit in twenty-six years in the Nebraska area for Mr. Wieck.

Miss Angeline Haschke, daughter of Mr. and Mrs. Lee Haschke, was one of the participants in an orchestra concert at Hereford High School Tuesday night. Angeline, a 7th-grade honor student at Stanton Jr. High is studying the violin. She will be entered in a music festival in Amarillo Feb. 26.

Sunday night is THE night for Pistols and Petticoats Square Dancing Club. Tye club will welcome panhandle square dancers to help celebrate their first anniversary. Herrick Allen will be the caller for the dance; additional entertainment will be furnished by club members. Door prizes will be given. Club president, Mr. and Mrs. Bert Wilhelm and all other members are looking forward to seeing everyone there.

Faculty Piano Trio Feb. 20

A composition by a West Texas State University music professor and works by Mozart and Schumann are programmed for performance in concert by the WTSU Faculty Piano Trio Feb. 20 in the Fine Arts Auditorium on campus. The time is 3 p.m.

The Trio, which has performed widely in the Texas Panhandle, includes violinist Dr. Donald Todd, associate professor of music, and cellist Brian Walton and pianist George Eason, both assistant professors of music all of the university.

Featured on the program, which is free to the public, will be Eason's "Nocturne," as well as Mozart's "Trio in B Flat Major" and Schumann's "Trio in d minor."

Organized in 1967, the Trio has performed concerts in four states, and has been featured in performances sponsored by various civic groups and music clubs in the Panhandle.

The Trio's mission is two-fold: the performance of music in a four-state area, and the presentation of string techniques to public school string students.

Todd received bachelor's and master's degrees in music from Northwestern University and a doctorate in musical arts from the University of Illinois.

While a student at Northwestern he received chamber music coaching from Charles Foidart, violist with the Paganini String Quartet until his death.

Prior to accepting a position at WTSU, Todd taught at Eastern Illinois University for 10 years. He has been a member of the Indianapolis Symphony, the Kansas City Philharmonic and the Oklahoma City Symphony.

Now in his fifth year at WTSU, Todd has made numerous solo appearances on radio and television with symphony orchestras throughout the area.

Walton, a native of England, immigrated to the United States during the 1959's. He was a student at the Oberlin Conservatory of Music, where he received a Bachelor of Music Degree.

He pursued graduate studies at the University of Illinois and received a Master of Music Degree there in 1965. He has studied cello with Zara Nelxova at Aspen, Colo., and with Joseph Weigel at the Mozarteum Akademie in Salzburg, Austria.

Prior to coming to WTSU in 1967, Walton was a member of the faculty of Southern Colorado State College. He has been a guest soloist with the Amarillo Symphony.

Eason, born and raised in Corsicana, Tex., completed his formal training at North Texas State University, where he received bachelor's and master's of music degrees. Further study was completed with Howard Walz at the University of Colorado.

Prior to joining the WTSU faculty in 1962, Eason maintained private studios in San Angelo and Denver, and also taught at Harding College in Searcy, Ark. He has served frequently as clinician and adjudicator and has appeared in solo and chamber music recitals in Colorado, Arkansas and Texas.

Indoor Meet Slated Friday

The West Texas State track squad will host Eastern New Mexico State in a indoor dual meet Friday that will open the season for the Buffs.

The meet will begin at 6.30 p.m. in the Activities Center with the field events, while the running events are slated to begin at 7 p.m.

The Greyhounds recently placed ninth in the National Association of Intercollegiate Athletics indoor meet in Kansas City. Coach Bill Silverberg and company have the strongest team they have ever had and it has been strengthened by several standout transfers and foreign students.

— How They Match Up —

Dennis Bethel Joins Ekco Co.

Dennis Loal Bethel of Canyon has joined Ekco Housewares Company as a sales representative, effective immediately.

He will report to Milt Parks, Ekco's South Central Zone Manager. His territory will cover the northwest Texas area.

Prior to joining Ekco, Bethel worked for the Carter's Ink Company as a sales representative.

He was born in Collinsville, Ill. and attended Collinsville High School in Collinsville. He lives in Canyon with his wife Martha and their four children. Dennis age 9, Pamela age 9, Sean age 7, and Meridith age 2.

Rites Held For E.J. Mahler

Funeral services for Eddie John Mahler, 78, of Wayside, have been scheduled for 2 p.m. Friday in the Wayside Methodist Church. Mr. Mahler died early Wednesday in Southwest Osteopathic Hospital of Amarillo.

Officiating at the services will be Rev. E.H. Martin, pastor of the Lakeview Methodist Church at Lakeview, and Rev. Roland Moore, Methodist minister from Tulia.

Burial will be in Dreamland Cemetery. Arrangements are being made by LaGrone Funeral Chapel.

A farmer and stockman, Mr. Mahler had been a resident of Wayside fo 42 years. He was married to Miss Bertha Crow in Tulia in 1934. She passed away April 22, 1971.

Mr. Mahler was a school board member and Sunday School superintendent for many years.

The deceased is survived by two sons, E.G. Mahler of Borger, and Cordell Mahler of Wayside; one daughter, Mrs. LaNora Gusax, of Bilozi, Miss.; three stepchildren, Tom Payne of Umbarger, Bryce Payne of Colorado Springs, and Mrs. Jessie Lane of Wayside; one brother, Charlie Mahler of Wichita Falls, 13 grandchildren and five great-grandchildren.

News Brief

Karen Tow was awarded a radio Monday night as second-high candy salesman in the Amarillo Council of Campfire Girls. The radio, given Karen at the council's annual meeting in Amarillo, was the prize for selling 262 boxes of Camp Fire Girls candy.

New president of the council is Frank C. Jackson of Amarillo.

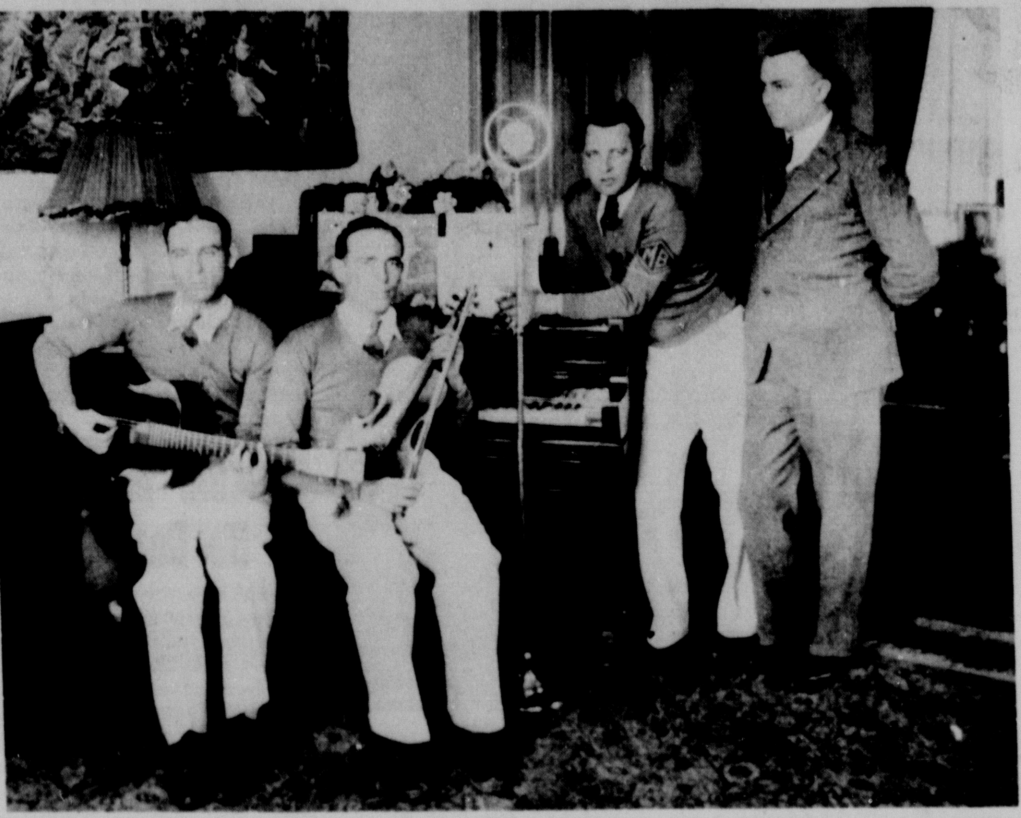
Bob Wills Created Western Jazz, Says Biographer



SOME OF THE LIGHT CRUST DOUGHBOYS in 1932 with future governor of Texas, W. Lee O'Daniel, then president and general manager of Burrus Mills. From the left are Sleepy Johnson, Bob Wills, Milton Brown, and O'Daniel.

BY NELL WILLIAMS

A barber who grew up in Turkey, combined the folk fiddle music of the frontier with Dixieland jazz, and came up with Western swing, is the subject of a biography being written by Dr. Charles R. Townsend, associate professor of history at West Texas State University.

Bob Wills, said his biographer, created a danceable musical combination that would be better called Western jazz.

His book is an effort to put the music Wills created into its right perspective in the history of American music, said Dr. Townsend. The appeal of Wills' music was its jazz quality — jazz on stringed instruments, with jazz's freedom to improvise and to express one's soul, he added.

Dr. Townsend said Wills first performed at a ranch dance in Turkey in 1915. In March of 1970, 55 years later, Wills and his musicians toured California and broke attendance records.

In 1929, Wills was working in Fort Worth, leading his first string band, the Light Crust Dough Boys. Most Texans over 40 can remember the Dough Boys and their broadcasts over the Texas Quality Network for Burrus Mills and for its president and general manager, W. Lee O'Daniel, later governor and senator of the state.

Wills and O'Daniel parted company before the campaign of 1938, which climaxed with a Democratic primary victory over 12 opponents for O'Daniel, but a similar band was a major tool in O'Daniel's electioneering equipment.

Wills left the Dough Boys in 1933 to go to Waco. In Tulsa in 1934, he added jazz instruments to his string band to achieve the swing quality he wanted. By the late 1930's, his music had evolved into something more like the swing of the big dance bands and less like Dixieland. "Swing", said Dr. Townsend, "is just cooled-off jazz."

In 1940, Wills wrote the song that made him famous, "San tonio Rose, "which sold 6 million copies to record buyers. The Bing Crosby waxing alone sold one and a half million — a quarter million in a week's time.

Irving Berlin liked the song and wanted to publish it, but printed words of his own. He recalled this edition when Wills' own printing came out with words by trumpet-player Everett Stover and only a few copies of the Berlin version are in existence. Dr. Townsend has one, which he obtained from Wills' secretary.

With fame, came movie offers. Wills made 28 pictures for MGM and Columbia.

Although World War II broke up his big band, Wills' greatest popularity came after the war.

On May 30, 1970, Gov. Preston Smith and the Texas Legislature formalized a resolution honoring him for his contribution to music. It was his last public appearance, for he suffered a stroke the next day and remains partially paralyzed. He is living in Fort Worth.

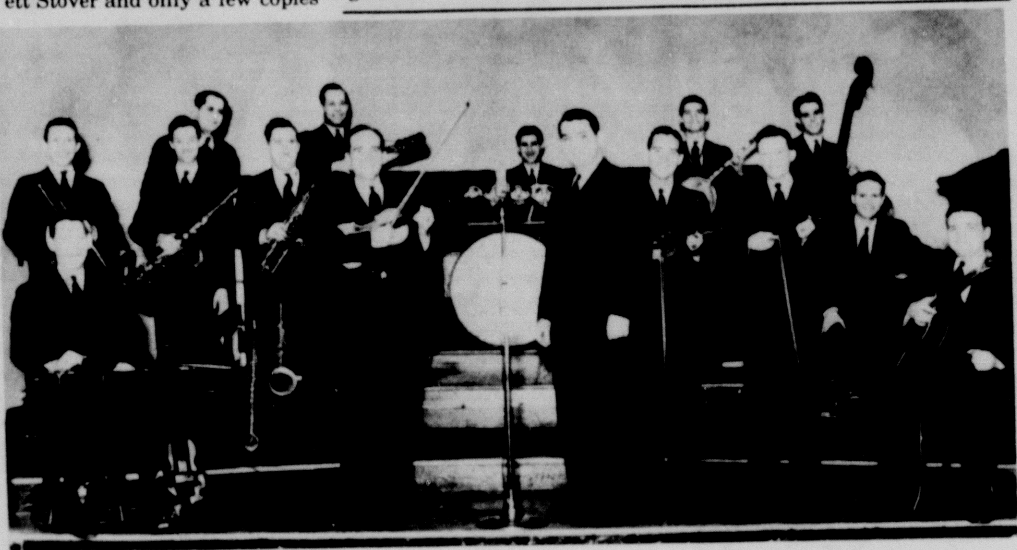
Dr. Townsend said that about 125 or 130 pages of the first draft of his biography has been written. He hopes to complete the draft in the next six months or a year.

Most of the sources he has used are "oral history." He taped interviews with Wills and his wife Betty and with as many band members as he could find.

"You can learn a lot about the American people by learning about their music, he declared. "Our music has variety, and we have never allowed an elitist group to tell us what's good and what's bad.'

The writer teaches a course in American intellectual history at WTSU and devotes about three weeks to playing recorded music for his classes.

DR. TOWNSEND



BOB WILLS AND HIS TEXAS PLAYBOYS IN 1937, after Wills had combined string music and jazz instruments to create the Western swing he originated. Dr. Townsend said that there has been nothing like it before — or since, except after the pattern set by Wills.

"Paracelsus" To Be Shown On WT Foreign Film Series

"Paracelsus," a German film depicting the life and times of the illustrious Swiss doctor, will be presented Feb. 24 at West Texas State University.

The film, in German with English subtitles, will be shown at 1, 3 and 7:30 p.m. in room 101 of the University Complex South. It is the second offering on the WTSU modern language department's Foreign Film Series.

Directed by G.W. Pabst, the film depicts the life of the famed physician whose life and colorful personality have been considered the basis for the Faust legend.

Filmed near Prague, the film depicts Paracelsus of the people.

German actor Werner Krauss is featured in the title role.

The film series is open to members of the WTSU modern languages department. Memberships, priced at $1 are available from Garrett Welch, modern language department chairman. Memberships will also be sold at each film presentation.

Scheduled March 16 on the series is "The Last Year at Marienbad," Alain Resnais' highly acclaimed classic of French surrealism.

Tash To Speak On Drug Abuse

Father Joseph Tash will speak on drug abuse in a program sponsored by the Canyon High School Key Club at 7:30 p.m. Feb. 24 in the high school auditorium.

He will be accompanied by a former drug addict.

Key Clubs from the area, Kiwanis Club members and the general public have been invited to attend. There will be no admission charge.

There is a Better Way
for
Canyon teenagers.

Gene Howe News

School Nurse Honored

BY PAULINE HEFLEY

"HAPPINESS IS HAVING A SCHOOL NURSE LIKE MRS. ELLINOR DECKARD"

Thursday last was the day for School Nurse Appreciation Day, and our gang at Gene Howe really did it up right. Understand all the employees met prior to the start of the school day at the school with coffee and cookies and a big "Thank You" for Mrs. Deckard. A scroll signed by all the employees was presented to Mrs. D. and a flower arrangement — the scroll covers one wall of her office it is so large — and then the sign which read "Happiness if Having a School Nurse like Mrs. Deckard." Aren't we fortunate to have our little Florence Nightingale at Gene Howe and a special thanks to you, Mrs. D. from the parental side of the Gene Howe population.

Welcome back home to our fearless leader, Mr. Luther B. Lawless, who had to make a trip down to DeBerry, Texas, because his father had suffered a heart attack. We are glad to report that Mr. L's father is doing much better and we wish for him a speedy recovery.

Sympathy is extended to the family and friends of J.O. Parker who died this last week. We know he will be missed in the community. We were so impressed with his contribution not only in Canyon proper but all of the Panhandle area. Surely somewhere along the way someone said a big "thanks" to him. He will be missed.

Happy Birthday to one of our Gene Howe teachers, Mrs. Cindy Capps.

A bit of cheer is sent via this by-line to little Billy Kimble who is going to be out of school for a month due to his asthma— he will be current on his school work of course by our homebound teacher.

Congratualtions to the Purple team of the 7th grade basketball that beat Friona Monday eve — they won — 23-13. Those young ladies on the team from Gene Howe area are Tammy Newberry, Linda Ford, and Alexis Hefley. And, we got to see our own Coach Willy McAlpin do his thing in refereeing — he shouted the calls so loud and clear it was the first time I have been able to understand them all season — Thanks to you — Coach — you done good.

A belated congratulations to Ricky Steen who received a trophy for showing his horse in the Randall County Junior Livestock Show. Always nice to have a winner, and we're proud of you, Ricky.

Everyone in the Gene Howe area is certainly in sympathy with the Robert Dustman family whose home literally was burned to a total loss a few days ago. What a terrible experience, and we are sure thinking of the Dustmans at this time.

Did I tell y'all that the Gene Lay family had moved to Amarillo — if not, they have, if so, forget I mentioned it. In any event they will be missed.

Welcome to some new students at Gene Howe — Janna Penny in the fourth grade, Richard Cantwell in the fourth, Bryan Spring in the third, and Cynthia Dail in the sixth.

A get-well wish to Mrs. John (Mary Jane) Reeves, who has been under the weather. Now, Mary Jane, you hurry up and get well and get back to the high school and teach those chilluns how speak French.

Well, our P.T.A. meeting for the Month of February will be a whole new venture — a Spelling Bee — and it all takes place on the 14th of the month at 7:30 in the eve. Our little darlings, aha! Did you catch that — that is an editorial "our" and it really means not our but your — finally got to do that — now, mind you, I ain't so grammarian, but I did know about editorial "wes, yous, etc" — back to the story at hand — our little darlings will spell from the stage and you know the winners that are finally decided at Gene Howe will then go to the County Spelling Bee — so all you kiddoes, get out that little book and practice spelling those words with some member of the family unit. See you there??

And, fellow Gene Howe people, the magic word is still the same this week — "Register" — not your dog, or horse, but to Vote — you'll be doing yourself a real favor with nothing to say for the serendipity.

Now what's happened at your chateau lately — taken say trips, had any parties, had any birthdays, Mother and Daddy had a big argument — no just kidding about that — but seriously, phone me your news — 376-9853 or 352-2089. Thanx...pmh

Ronald Daily New Officer With TAA

Ronald W. Daily of Canyon has been selected as the new secretary-manager of the Texas Angus Association effective this week, according to Albert E. Richmond, president.

Daily is a graduate of West Texas State University and majored in Animal Science, and has been associated with the University as ranch manager.

He received his high school education in Plainview and then attended Sul Ross State College for two years before attending WT. During his senior year he was a member of the Livestock Judging team that won the state contest at Texas A&M and placed second in the national contest in Kansas City, Mo.

He was born on an irrigated farm in Hale County and helped raise beef cattle, dairy cows and hogs as well as feed crops.

His parents now reside in Hurst, and with his new position he and his wife Karen will live in Fort Worth.

McClendon Takes Job As DA Asst

Bob McClendon, a Canyon High School graduate, was sworn in as assistant district attorney Tuesday by Judge E.E. Gene Jordan in 47th District Court.

McClendon replaces Harris Hampton who resigned to open a private law practice in Canyon.

McClendon was born in Randall County and was a former football captain for the Canyon Eagles. He played football two years at West Texas State University.

He completed his undergraduate study at the University of Texas at Austin and graduated with a BBA degree in 1955.

He received an LLD degree from Southern Methodist University and was assistant county attorney in Potter County for one year.

He has been in private practice in Amarillo and Irving, Tex.

McClendon said he planned to continue his private practice in civil cases.

McClendon, his wife Valerie, and their three chiildren live at Route 2, Canyon, near the Palisades.

His parents are Mr. and Mrs. J.C. McClendon of 2714 4th Ave., Canyon.

"Cycle" to most people has something to do with a motor or a bike.

To us, "cycle" has to do with the efficient production of electric power, with efficiency and with conservation of resources.

It's about a unit we'll install in 1973. It's called a Combined Cycle Unit. It utilizes a gas turbine to help create electricity and in so doing, it produces heat. We then use this heat to make steam to run a steam turbine which, in turn, produces electricity. Using these units in combination, we generate more power but with less fuel and water than if each were to be run separately.

So, we do the "cycling" and you'll have the power you'll need at the lowest possible cost. Sounds simple, doesn't it? But, it took lots of planning and lots of engineering know-how to come up with this means of conserving resources and yet producing adequate electricity.

Mrs. Lonny Glen Watson, nee Marcie Dee Loring

Miss Loring, Watson Wed In Tulia Saturday

Miss Marci Dee Loring and Lonny Glen Watson were united in marriage Saturday evening in a double-ring ceremony performed by Rev. Gerald Tidwell in First Baptist Church of Tulia.

The bride is the daughter of Mr. and Mrs. Jack Loring of Tulia.

Watson's parents are Mr. and Mrs. William C. Watson, 2500 Sixth Ave.

Vows were exchanged before a lighted arch and two candle trees, flanked by candelabra filled with white candles and marked with white bows and emerald greenery.

Pews were marked with bows in the colors chosen by the bride, purple and green, and backings of green lemon leaf.

Music was provided by Mrs. Pat George, organist and Miss Nancy Metcalf, pianist, who accompanied Miss Altah Reasonover in "The Twelfth of Never" and "We've Only Just Begun."

Guests were registered by Mrs. Robert Pendleton.

Miss Lisa Loring was her sister's maid of honor. Bridesmaids were Miss Jaimye Crawford and Mrs. Vicki Hall. The attendants wore floor-length dresses of purple and green moonglow crepe and garlands of green satin leaves in their hair. They carried nosegays of carnations, sweetheart roses, and statice.

Candlelighters were Resa Sherrod and Sheree Watson.

Cally Loring was flower girl.

Oran Watson, the groom's brother, was best man. Groomsmen were Mac Hewlett, and Cliff Freeman. The ushers were Bruce Whisenhunt, Jimmy Kirkpatrick, Ken Miller, and Keith Watson.

Ring bearer was Michael Metcalf.

The bride was given in marriage by her parents and escorted to the altar by her father. She chose a formal gown of satin organza with a fitted Empire bodice, Victorian neckline and long, full sheer sleeves. The A-line skirt fell to a lace hemline.

The matching chapel-length veil of illusion was held in place by a lace Camelot coif.

She carried a cascade of orchids and stephanotis on a Bible.

Mr. and Mrs. Watson are both graduates of Tulia High School and attended West Texas State University.

They will live in Dallas, where the bridegroom is employed by the Dallas Police Department.

Rossers Have New Daughter

Capt. and Mrs. Henry E. Rosser have announced the birth of a daughter, Julee LaNelle, Jan. 24 at Martin Army Hospital, Fort Benning, Ga. She weighed 8 pounds and was 20 inches long.

Captain Rosser is a former member of the military science faculty at West Texas State University. He is now attending the Infantry Officer Advanced Course at Fort Benning.

The Rossers have two other children, Kathy, 8, and Clay, 5. They are members of Canyon's Southside Baptist Church.

Where else can you run an ad as in classified? Call 655-2141.

AD Pi Initiates 15 At Banquet

Alpha Delta Pi social sorority initiated 13 pledges and two honorary initiates Sunday following a banquet in the Canyon Community Center.

The pledge class presented songs and a skit before an audience of active, alumnae, and their husbands.

The Best Pledge award went to Miss Brenda Wason.

The pledge class presented an award to Miss Laura Childers as the active who helped the class the most.

Miss Ellen Maniatis and Miss Pam Garrison were recognized for the best Little Sis-Big Sis teamwork.

Miss Diann Elliston's essay on "What Alpha Delta Pi Means to Me" was judged the best written by a pledge.

Highest scholastic average was earned by Miss Patty Gooch, who recorded a 2.4 on a 3.0 scale.

The honorary initiates are Mrs. Thomas Cannon and Mrs. Gary Fletcher, both of Canyon. New members of the campus chapter are Miss Becky Haley, Canyon; Miss Karen Lee, Paducah; Miss Wason, Matador; Miss Maniatis, San Antonio; Miss Gooch and Miss Teresa Goff, Denver City; and Miss Laura Best, Miss Jackie Ermey, Miss Linda Jarrard, Miss Cynthia Knox, and Miss Dana Martin from Pampa.

Wise Buying To Be Subject

Mrs. Thomas W. Hall, Randall County home demonstration agent, and Mrs. Clay Cooper will discuss "Your Food and Clothing Dollar — How to Get the Most Out of It" at a meeting of the American Association of University Women at 2 p.m. Saturday in the home of Mrs. D.R. Park, 1211 Hillcrest.

Co-hostesses for the dessert meeting will be Mrs. Emerson Haraden, Mrs. J.L. Denton, Mrs. Dan Trew, and Mrs. Ada Crager.

Mrs. Tucek Is Speaker

Mrs. Melvin Tucek presented a program on "The Dance" for Chi Upsilon Chapter of Beta Sigma Phi International Jan. 19 in the home of Mrs. Jack Sharp. Mrs. Lewel Johnston was co-hostess.

Mrs. Meade Michael presided over the business meeting and introduced Mrs. Jack Donovan, Mrs. Jim Perry, and Mrs. Jack Crow as special guests.

A report was made on the Feb. 12 Valentine Ball by Mrs. L.H. Benham, social chairman.

The ways and means committee reported the progress of plans for a volleyball tournament slated for Mar. 9, 10, and 11 at the WTSU Fieldhouse.

Mrs. Guy Hamblen reported on the scrapbook committee.

Mrs. Jerry Costley won the door prize.

Others present were Mrs. Randy Mink, Mrs. George Stevens, and Mrs. Carl Sims.

Highland Plans Tour At Airport

A tour of Amarillo Air Terminal on Feb. 9 is planned by the Highland Home Demonstration Club.

The women will meet at 8:30 a.m. in the home of Mrs. Warren R. Thompson, 3600 Lenwood, in Amarillo, and go to the airport in a group. They will tour a jet plane, have lunch, and return to the Thompson home for a business meeting.

The club's Jan. 26 meeting was held in the home of Mrs. James Lamb. Mrs. Sidney Hall, county home demonstration agent, discussed color coordination with emphasis on choosing proper makeup colors.

Present at the last meeting were Mes dames Bob Podzemny, Ervin Podzemny, Bernard Grabber, Clarence Howard, C.R. Howard, Melvin McClure, Jones Hales, Boyd Elliott, Jimmie Janssen, Lamb, and Thompson.

West Talks On Tensions

The Tierra Blanca Chapter of the National Secretaries Association met Jan. 27 to hear Dr. Robert M. West give a program on "Tensions."

He was assisted by his daughter, Nancy.

Four guests were present.

Mrs. Carolyn Sims models a long-skirted hot pants outfit of arnel knit. She is to join other models from Mu Phi Epsilon in a showing of spring fashions at 8 p.m. Monday in Room 202 East of the WTSU Activities Center. Tickets are $1 each and proceeds wiil go for music scholarships.

MR. & MRS. O.V. WELDERT

Welderts Celebrate 25th Year

Mr. and Mrs. O.V. Weldert celebrated their silver wedding anniversary Saturday with a family party.

The Welderts were married Feb. 1, 1947, in Spokane, Wash. They came to Canyon about 13 years ago and Weldert now farms northwest of town.

They have two daughters, Mrs. Ed Hayes of Amarillo andMiss Vanita Weldert, who is a nursing student at Northwest Texas Hospital in Amarillo.

Mission Work To Be Described

A missionary who serves near Zomba, Malawi, Africa, will speak and show slides at the Canyon Hills Church of Christ at 6 p.m. Sunday.

G.B. Shelburne from Namikango Mission will report on the work of the mission and show pictures of the Malawi people, their land, and their culture.

He has worked in the country for 10 years.

The main work at Namikango is in training Malawian church leaders in Bible and related studies, according to Mr. Shelburne.

Don Lacy is minister at the Canyon Hills Church.

3 Initiated Into ZTA

Misses Leta Gill, Linda Dudenhoeffer, and Seleta Abbott were initiated into Zeta Tau Alpha Friday at West Texas State University.

Miss Gill, the daughter of Mr. and Mrs. Joe Gill, 2416 11th Ave., is a freshman and has not chosen her major.

Miss Dudenhoeffer, the daughter of Mr. and Mrs. Paul Dudenhoeffer, is a sophomore majoring in physical therapy.

She was social chairman for the fall pedge class.

Miss Abbott, the daughter of Mr. and Mrs. Clifford J. Abbott, 1103 26th St., is a sophomore majoring in elementary education.

The sorority initiated 19 students. Special initiates into the alumnae chapter were Mrs. C.E. Thompson and Mrs. Weldon Hager.

The members ended Zeta week Sunday by attending worship services at Polk Street Methodist Church, Amarillo.

Band Receives $1,000 Check

Canyon Eagle Band received $1,000 this week from the Lexington Apts. and Motor Inns in Canyon.

The check was presented to band director J.W. King and will be used by the band for the proposed Vienna, Austria trip this summer.

Eagle band has accepted an invitation to the first international music festival in Vienna, and students and parents are working to raise $50,000 for the trip.

The company is building a motor inn on the corner of 15th Street and U.S. 60, and presented the money as a community project.

WHAT IS HISTOPLASMOSIS?

It is a fungus infection of the lungs contracted by breathing contaminated dust. It is more likely to be found in rural areas than in urban, since this fungus affects animals also. It tends to be a comparatively mild, but chronic, sickness. Most cases offer no serious problem.

Its danger is that it can be confused with tuberculosis and some people having it are afraid to go to a physician fearing a tuberculosis diagnosis. Never have any fear when visiting a physician. The least he can do is to help you live longer and more comfortably.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Happy News

Happy Rodeo Set Aug. 17 - 19

BY MARY NEAL HENRY

The Jaycees are busily working on that auction which is this Saturday You can still consign any article to sell, just contact Dean Bryan, Norman Freeman or Lloyd Rahlfs.

Be there about 10:30 or 11 o'clock Saturday morning ready to buy. They'll be rolling about then. The Jaycee-Ettes are going to run a concession. They'll be busy serving you eats and drinks. Those Jaycee-Ettes who attended last week's meeting to plan this were Joy Freeman, Sara Sims, Jeanne Tirey, Judy Shipman, Kay Venhaus, LaVenna Jackson, Dottie Foster and me.

The order of business also included saving Betty Crocker Coupons for the State Jaycee gift; planning to atend a tea in Hereford; sending a donation to the Texas Jaycee Hospital; helping send a girl to Girl's State; and planning to conduct the Heart Drive later this month.

Those who attend that tea in Hereford Sunday given by Hereford Jaycee-Ettes, Local president Joy Freeman, Judy Shipman, Kay, Kay Venhaus, Jeanne Johnson, Skip Simons, Dottie Foster, and LaVenna Jackson. Art work and crafts were displayed and they visited with freidns from Borger and Amarillo as well as Hereford.

The American Legion Auxiliary is working to send a girl or girls to Girls'State. They have received donations from the Woman's Study Club and the Rainbow Assembly in Happy. This group achieves their goal each year.

Tuesday night, the Kress teams played at Happy and those Cowgirls surprised them (and a few of us) by winning 57 to 52 in final seconds of the game. See how easy it is, Cowgirls, just keep your cool.

The boys weren't so lucky for the night. B Team boys lost 59 to 63 although Randy Bell and Tim McNeil played outstanding games and the Varsity lost 64-71. Steve Cole is now unable to play because he hurt his foot by pulling the ligaments in it in last week's game. Those Happy teams have had more foot injuries this season and that one put Steve on crutches for a week. Sorry about that! Steve is the Happy senior who made the All State Football Team. That pleased us! It must surely be the "Age of Aquarius."

Surely glad that it was a Friday night when the basketball teams had to travel to Sudan. They did get home late and were beat in more ways that one. Cowgirls lost 54 to 62. Cowboys lost 46 to 67. But the B Team girls beat them by a score of 41 to 37. Jana Wallace and Rhonda Fellers played an excellent game. That was the B Girls last game and I'd say they finished up in grand style.

The thriller was last Thursday night when our 7th grade boys beat Amarillo Christian. Those little boys decided that they wanted to win that ballgame (I can't tell you why, but you can ask one of them) and they did. At half-time they were behind 6 to 26 or was that the end of the third quarter? And we won 29 to 26. It was some ballgame. It seems that it didn't matter which way J. T. threw the ball the last quarter, it went through the basket. That is the report that came to us.

The part that made the biggest impression on him was that cement floor. He couldn't believe it. I told him he wouldn't have believed what I played ball in the first year that I played either. You can bet, I'll be in Claude for the Junior High Tournament this week-end.

Eighth Grade girls won their game, 32 to 14. Eighth grade boys lost. Better luck next time, Cowboys. This week-end winds up Junior High's basketball season. And we all give Sherry Walker, Coach Lee, Bill Pearson and Steve Cole our gratitude for having worked so diligently with these groups.

Colleen Schaeffer held a paint party last Friday in her home. She and daughter-in-law Pat entertained a big group. Mrs. Lewis Jurcak from Plainview demonstrated painting a ship on pellon and such tricks as using Q-tips for painting the clouds and open tip painting on the sea to make it look rough to Pearl and Jennie Bryan, Dorothy Bryan, Jo Hand, Edna Bassett and Sherry, Mildred Devin, Judy and Mandi Shipman, Bessie McGehee, Lou Doughtery, Vernie Reeves, Barbara and Karen Danner, Ruth and Carolyn and Sabra Boston, Violet Bryan, and Phillis Bryan. Sounded like fun!

Delivering Band Calendar again (and incidentally, if you haven't paid for yours, do it today before you forget. Send it via mail or kids to Betty Wallace.) And learned that Charlyn Hunter is visiting her grandparents, Mr. and Mrs. Jack Sutton. Their son-in-law and daughter, Mr. and Mrs. Richard Hunter attended the Young Farmers Convention in San Antonio a few week-ends ago and Richard was honored as one of the Outstanding Young Farmers. He was third highest in the State. Congratulations! Richard and Sissy also have a son, you know, but this time the granddaughter was getting all the attention. She was visiting by herself.

The Happy Rodeo Association met last Wednesday night and planned to produce the Happy Rodeo August 17,18 and 19. The Junior Rodeo will be held May 19, 20 and 21st. This year Interscholastic Rules have been altered to read that a child may win so much money and still be eligible to participate in High School Activities, so prize money will be added to every event.

We had team ropers from three states participating in the Team Roping last Saturday night in Texas, Oklahoma and New Mexico. We roped (or roped at) 460 steers before Kenny Smith and Tom Price from New Mexico walked away with $800 first place money by team roping 4 steers in 42.6 seconds. Second was only three tenths of a second behind with 4.9 won by Danny Berry and Tom Price. Charlie Price and Jim Cooper won third with 45.5; Fourth, Tuffy Thompson, Happy and Walter Arnold, Silverton, with 48.3; Fifth, Cowboy Johnson, Dimmitt, and Glen Green Hereford, with 49.8; and sixth Phillips Berry and Jim Cooper with 52.9. When Mr. Price paid his entry fees that night, he said, "It sure is expensive to raise boys, but I know where they're at." And you know he did, too. He had them all right there with him and though he paid a large entry fee, he more than doubled it with prize money.

Four places were paid in each go, too. These were won in 7.9 seconds by Lee Gann, and Charlie Richardson; 7.3 seconds by Cowboy Johnson and Tom Blasingame; 6.5 by Cowboy Johnson and Benny Fulgham; and 7.1 by Cowboy Johnson and Tom Blasingame. The only go that Tuffy and Tom roped a steer in 7.1 was the third go and it was only good enough to tie for 3rd and 4th place. I told them to do that in a go that it would win next time. And next time will be February 19. See ya then for another long spell of roping. (The good Lord willin'). This time we paid out $4600 in prize money. It was late enough to go home, but Walter Arnold of Silverton and Benny Fulgham of Clovis beat J. L. Sawyer and Eddie Hanes of Oklahoma in a 4 head matched steer roping. Always a challenge.

Debra McDonald and Sheri Henry went to W.T. the other day and looked at their rooms (they already have them and just couldn't wait) and not only that but registered to vote, in this year's elections.

Sara Tirry, Judy Shipman and I went to a "Tasting Bee" in the home of Mrs. Glenn Yeager, 4400 Gem Lake Road, and given by Zeta Tau Alpha Alumnae Association. They decorated with quilt table cloths and Raggedy Ann and Raggedy Andy dolls. We tasted everything and bought cookbooks (probably gained a few pounds), but all for a good cause. The money will benefit the Children's Rehabilitation Center. Sara and Ora Mary Sims are members of this sorority and Ora Mary sent a cake by us for the tasting. It was delicious.

Judy was supposed to be back by 3:30 for Cub Scouts, but the weather was icy that morning and they called off Scouts, so we just stopped by High Plains Art Gallery and viewed all the western paintings. The one I liked best was "Prairie Mother". You have missed half your life if you haven't been out among the "Prairie Mothers". And this particular one painted by Kenneth Wyatt was a Hereford cow and calf.

Ruth Mann, Dora Ratjen, June Hancock, and Betty and Jeffy Whelchel, and Dick and Phyllis Ratjen spent last weekend in Mansfield with the Jack Ratjens to attend the wedding of Lana Hogg, Jack's step daughter. She became Mrs. Larry Brogdon and he was a quarterback on Ol' Miss's football team this year. He'll be graduating this spring. This was a formal wedding in one of Ft. Worth's Methodist Church's decorated in red and white roses. The attendants were dressed in royal blue , and of course, the bride in white. Lana's brothers were all 4 in it, too. Mark and David ushered and Jacky and Jimmy were both ring bearers. The little boys had on formal wear just like the big ones and wouldn't you like to have seen Jack in a tuxedo. I bet Dora and Ruth got a lot of pictures and I intend to see them.

Happy's best news for the week is that the Fire Department has purchased a new Fire Truck. The volunteer Fire Department worked long and hard on this project. It just happens to be something that all of us had rather not benefit from. It is a Tilt-Cab Ford and a pumper. It'll make every call in country and city and should be lots faster. It is equipped for all types of fires.

Happy's Civil Defense Team is to be commended for participating in that all night search for the lost gentleman, Arthur Roberson. Happy has one of the few search lights around here. Elvern Wallace, Lee Donnell, Carol Sims, Jackie Pyle, Ervin Wilson and Bill Andrews hunted most of the night and though they were unsuccessful, they were appreciated. Mr. Roberson was found the next morning seemingly in very good health.

All you who went to school with Tom and Shirley Payne can help them celebrate Sheila's making the Dean's Honor Roll at Texas A&M in Chemical Engineering. If she were mine, I'd brag. David Womack qualified for the same at Texas Tech with a 3.6 grade point average in psychology. Congratulations, Eddie and Mary.

Grandparents Mr. and Mrs. A.C. Miller gave Greg Phifer a birthday dinner Sunday. LaVelle and Mary and David Phifer were there, Johnny and Betty Miller and their two, Charla and John, Andy Rahlfs, and Eddie Womack. Later that afternoon, Mr. and Mrs. Tommy Womack, Cynthia and Jody and Otis and Helen and Parman joined the group. I think Catherine said that Greg was 8 this party.

Bertie Culp took Viola Buchanan to Fort Worth to be with her step-son Allen, who is critically ill. Faye and Cathy Parker, and Omalee Lawry have been ill with the flu. Dora Ratjen, Ruth Mann and June Hancock came home with the flu also. Harvey Newsom is home from St. Anthony's hospital where they ran tests. He is much better. Lots of sickness.

We celebrated my first column by dining at the Elm Tree Inn last Friday night (doesn't take much of an excuse to eat out, you know) and then we visited Alene Littlefield. She told me how good people had been to her — about the visits, and cards, and food, and the kindnesses and especially the prayers. And then she said, "you know, I'd like to put something in the paper, but not just the same thing everyone else does. I'd like for it to be extra special." I told Alene that MAYBE I could help her out by trying to convey her feelings to all her friends and neighbors. Folks are mighty nice when we do need them most!

Carolyn Dietz and Dorothy Davis of the Jowell H.D. Club and Judy Shipman and Leona Henry and I of the Sunnyhill H.D. Club have spent all day today in Canyon helping outwith the T.H.D.A. Workshop which was a success after the difficulties of the morning were ironed out. A lo t of other Randall County people also worked and our Council Chairman, Amelia Irlbeck, came out grinning and said, "Girls, I didn't ask for next year's District Meeting." We laughed for the moment, but I bet we have it. A little hard work never hurt anyone.

I came home tonight to learn that Copus Boyd had a severe heart attack about 5 this afternoon. This has been one of the hardest columns I'll ever have to write. Copus is the one who drove a mile and a half in the blizzard to pick up Tom and Ken after they'd been lost all day last February 21st, and the Happy Fire Department had come all the way out and were on their way back in the weasel and hadn't found any trace of them. Ervin Wilson said, "It is like driving with your head in a flour sack." But I'd worked with our 2-way radio all day and about 5:30 had picked up Tom's and Ken's voices. They'd been there since 9 that morning. Finally made out where they were and called Copus and he went after them on a tractor. He and Acie Del and Judy kept them that night, fed them supper and breakfast, and helped them get home the next afternoon. It has been hard to concentrate tonight.

Baptists have Brother Paul Heil, pastor of First Baptist Church, Vigo Park, to preach Sunday, February 6, in view of a call. I'll see a lot of you there. But don't wait til Sunday to do your praying.

See ya!
Mary Neal

Girls. . .

played them in Muleshoe. They could give us a hard time," he concluded.

The game will be played at 6.30 p.m. in the Canyon High School Gym Friday.

Li'L. . .

(Continued from Page 1)

Brantley is design director. Neil Hess is in charge of the choreography.

Mike Demus will portray Li'l Abner, and Cindy Williams will star as Daisy Mae. Mammy Yokum will be played by Glenda Holladay, and Greg Reynolds will be Pappy Yokum. Marryin' Sam will be depicted by Gary Cox, and Mike Raillard will be General Bullmoose.

The cast will also include performances by Mike Rinehart, Donnetta Williams, Randy Haygood, Steve Turpin, Frank Garrett, Pat Cannon, Jamie Gallemore, Tony Burrus, and Terry Jo Reynolds.

Rodney Collier, Sharon Freeman, Karen Malzahn, Chris Doss, Don Bentley, Miles Raillard, Judy Carpenter, John Boone, Jerry Hall, Ricky Matthews, Jodie Holladay, Michell Killingsworth, Royal Rugel Brantley, Wayne Ramsey, and Julie Whittington are also to appear.

Others to act in the production are Mike Hughes, Norris Stevens, Karen Pettit, Clifford Prichard, Chuck Wright, Larry Prichard, Randall Smith, Bob Glisar, Roy Markham, Chip Van Pelt, Michelle Miller, Theresa Moore, Marla Phillips, Pam Stribling, Kay Oglesby, Donna Bayless, Donna Stark, Diana Boone, Virginia Branstetter, Georgia Branstetter, and Randy Hall.

Dancers are Julie Brantley, Lauran Fulton, Nancy Winn, Debbie Roberts, Jaycene Bellah, Carol Robinson, Brenda Brooks, Frank Garrett, Terry Williams, Kenny Barton, Richard Smyrl, Lyn Williams, David Lindley, and Mike Hughes.

Poff. . .

(Continued from Page 1)

authorized and passed legislation to assist with nurses training at Northwest Texas Hospital and West Texas State University.

Since the adjournment of the legislature, Poff has been appointed to serve on three interum committees, the Public Education Finance Committee, the Water Development and Conservation Committee and the Oil and Gas Regulation Committee.

Poff earned his BBA degree at Texas Christain University and is a graduate of the University of Texas Law School.

He is a member of the Paramount Baptist Church where he teaches a Sunday School class and serves on the Church Finance Committee.

He has served as a youth athletic coach and is past assistant District Commissioner in the Boy Scouts.

Poff, his wife, Lynda, and their three daughters, live at 6021 Hanson in Amarillo.

Election. . .

(Continued from Page 1)

dents with average or above average potential that for some reason are not achieving that potential," said Mrs. Strickland. "Our object is to bridge that gap between the student's potential and his performance."

Canyon Junior High Principal, David Corey said, "One of the main affects of the program is the self-image that the students acquire after completing this course. It makes them feel equal with their peers, because of this there is a noticeable improvement in the attitudes of these students."

He said that the individualized instruction these students are receiving helps. "The closer we can come to finding the student's weaknesses, the better off we are.

"The program has also helped arouse a new awareness in our teachers. Now they are less likely to look upon a particular student as a failure.

"Teachers are now beginning to use the L/LD methods in their classrooms and can better help their students," he added.

"Truthfully this program was not well accepted originally by the classroom teachers. They were not anti-program, but were probably anti-change like most of us. Now that they have seen the results they are supporting the program," Corey concluded.

Mrs. Strickland said, "We are delighted with the response from the parents and one of the greatest assets is the complete understanding of these parents. We feel like in a small way we have helped parents understand these children."

School superintendent Jerry Jacobs gave a financial report of the program saying that of the $171,990 cost, the expense to the Canyon School District is only $7,520. He said that the state is paying the remaining $163,370.

"These figures do not include custodial expenses, utilities and so forth. But we do receive an additional $660 per teacher for general operating expenses," Jacobs said. This totals $7,920.

Jacobs pointed out that a number of families had moved into the Canyon School District so their children might get into the L/LD Program, but added that there are waiting lists in most areas of the L/LD Program.

"At the present time the program will continue for one more year." But he said that the bill which created the program provides for approximately the same funding after next year.

Miss Wilson Has Birthday

Miss D'Arcy Wilson, the daughter of Lt. and Mrs. Carrol Wilson, Indianapolis, Inc., recently celebrated her second birthday with a party built around a clown theme and featuring a clown-shaped cake.

Lt. Wilson is a former editor of The Canyon News. He is now stationed at Ft. Benjamin Harrison.

GRE Set At WT

Persons preparing for graduate school may take the Graduate Record Examinations (GRE) any of three times remaining during the current academic year.

Testing dates at West Texas State University are Feb. 26, April 22, and June 17.

Deadline for filing for the Feb. 26 testing date is Feb. 8 and the fee is $8 for the aptitude test only, $9 for one advanced test, $17 for both and $3.50 for a late fee charged after Feb. 1.

Deadlines for the April testing date are March 28 without the late fee and April 4 with the $3.50 late fee.

For the June testing date, applications received before May 23 will not incur the late fee. May 30 is the final deadline and the $3.50 late fee will be charged.

Scores of the GRE are usually reported to graduate schools five weeks after a test date. The choice of test dates should be determined by the requirements of the graduate school or fellowship to which one is applying.

Applications and further information can be obtained from the Testing and Counseling Center at West Texas State University.

Miss Canyon Contest Mar. 11

Miss Canyon for 1972 will be crowned March 11 in the auditorium of Canyon High School, according to Mrs. Jim Brown, project chairman for the sponsoring Canyon Study Club.

The evening will begin at 7:30 p.m.

Deadline for entries is 7 p.m. March 1, and the girls will be sponsored by businesses or organizations, which will pay the $10 entry fees.

The pageant is open to girls who attend Canyon High School. Mrs. Bob Kitchens, publicity chairman, said that the club will aid in pairing sponsors and contestants.

The girls and the judges will meet personally at a tea on the afternoon of March 11. Judging is to be based on poise, personality, and appearance, and the entrants are to wear party dresses.

Information can be obtained from Mrs. Jim Brown, 655-7560, or from Mrs. Weymon Brown, 655-4075.

2 Asst. DA's Resign; Begin Private Practice

Randall County's two assistant district attorneys have resigned their positions to open private practices.

Harris H. Hampton resigned effective Monday and has opened a law office at 1406 4th Ave.

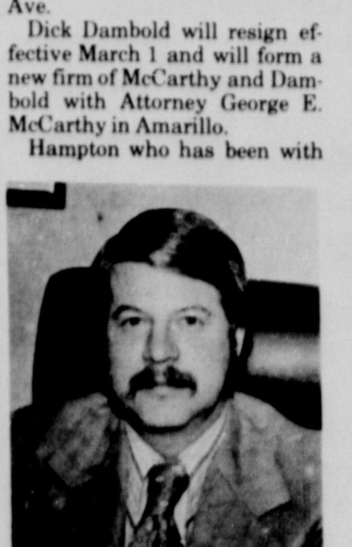
Dick Dambold will resign effective March 1 and will form a new firm of McCarthy and Dambold with Attorney George E. McCarthy in Amarillo.

Hampton who has been with the district attorney's office since Sept. 1, moved to Canyon from Dallas where he was in private practice.

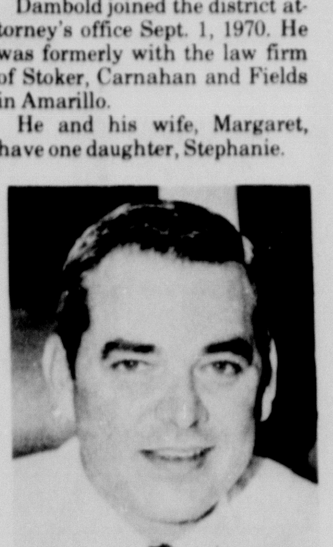
He and his wife, Gloria, and two daughters, Cindy and Kelly, live at 1818 5th Ave.

Dambold joined the district attorney's office Sept. 1, 1970. He was formerly with the law firm of Stoker, Carnahan and Fields in Amarillo.

He and his wife, Margaret, have one daughter, Stephanie.



DICK DAMBOLD



HARRIS HAMPTON

Tidbits here and there

BY CAROL CRAIN

THE DALLAS FASHION MARKET notes that the pant suits have now become classics. Pants will have straight cuffs, blazers will be worn with silk shirts.

Fabrics popular for midsummer will include seersucker. plaid, bright washboard; cleaned and sunfaded materials called "hard times", ginghams, and American traditional in all colors. Gabaradine is also back.

Accessories will include clusters of strawberries, cherries, and daisies made into pins for lapels.

A bunch of violets may peek from a pocket or a single flower may bloom at the neckline or waist.

Other accessories seen on the market include sashes, taffeta scarfs, strands of pearls and skinny belts in neon colors.

Skirts will remain above the knee.

This report was brought back from Dallas by Della Henry and Ramona Elliott.

***

AT THE BOAT AND TRAVEL SHOW were the Merideth Warrens, the Blaine Hufnagles, the Ronnie Hufnagles, and hundreds of other Panhandle residents.

***

AMONG THE LITERATURE given out at the travel show was a brochure on Lake Texhoma. The leaflet describes such upcoming events as the National Sand Bass Festival held in Madill, Oklahoma during the third week in June. It is billed as the World's Largest Free Fish Fry.

Activities for the week include 126 hours of Fishing, daily prizes for largest number of sandies caught, terrapin races, boat races, art show and musical review, beauty pageant, a golf tourney, carnival rides, and a jr. rodeo.

***

UNDER POINTS OF INTEREST in Texas in the Lake Texhoma brochure is listed Fink, Texas, home of the annual National Fink Week.

Fink has a general store, a half dozen houses, church and school.

***

***

TEXAS TRAVEL POINTS of interest in that region include President Eisenhower's Birthplace in Denison and the Sam Rayburn Library located in Bonham.

***

FESTIVITIES SLATED WITHIN THE STATE this month are. Mardi Gras at Freeport and Lake Jackson, Charro Days (an international 3-day fiesta taking place on both sides of the border) in Brownsville, and the Houston Livestock Show and Rodeo.

***

SPEAKING OF TRAVELING the J.D. Stricklands, two of Canyon's outstanding educators, were in California recently. The couple picked up a new trailer there for future jaunts.

***

KENTUCKY was the destination of the J.E. Lows recent trip. Dr. and Mrs. Low visited with son Jon and his family there. Jon is in seminary.

***

AN HAWAIIAN HOLIDAY is being offered to WTSU students, alumnae, and interested friends of the university.

The trip, sponsored by the Student Activities Council, will include 8 fun-filled days (March 26-April 2) of Spring Vacation.

The cost of the trip is $275 inclusive from Dallas, based on 3 sharing a room. A Braniff 737 will carry participants to the island.

The one price includes round trip from Dallas, seven nights at the Imperial Hawaii Hotel, located in the heart of Waikiki, round trip transfers between the airport and the hotel, orientation sightseeing tour, and all taxes and gratuities on the above services.

If you need more information check with Jim Holston, program director (656-2296).

***

MEMBERS OF THE PHOENIX CLUB banquet committee are busy planning this year's affair. Mrs. Billie Erwin is chairman of the committee which includes, Mrs. Bill Sternenberg, Mrs. Dorothy Fletcher, Mrs. L. Louise Box, and Wix Price, Jr.

Phoenix Club members support the university by paying $60 a year into the organization. The tax exempt group is under Hank Brown, Ex-Student Director. For more information on joining the Phoenix Club or its activities check with Hank.

***

THE LANCE VAN SANDTS have adopted a new baby boy, born January 21.

The former coach and his wife will soon be moving to Houston where he will work in the defensive secondary at Rice.

The Van Zandts plan to be in Houston by February 5.

I'll run their address as soon as possible.

***

VIP RECIPE FIND MRS. E.L. SHORT, state representative wife from Tahoka is a busy mother. Two of the Shorts' daughters, Leah and Vivian, are WTSU graduates and Patti is currently attending the university.

Here's Mrs. Short's recipe, yummy ranch biscuits.

RANCH BISCUITS
(Bake at 350 until golden brown)
4½ cups flour
4 t. baking powder
½ t. soda
1 t. salt
¼ c. sugar
½ cup of melted shortening or oil
1 pkg. dry yeast dissolved in ½ c. warm water
2 c. buttermilk

Mix all ingredients, keep refrigerated and use as needed. Two of her other recipes will be featured here later.

WT Gets Permit For Radio Station

The Federal Communications Commission has approved a construction permit for a radio station on the campus of West Texas State University.

Bob Sanders of the WTSU Speech department, said Wednesday morning that the construction permit is the most complex part of approval of the station.

He said that the department hopes to be on the air by April 1.

The speech department has ordered an antenna and a transmitter and as soon as they arrive they will be installed and tested.

Sanders said the studio equipment is already installed in the Fine Arts building where the station will be located.

The FCC will be notified when the construction is completed and WTSU will then fill out an application for a license.

Sanders said that in 10 days to two weeks after the commission receives the application for a license that WTSU should receive authorization to go on the air.

He said that the commission had been written requesting call letters. The departments first choice was KWTS. Other choices sent the commission were KWTU, KWT, KWWT, and KBUF.

The station will be operated by the speech department. The announcers will be students enrolled in the radio workshop. The journalism students enrolled in broadcast newswriting will write the copy for the news casts, Sanders said. The journalism class is conducted by Bruce Roche.

The university began working on plans for the station about a year ago, Sanders said. The station will be an educational channel and will be funded through appropriations to the speech department at WT.

Sanders said that the station would be a low power station, 10 watts, and would cover the WTSU campus and Canyon and possibly ten miles outside Canyon.

He said that the station would primarily cover campus news.

Here is a great idea: Turn idle items into cash with a low cost want ad. Call 655-2141.

Where else can you run an ad as in classified? Call 655-2141.

Sorority Raises Money

BY MARY JO GRIFFIN

Concerning the articles in last week's News about the Canyon High School girls basketball team, I too had been thoroughly disappointed with the lack of coverage. I liked the way Troy Martin covered the games last season and have really missed it this year — but since I am trying to gather just bits of news myself I understand that you can't always catch the right person at the right place and time. And too, I'm a little prejudiced, being one of the mothers and boosters. The girls have had a good season thus far, and the sportsmanship both on the floor and in the stands has been great. We're backing you girls, and boys too. GO EAGLES GO — ALL THE WAY!

Get well wishes go out to Willomay Wicker who is in High Plains Baptist Hospital in Amarillo. We hope she was a speedy recovery.

Eta Epsilon Chapter of Epsilon Sigma Alpha met in the home of Wanda Leith on Tuesday evening for a jewelry fashion show, proceeds going to the Texas State Disaster Fund. Members attending including guests were Martha Hardin, Chairman of the State Disaster Fund, Alene Curry, Bettie Matthews, Joy Dalton, Dorothy Wood, Millie March, Marie Laird, Lottie Hand, Faye Stowe, Bobbye Griffith and Chris Mikel.

Mr. and Mrs. Tom Delashaw visited over the weekend with their daughter Mr. and Mrs. Monty Farr and children at their ranch home near Folsom, New Mexico.

Congratulations to Don Renshaw, son of Mr. and Mrs. John Renshaw, for a second place win with his pig in the Canyon Junior Livestock show.

Mr. and Mrs. F.E. Lesley have recently returned from a ten day stay in Truth or Consequences, New Mexico. They said they had a real good time there.

Mr. and Mrs. Andy Sloan and Shawn, Mr. and Mrs. George Sloan, and Mrs. Bertie Renfro, all of Amarillo were the guests of the R.H. Sims family Sunday to help Rocky celebrate his birthday.

Mr. and Mrs. Benny Hunecutt and children who recently moved to Amarillo from San Antonio were guests of the Jim Hunecutts Saturday. Benny is with Greyhound Bus Service.

Mrs. JoEll Newman, the sweetheart of Theta Pi Chapter of Beta Sigma Phi will be modeling a fashion from White & Kirk in the Western Plaza store Saturday. The sweetheart of each of the twenty nine chapters will be introduced at 2:00 p.m. Saturday, February 5. The proceeds from the Fashion Show will be a part of the Ways and Means Project.

HAVE PHONE — WILL LISTEN to your news from our neighborhood. Somebody else might like to read it, so please call me at 352-2951. Thank You. Mary Jo.

REGISTRATION

Mrs. Gene Shipman registers for a THDA training meeting at a table presided over by Mrs. Tom Henry, Mrs. Ervin Davis, and Mrs. James Dietz.

HD Women To Meet At Pampa During April

Plans for a district meeting in Pampa during April were made at a Texas Home Demonstration Association training meeting Monday in the Canyon Community Center.

The 59 women who registered for the training sessions decided that three workshops should be included in the Pampa meeting.

Citizenship, Health, and Family Life will be the areas for study.

Each of the 20 counties represented is to have a cultural art exhibit at the district session.

Mrs. Charles Warminski of White Deer, District I director, told the group that the state THDA meeting will be in Houston Sept. 12-14. The headquarters will be Astro-World Hotel. A busload of District I delegates is to attend.

The national meeting in Baltimore has been set for Sept. 25-28. The state delegation will be provided a bus from Dallas for the 11-day trip.

Packets on program enrichment and membership building were distributed.

Mrs. O.O. Henry welcomed the group to Randall County.

The meeting opened with group singing led by Mrs. Tom Henry with Mrs. Gene Shipman at the piano.

Registration was directed by Mrs. James Dietz, Mrs. Ervin Davis, and Mrs. Tom Henry.

Here is a great idea: Turn idle items into cash with a low cost want ad. Call 655-2141.

Fire Razes Home In Palisades

A fire razed the home of Mr. and Mrs. Robert Dustman in the Palisades Saturday night and Canyon firemen fought the blaze for five hours.

Five children were in the home when the fire broke out, but all escaped injury, according to firemen at the scene. Damage was estimated around $40,000.

Fire chief Jack Jennings, said the call came in around 10:45 p.m. Saturday, and the house was ablaze by the time trucks reached the house, which is located on the north side of the creek.

Jennings said a garage and an overhead television room were saved, but the remainder of the house was destroyed.

The Dustman family will live in a house owned by the Jimmie Oglesby's until their two-story home can be rebuilt, according to Palisades residents.

Jennings said the Canyon fire units had no difficulty in reaching the fire site in the Palisades, as had been reported earlier in the week.

"We were not slowed down by a locked gate because there was another opening next to the gate and we had no difficulty getting into the addition," Jennings declared.

Firemen did use water from the creek that runs behind the house to fight the fire. Cause of the fire was not known at press time.

Church members at Tanglewood bought the Dustman family clothing and supplies, and residents of Palisades and Tanglewood are collecting items to give to the Dustmans.

Two Will March With Drill Team

Bruce L. Crager and Billy Duane Harp, both Canyon freshmen, will enter competition season this month with Texas A&M's Freshman Drill Team, the defending national champions.

The 37-member team will march in Laredo's Washington Celebration meet Feb. 19.

Since 1968, the team has won the annual National Intercollegiate ROTC Drill Championships at Washington, D.C. during the Cherry Blossom Festival.

Crager, an ocean engineering major, is the son of Mrs. Ada Crager, 407 Holman Lane.

Harp, who is majoring in petroleum engineering, is the son of Mr. and Mrs. Bill E. Harp, Rte. 2.

T-Anchor Meets

The T-Anchor 4-H Club met Jan. 29 at the Farm Bureau Building to work on record books.

Present were Danny Rea, Steve Baker, Joan Fischbacher, Janet Robinson, Dan Watkins, Nancy Horton, Jay Findley, Yvonda Robinson, and a guest, Chris Kennedy.

Adult leader with the group was Cathy Horton.
